COMMONWEALTH INCOME AND LAND TAXES.

COMMONWEALTH INCOME TAX ASSESSMENT ACTS.

6 Geo. V., No. 34, 13 Sept., 1915.

6 Geo. V., No. 47, 15 Nov., 1915.

3. In this Act, unless the contrary intention appears:—

"Absentee" means a person who does not reside in Australia, and includes a person who has been absent from Australia during more than half the financial year in which the income the subject of the assessment was derived, unless he satisfies the Commissioner that he resides in Australia; but does not include a public officer of the Commonwealth or a State who is absent in the performance of his duty.

"Agent" includes every person who in Australia, for or on behalf of any person out of Australia (in this section called "the principal") has the control receipt or disposal of any income belonging to the principal, and every person declared by the Commissioner to be an agent or the sole agent for any person for the purposes of this Act.

"Income from personal exertion" or "income derived by any person from personal exertion" means income derived in Australia consisting of earnings, salary, wages, commission, fees, bonuses, pensions, superannuation allowances, retiring allowances and gratuities not paid in a lump sum, allowances received in the capacity of employee, and the proceeds of any business carried on by the taxpayer either alone or as a partner with any other person.

"Income from property" or "income derived from property" means all income derived in Australia and not derived from personal exertion.

"Taxable income" means the amount of income remaining after all deductions allowed by this Act have been made.

"Taxpayer" means any person chargeable with income tax.

"Trustee" in addition to every person appointed or constituted trustee by act of parties, by order, or declaration of a Court, or by operation of law, includes—

(*a*) An executor or administrator, guardian, committee, receiver, or liquidator, and

(*b*) Every person having or taking upon himself the administration or control of income affected by any express or implied trust, or acting in any fiduciary capacity, or having the possession, control or management of the income of a person under any legal or other disability.

(2.) Any officer who acts in the execution of his office before he has made the prescribed declaration shall be guilty of an offence.

Penalty: Two hundred and fifty pounds.

10. (1.) Subject to the provisions of this Act, income tax shall be levied and paid in and for each financial year upon the taxable income derived directly or indirectly by every taxpayer from sources within Australia during the period of twelve months ending on the thirtieth day of June preceding the financial year in and for which the tax is payable.

11. The following incomes, revenues, and funds shall be exempt from income tax:—

(*a*) The revenue of a municipal corporation or other local governing body or of a public authority;

(*b*) The income of a society registered under a Friendly Societies Act of the Commonwealth or a State and not carried on for pecuniary profit;

(*c*) The income of a trade union or of an association of employers or employees registered under any Act of the Commonwealth or a State relating to the settlement of industrial disputes;

(*d*) The income of a religious, scientific, charitable, or public educational institution;

(*e*) The income derived from the bonds, debentures, stock, or other securities of the Commonwealth issued for the purposes of the *War Loan Act* (*No.* 1) 1915;

(*f*) The income of a provident, benefit, or superannuation fund established for the benefit of the employees in any business;

(*g*) The salary of the Governor-General and the salaries of the Governors of the States; and

(*h*) The official salaries of foreign consuls and the trade commissioners of any part of the British Dominions.

12. With respect to income which, under the last preceding section is exempt from income tax, the exemption shall be limited to the person specified in that section, and shall not extend to the salaries and wages of persons employed by such persons, although such salaries and wages may be paid wholly or in part out of the income revenues or funds so exempt.

13. This Act shall not apply to any person who is on active service during the present war with the military or naval forces of the Commonwealth or any part of the King's Dominions or of an ally of Great Britain so far as regards income derived from personal exertion and earned prior to the commencement of this Act or during the present state of war.

14. The income of any person shall include—

(*a*) Profits derived from any trade or business and converted into stock-in-trade or added to the capital of or in any way invested in the trade or business:

Provided that for the purpose of computing such profits the value of all live-stock, produce, goods and merchandise (not being plant used in the production of income) not disposed of at the beginning and end of the year in which the income was derived shall be taken into account;

(*b*) Dividends, interest, profits, or bonus credited or paid to any member, shareholder, or debenture-holder of a company which derives income from a source in Australia or of a company which is a shareholder in a company which derives income from a source in Australia, but not including a reversionary bonus issued on a policy of life insurance:

Provided that where a company distributes to its members or shareholders any undistributed income accumulated prior to the first day of July one thousand nine hundred and fourteen the sum so received by the member or shareholder shall not be included as part of his income:

Provided further that where a company derives income from a source in Australia and from a source outside Australia a taxpayer shall only be taxable on so much of the dividend as bears to the whole dividend the same proportion that the profits derived by the company from a source in Australia bears to the total profits of the company:

Provided also that amounts carried forward by a company to the credit of the profit and loss account shall not be deemed to be accumulated income.

(*c*) Beneficial interests in income derived under any will, settlement, deed of gift or instrument of trust;

(*d*) Money derived by way of royalty or from bonuses, premiums, fines, or foregifts demanded and given in connexion with leasehold estates;

(*e*) Five per centum of the capital value of land and improvements thereon owned and used or used rent free by the taxpayer for the purpose of residence or enjoyment and not for the purpose of profit or gain, less the interest paid on a mortgage of that land, if the taxpayer satisfies the Commissioner that the mortgage was entered into in good faith;

(*f*) Five per centum of the capital amount of a retiring allowance or gratuity, which is paid in a lump sum;

(*g*) All allowances, gratuities (except retiring allowances and gratuities paid in lump sums) bonuses, and premiums, whether in money or goods or sustenance or land allowed given or granted to a taxpayer in respect of or for or in relation to any employment or service of such taxpayer to the amount of the value of such allowances, gratuities, bonuses and premiums respectively; and

(*h*) A cash prize in a lottery.

15. (1.) In the case of a person selling goods in Australia on account of a person not resident in Australia, or on account of a company not registered in Australia, the principal shall be deemed to have derived from such sale a taxable income equal to Five pounds per centum upon the price at which the goods were sold.

(2.) The person selling the goods shall be assessable on the taxable income as the agent for the principal and shall be personally liable for the payment of the tax to the extent of the tax payable on goods sold by him after the thirtieth day of June one thousand nine hundred and fifteen.

(3.) Goods shall be deemed to be sold in Australia on account of a person not resident in Australia, or on account of a company not registered in Australia, if any person in

Australia receives a commission in respect of the sale of the goods or is paid a salary for obtaining orders for or for influencing the sale of the goods.

16. (1.) For the purpose of ascertaining the taxable income of a company there shall be deducted from the total income, in addition to any other deductions allowed by this Act, so much of the income as is distributed to the members, shareholders, or debenture-holders of the company:

Provided that in the case of a life insurance company there shall also be deducted so much of the income as consists of premiums paid upon the policies issued by the company:

Provided also that a company, notwithstanding any contract, agreement, or arrangement entered into by it, may, with the approval of the Commissioner, charge *pro ratâ* the amount of the tax actually paid by it against those beneficially interested in the income of the company.

(2.) Where, in the opinion of the Commissioner, a company has not in any year distributed to its members or shareholders a reasonable proportion of its income, there shall be included in the income of each member or shareholder, without in any way diminishing the liability of the company, so much of the income of the company which is not distributed in that year as bears to that income the proportion which the interest of the member or shareholder in the paid-up capital of the company bears to the paid-up capital of the company:

Provided that where a company dealing with exported butter distributes within twelve months after the export of any consignment any funds held in reserve for the purpose of insuring regularity of price on that consignment tax shall not be levied on those funds in the hands of the company.

17. In connexion with income derived from mining operations (other than coal mining) carried on in Australia the following provisions shall apply:—

(*a*) The return required by this Act to be made by the person deriving the income in the first place shall show the total income so derived during the financial year in respect of which the return is compiled;

(*b*) The capital expended by the person carrying on the mining operations in necessary plant and development of a mining property from which income has been received (less the distributed and undistributed income derived prior to the financial year beginning the first day of July one thousand nine hundred and fourteen by that person) shall be divided by the estimated number of years during which payable mining operations may be expected to continue under normal conditions, and the quotient thus obtained shall, in addition to any other deductions allowed by this Act, be deducted from the income;

(*c*) Where separate and distinct mining operations are carried on by the same person either alone or in association with any other person and a profit is made on some and a loss is made on others, that person shall be entitled to deduct the sum of the losses from the sum of the profits, and the balance of profits (if any) shall be included in the income of that person.

17A. Where a fire insurance company carrying on business in Australia reinsures risks with a fire insurance company not carrying on business in Australia the income received by the company not carrying on business in Australia in respect of the reinsurances shall be deemed to be derived from a source in Australia, and the company carrying on business in Australia shall be deemed to be the agent of the company not carrying on business in Australia, so far as may be necessary for the purposes of this Act.

18. (1.) In calculating the taxable income of a taxpayer the total income derived by the taxpayer from all sources in Australia shall be taken as a basis, and from it there shall be deducted—

(*a*) All losses and outgoings, not being in the nature of losses and outgoings of capital, including commission, discount, travelling expenses, interest, and expenses actually incurred in Australia in gaining or producing the gross income:

Provided that where a taxpayer employs his sons or daughters over the age of fifteen years in his business such sum as the Commissioner considers reasonable shall be deducted for their services;

(*b*) All rates and taxes, including State and Federal land taxes and State income tax, actually paid in Australia by the taxpayer during the year in which the income was received but not including any tax paid under this Act;

(*c*) Every premium or sum paid by the taxpayer on the insurance on his own life or that of his wife or children or for a deferred annuity or other provision for his wife or children or in respect of any fidelity guarantee or bond, which such taxpayer is required to provide in the exercise of his business:

Provided that in no case shall any deduction be allowed under this paragraph beyond the sum of fifty pounds in the aggregate;

(*d*) Sums expended for repairs to or on that part of any property occupied for the purpose of producing income and for the repair of machinery, implements, utensils, rolling-stock, and articles employed by the taxpayer for the purpose of producing income:

Provided that the sums shall be estimated on the annual average sums expended for such purposes during the year in which the income was derived and the two years immediately preceding it;

(*e*) Such sums as the Commissioner thinks just and reasonable as representing the diminished value per centum by wear and tear, during the year in which the income was derived, of any machinery, implements, utensils, rolling-stock, and articles used by the taxpayer for the purpose of producing income:

Provided that where a deduction has been allowed under paragraph (*d*) of this section the Commissioner shall take into consideration the sum allowed under that paragraph in determining the sum to be allowed under this paragraph:

Provided further that where in any business income is set apart by the taxpayer by way of a fund to cover depreciation under any of the headings mentioned in this paragraph, the amount so set apart for the year in which the income was derived shall, subject to the approval of the Commissioner, be the sum to be deducted for depreciation;

(*f*) The sum actually expended by the taxpayer on food, or the estimated annual value of quarters, provided for an employee (other than a member of the taxpayer's own family under the age of fifteen years) who is employed exclusively in a business yielding an income to the taxpayer;

(*g*) Payments not exceeding fifty pounds in the aggregate, made during the year in which the income was derived by a taxpayer who is in receipt of salary, wages, allowances, stipends, or annuity to superannuation, sustentation, widows or orphans fund or any society duly registered under any Friendly Societies Act of the Commonwealth or a State;

(*h*) Gifts exceeding twenty pounds each to public charitable institutions in Australia and contributions exceeding five pounds in the aggregate in respect of each object of contribution made during the continuance of the present war to any public fund established in any part of the King's Dominions or in any country in alliance with Great Britain for any purpose connected with the present war.

Provided that payments shall not be allowable as deductions under this paragraph unless verified to the satisfaction of the Commissioner;

(*i*) Five per centum of the total amount paid in the year in which the income is derived in respect of calls on the shares of a company carrying on operations in Australia:

Provided that the total amount of calls paid in the year in which the income is derived shall be deducted in the case of calls on shares in a mining company carrying on operations in Australia; and

(*j*) Sums set aside or paid by an employer of labour as or to a fund to provide individual personal benefits, pensions, or retiring allowances to employees:

Provided that the deduction shall not be allowed unless the Commissioner is satisfied that the fund has been established or the payment made in such a manner that the rights of the employees to receive the benefits, pensions, or retiring allowances have been fully secured:

Provided also that if the Commissioner is satisfied that a sum has been so set aside or paid by any person to provide individual personal benefits, pensions, or retiring allowances to employees in any business the person setting aside or paying the sum shall be entitled to deduct it;

6 Geo. V., No. 34, 13 Sept., 1915.

6 Geo. V., No. 47, 15 Nov., 1915.

(*k*) The sum of thirteen pounds in respect of each child, who is under the age of sixteen years at the beginning of the financial year in which the income was received, wholly maintained by any taxpayer who is not an absentee; and

(*l*) Sums paid by way of commission for collecting income.

(2.) The deductions specified in paragraph (*b*) of subsection (1.) of this section, or being sums expended for repairs to or on any property from which rent is received shall be made from the income from property, and all other deductions allowed by this section shall be made from the income from personal exertion:

Provided that if the income from either source does not amount to the sum to be deducted from that source, the balance of the sum to be deducted may be deducted from the income from the other source.

19. (1.) In the case of a person (other than a company or an absentee) there shall be deducted, in addition to the sums set forth in the last preceding section, the following sums:—

(*a*) In respect of the income derived from personal exertion—

(i.) If the income does not exceed five hundred pounds—the sum of one hundred and fifty-six pounds,

(ii.) If the income exceeds five hundred pounds—the sum of one hundred and fifty-six pounds less three pounds for every ten pounds by which the income exceeds five hundred pounds;

(*b*) In respect of the income derived from property—the sum of one hundred and fifty-six pounds less two pounds for every five pounds by which the income exceeds one hundred and fifty-six pounds:

Provided that where the total of the sums so calculated to be deducted under paragraphs (*a*) and (*b*) of this section exceeds one hundred and fifty-six pounds, each of those sums shall be reduced by one-half of the excess.

* * * * * * *

(2.) For the purposes of this section "income" means the income of a taxpayer after allowing the deductions set forth in the last preceding section.

20. A deduction shall not, in any case, be made in respect of any of the following matters:—

(*a*) The cost incurred in the maintenance of any taxpayer, his family, or establishment other than as specified in section eighteen of this Act;

(*b*) Domestic or private expenses;

(*c*) Any loss or expense which is recoverable under any contract of insurance or indemnity;

(*d*) Income carried to any reserve fund or capitalised in any way;

(*e*) Money not wholly and exclusively laid out or expended for the production of income;

(*f*) Rent, or value of or cost or repairs or alterations to any premises or part of premises not occupied for the purpose of producing income;

(*g*) Any bad debts, except bad debts proved to be such to the satisfaction of the Commissioner and to have been incurred in and actually written off by the taxpayer in the year in which the income was derived:

Provided that all amounts at any time received on account of any such bad debts shall be credited in income in the year in which the same were received and be subject to tax:

Provided further that bad debts incurred in the year preceding that in which the income was derived and not proved to be bad and written off until the year in which the income was derived may be deducted if the Commissioner considers they would have been deductible if they had been proved to be bad and actually written off in the year in which the income was derived;

(*h*) Any loss not connected with or arising out of the production of income, or any capital withdrawn from any business producing income, or any sum used or intended to be used as capital in any business, or any capital used in the improvement of premises occupied for the purpose of any business;

(*i*) Any wastage or depreciation of lease or in respect of any improvements on leasehold property, or in respect of any loss occasioned by the expiration of any lease:

Provided that when it shall be proved to the satisfaction of the Commissioner that any taxpayer has paid any fine, premium, or foregift, or consideration in the nature of fine, premium, or foregift for a lease or a renewal of a lease of premises used for the production of income, the Commissioner may allow, as a deduction for the purpose of arriving at the income, the sinking fund according to calculations based on the prescribed tables for the calculation of values required to recoup the taxpayer the amount so paid for the lease or a renewal of the lease;

(*j*) Interest which might have been earned on any capital employed in the production of income, if lent out at interest;

(*k*) Payments made by husband to wife or by wife to husband.

21. Where a taxpayer either alone or with other persons carries on or is interested as a partner in more than one business the income (if any) from which would be taxable, and makes a profit in one or more of such businesses, and a loss in another or others, the taxpayer shall be entitled to deduct the sum of the losses from the sum of the profits.

22. (1.) Every person whose principal place of business is out of Australia and who either as owner or charterer of any ship carries passengers, live stock, mails, or goods shipped in Australia shall by his agent or other representative in Australia, when called upon by the Commissioner by notice published in the *Gazette* or by any other notice, make a return of the full amount payable to him (whether such amount be payable in or beyond Australia) in respect of the carriage of the passengers, live stock, mails, and goods.

(2.) The agent shall be assessed thereon and liable to pay tax on five pounds per centum of the amount so payable.

(3.) When such person has no recognised agent or representative in Australia other than the master of the ship, and the master fails to make any return, the Commissioner may assess such master, and the master shall be liable to pay the tax assessed.

(4.) The Commissioner shall give notice of every such assessment to the master, and the master shall pay the tax assessed prior to the clearance of the ship.

(5.) The Collector of Customs for the State in which the master is called upon to pay the tax shall not grant a clearance and may detain the ship, until he is satisfied that the tax has been paid.

23. When the carrying on of any business involves the exportation of live stock, produce, or other commodities or substances from Australia for sale beyond Australia, before any sale or contract of sale of them at a definite price has been made, the value of such live stock, produce, or other commodities or substances at the time of their export based upon the ruling Australian market value for home consumption of similar goods of similar quality shall be the value for the purpose of ascertaining the total income of such business from the sale of such goods for the purposes of section fourteen of this Act.

24. A company which has at any time before or after the commencement of this Act borrowed money on debentures, shall be deemed to be the agent for each debenture-holder, so far as may be necessary for the purposes of this Act.

25. (1.) Partners shall be assessed and liable in respect of the income derived by them as partners as if it had been derived by a single person, without regard to the respective interests therein or to any deductions to which any of them may be entitled under this Act, and without taking into account any income derived by any one of them separately or as partner with any other person.

(2.) Each partner shall in addition be separately assessed and liable in respect of—

(*a*) His individual interest in the income, together with

(*b*) Any other income derived by him separately, and

(*c*) His individual interests in the income derived by any other partnership.

(3.) Partners shall in no case be deemed in respect of their joint assessment to be absentees; but any of the partners who is an absentee shall be separately assessed and liable under this section as an absentee.

26. (1.) Any person who derives income as a trustee shall be assessed and liable in respect of income tax as if he were beneficially entitled to the income:

COMMONWEALTH INCOME TAX ASSESSMENT ACTS—*continued.*

6 Geo. V., No. 34, 13 Sept., 1915.

6 Geo. V., No. 47, 15 Nov., 1915.

Provided that where he derives income in respect of different trust estates for different beneficial owners who are not for any reason liable to be jointly assessed, the tax payable by him shall be separately assessed in respect of each of these estates:

Provided also that where a trustee also derives income beneficially, he shall be separately assessed for that income, and for the income of which he is trustee, unless for any reason he is liable to be jointly assessed independently of this section.

(2.) A trustee shall in no case be deemed to be an absentee; but any of the beneficiaries who are absentees shall be separately assessed and liable as absentees.

27. (1.) In the assessment of any person (other than a company or a trustee) who derives the income in the first place, there shall be deducted from the total tax assessable to that person so much of the total tax as bears to the total tax the proportion which that part (if any) of the whole income which is distributed to any other taxpayer, who is entitled to receive it as income, bears to the whole income:

Provided that in the assessment of a partnership entered into before the commencement of this Act there shall be deducted from the total tax assessable to the partnership so much of the total tax as bears to the total tax the proportion which that part (if any) of the whole income which is distributed to the partners bears to the whole income.

(2.) In the assessment of a trustee, there shall be deducted from the tax assessable to him so much of the total tax as bears to the total tax the proportion which that part (if any) of the whole income, which is distributed to the beneficiaries, bears to the whole income.

(2A.) For the purposes of subsection (2.) of this section income shall be deemed to be distributed if, in the opinion of the Commissioner, it is held by the trustee for the benefit of a beneficiary, who is a minor, or for the reasonable expenditure of the trust estate.

(3.) Notwithstanding anything contained in section fifty-two of this Act, a trustee is hereby authorised to retain from time to time out of any money which comes to him as trustee, so much as is necessary to pay the tax due by him under this section on so much of the whole income as is not distributed as income to the beneficiaries.

28. (1.) For the purpose of assessment and levy of income tax every person who derived income from sources in Australia during the year beginning on the first day of July, one thousand nine hundred and fourteen, and ending the thirtieth day of June, one thousand nine hundred and fifteen, and during each successive year beginning on the first day of July shall, when called upon by the Commissioner by notice published in the *Gazette,* furnish to the Commissioner in the prescribed manner a return setting forth a full and complete statement of the income derived by him when—

(*a*) In the case of a person not an absentee, the total income from all sources in Australia exceeds the sum of one hundred and fifty-six pounds.

(*b*) In the case of an absentee, the total income from all sources in Australia exceeds the sum of one pound.

(2.) The first assessment of income tax shall be as for the financial year commencing on the first day of July, one thousand nine hundred and fifteen, and each subsequent assessment shall be as for the succeeding financial year:

Provided that nothing in this subsection shall prevent the Commissioner requiring returns to be furnished to him before the commencement of any financial year for which income tax is to be assessed.

(3.) When the income of any person cannot be conveniently returned as for the year fixed by this Act, the Commissioner may accept returns made up to the date of the annual balance of the accounts of such person.

29. (1.) The Commissioner may at any time require any person to furnish a return or a further and fuller return of income either in respect of the whole or any part of income received by such person, whether on his own behalf or as an agent or trustee, and although a return has been previously made by such person for the same annual period.

30. Any return purporting to be made or signed by or on behalf of any taxpayer or person shall be deemed to have been duly made and signed by him until the contrary is proved.

34. The validity of any assessment shall not be affected by reason that any of the provisions of this Act have not been complied with.

35. (1.) The production of any assessment or of any document under the hand of the Commissioner purporting to be a copy of an assessment shall—

(*a*) Be conclusive evidence of the due making of the assessment; and

(*b*) Be conclusive evidence that the amount and all the particulars of the assessment are correct; except in proceedings on appeal against the assessment when it shall be *primâ facie* evidence only.

(2.) The production of any document under the hand of the Commissioner, purporting to be a copy of or extract from any return or assessment, shall for all purposes be sufficient evidence of the matter therein set forth, without producing the original.

36. (1.) As soon as conveniently may be after an assessment is made, the Commissioner shall cause notice in writing of the assessment to be given to the person liable to pay the income tax.

(2.) The omission to give any such notice shall not invalidate the assessment.

37. (1.) A taxpayer who is dissatisfied with the assessment made by the Commissioner under this Act may, within thirty days after service by post of the notice of assessment, lodge an objection in writing with the Commissioner against the assessment stating fully the reason for the objection.

(2.) The Commissioner shall consider the objection, and may either disallow it, or allow it, either wholly or in part.

(3.) The Commissioner shall give to the objector written notice of his decision on the objection.

(4.) A taxpayer who is dissatisfied with the decision of the Commissioner, may, within thirty days after the service by post of notice of the decision of the Commissioner, ask the Commissioner to treat his objection as an appeal, and forward it either to the High Court, the Supreme Court, or a County or District Court of a State, or such other Court as is specified in that behalf by proclamation, as required by the taxpayer.

38. (1.) On the hearing of the appeal, the Court may make such order as it thinks fit, and may either reduce or increase the assessment, and its order shall be final and conclusive on all parties except as provided in this section.

(2.) The costs of the appeal shall be in the discretion of the Court.

39. (1.) The fact that an appeal is pending shall not in the meantime interfere with or affect the assessment appealed from; and income tax may be levied and recovered on the assessment as if no appeal were pending.

(2.) If the assessment is altered on appeal a due adjustment shall be made, for which purpose amounts paid in excess shall be refunded, and amounts short paid shall be recoverable as arrears.

41. (1.) Income tax shall be due and payable thirty days after the service by post of a notice of assessment.

(2.) Where an assessment is amended in accordance with this Act and additional income tax is thereby payable by the taxpayer, the additional income tax shall be due and payable thirty days after the service by post of the notice of amended assessment upon the taxpayer.

42. The Commissioner may in such cases as he thinks fit—

(*a*) Extend the time for payment as he considers the circumstances warrant, or

(*b*) Permit the payment of tax to be made by instalments within such time as he considers the circumstances warrant.

43. If the income tax or additional income tax payable on an amended assessment is not paid before the expiration of the time specified in section forty-one of this Act or such further time as may be allowed by the Commissioner under section forty-two of this Act, additional tax amounting to ten per centum of the tax unpaid shall be payable in addition by way of penalty.

46. The following provisions shall apply in any case where, whether intentionally or not, a taxpayer escapes full taxation in his lifetime by reason of not having duly made full and complete returns:—

(*a*) The Commissioner shall have the same powers and remedies against the executors and administrators of the taxpayer in respect of the taxable income of the taxpayer as he would have had against the taxpayer in his lifetime.

(*b*) The executors and administrators shall make such returns as the Commissioner requires for the purpose of a full assessment.

(*c*) The assessment shall be at the rates payable in respect of years for which the income tax ought to have been paid and the amount shall (where the taxpayer's default was intentional) be treble the amount of the difference between the income tax so assessed and the amount actually paid by the taxpayer, and shall be a first charge on all the taxpayer's estate in the hands of the executors and administrators.

(*d*) No lapse of time shall prevent the operation of this section, and the Commissioner may take all such proceedings and exercise all such powers and remedies for the purpose of giving effect to this section and recovering the treble tax as in the case of ordinary assessments and taxation.

46A. (1.) Where a taxpayer dies on or after the first day of July in any year, and before furnishing a return of his income for the preceding year, his executors or administrators shall furnish a return of the income derived by such deceased taxpayer during the said preceding year, and shall be assessable in respect thereof and shall be chargeable with and pay tax thereon.

(2.) Where the executors or administrators are unable or fail so to furnish a return of such income the Commissioner may estimate same at and may make an assessment of the amount of which in his judgment tax ought to be charged.

47. No statute of limitations at any time in force shall bar or affect any action or remedy for the recovery of income tax.

48. Where a taxpayer makes a default in the payment of income tax, then without in any way relieving him from his liability the following provisions shall apply as long as the default continues:—

(*a*) If the tax is payable in respect of income derived solely or partially from rents, then the lessee or occupier of the property in respect of which the rent is paid shall be responsible for payment of the tax payable in respect of such rent, and it may be recovered from him as if he were the defaulting taxpayer.

(*b*) All payments made under this section by a lessee or occupier shall be deemed to be made on behalf of the defaulting taxpayer:

Provided that the responsibility of the lessee or occupier under this section shall only be to the extent of any rent or payments due by him to the taxpayer at the time of demand made or action brought by the Commissioner, or from time to time accruing due thereafter.

49. Every person who, under the provisions of this Act, pays any income tax for or on behalf of any other person, shall be entitled to recover the same from that other person as a debt, together with the costs of recovery, or to retain or deduct same out of any money in his hands belonging or payable to that other person.

50. Where two or more persons are jointly liable to income tax they shall each be liable for the whole tax, but any of them who has paid the tax may recover contributions as follows:—

(*a*) A person who has paid the tax in respect of any of the taxable income may recover by way of contribution from any other owner thereof a sum which bears the same proportion to the tax as the share of the taxable income of such other person bears to the whole of the taxable income.

(*b*) Every person entitled to contribution in respect of income tax under this section may sue therefor in any court of competent jurisdiction as money paid to the use of the person liable to contribute at his request; or may retain or deduct the amount of the contribution out of any moneys in his hands belonging or payable to the person liable to contribute.

51. Every company which carries on business in Australia shall at all times be represented by a person residing in Australia duly appointed by the company or by its duly authorised agent or attorney, and with respect to every such company and person the following provisions shall apply:—

(*a*) The person so appointed shall for the purpose of this Act be called the public officer of the company.

(*b*) The company shall keep the office of public officer constantly filled and no appointment of a public officer shall be deemed to be duly made until after notice thereof in writing, specifying the name of the officer and address for service, has been given to the Commissioner.

(*c*) If the company fails or neglects to duly appoint a public officer when and as often as such appointment becomes necessary, it shall be guilty of an offence.

Penalty. Fifty pounds for every day during which the failure or neglect continues.

(*d*) Service of any document at the address for service or on the public officer of a company shall be sufficient service upon the company for all the purposes of this Act or the regulations, and if at any time there is no public officer then service upon any person acting or appearing to act in the business of the company shall be sufficient.

(*e*) The public officer shall be answerable for the doing of all such things as are required to be done by the company under this Act or the regulations by a taxpayer, and in case of default shall be liable to the same penalties.

(*f*) Everything done by the public officer which he is required to do in his representative capacity shall be deemed to have been done by the company. The absence or non-appointment of a public officer shall not exclude the company from the necessity of complying with any of the provisions of this Act or the regulations, or from the penalties of the section on the failure to comply therewith, but the company shall be liable to the provisions of this Act as if there were no requirement to appoint a public officer.

52. With respect to every agent and with respect also to every trustee, the following provisions shall apply:—

(*a*) He shall be answerable as taxpayer for the doing of all such things as are required to be done by virtue of this Act in respect of the income derived by him in his representative capacity and the payment of income tax thereon.

(*b*) He shall in respect of such income make the returns and be assessed thereon, but in his representative capacity only, and each return and assessment shall, except as otherwise provided by this Act, be separate and distinct from any other.

(*c*) If he is an executor or administrator, the returns shall be the same as far as practicable as the deceased person, if living, would have been liable to make.

(*d*) Where as agent or trustee he pays income tax, he is hereby authorised to recover the amount so paid from the person in whose behalf he paid it, or to deduct it from any money in his hands belonging to that person.

(*e*) He is hereby authorised and required to retain from time to time out of any money which comes to him in his representative capacity so much as is sufficient to pay the income tax which is or will become due in respect of the income.

(*f*) He is hereby made personally liable for the income tax payable in respect of the income if, after the Commissioner has required him to make a return, or while the tax remains unpaid, he disposes of or parts with any fund or money which comes to him from or out of which income tax could legally be paid, but he shall not be otherwise personally liable for the tax:

Provided that the Commissioner may, upon application by the agent, permit disposal of such fund or money or part thereof as he considers necessary.

(*g*) He is hereby indemnified for all payments which he makes in pursuance of this Act or by requirements of the Commissioner.

(*h*) For the purpose of insuring the payment of income tax the Commissioner shall have the same remedies against attachable property of any kind vested in or under the control or management or in the possession of any agent or trustee, as he would have against the property of any other taxpayer in respect of income tax, and in as full and ample a manner.

53. Every contract, agreement, or arrangement made or entered into, in writing or verbal, whether before or after the commencement of this Act, shall, so far as it has or purports to have the purpose or effect of in any way, directly or indirectly—

(*a*) Altering the incidence of any income tax; or

(*b*) Relieving any person from liability to pay any income tax or make any return; or

58. Any person who—

(*a*) Fails or neglects to duly furnish any return as and when required by this Act or the regulations, or by the Commissioner; or

(*b*) Without just cause shown by him refuses or neglects to duly attend and give evidence when required by the Commissioner or any officer duly authorised by him, or to truly and fully answer any questions put to him, or to produce any book or papers required of him by the Commissioner or any such officer; or

(*c*) Knowingly and wilfully makes or delivers any false return, or makes any false answer, whether verbally or in writing, in relation to any matter or thing affecting his own or any other person's liability to or exemption from assessment of income tax,

shall be guilty of an offence.

Penalty: One hundred pounds.

59. (1.) Notwithstanding anything contained in the last preceding section, any person who fails or neglects to duly furnish any return as and when required by this Act or the regulations or by the Commissioner, or fails to include any assessable income in any return shall, if a taxpayer, be liable, except as provided in this section, by way of additional tax to pay an amount of ten per centum of the amount of tax assessable to him in addition to any additional tax which may become payable by him in accordance with section forty-three of this Act:

Provided that the Commissioner may, in any particular case, for reasons which he thinks sufficient remit the additional tax or any part thereof.

60. Any person who, with intention to defraud, in any return understates the amount of any income, shall be guilty of an indictable offence.

Penalty: Five hundred pounds and an amount equal to treble the amount of income tax which would have been avoided if the income stated in the return had been accepted as the correct income.

61. Any person who, by any wilful act, default, or neglect, or by any fraud, art, or contrivance whatever, avoids or attempts to avoid assessment or taxation, shall be guilty of an indictable offence.

Penalty: Five hundred pounds and treble the amount of tax payment whereof he has avoided or attempted to avoid.

62. Payment of penalties under this Act shall not relieve any person from liability to assessment and payment of any tax for which he would otherwise be liable.

63. Whoever aids, abets, counsels, or procures, or by act or omission is in any way directly or indirectly knowingly concerned in the commission of any offence under this Act, shall be deemed to have committed that offence, and shall be punishable accordingly.

"Owner," in relation to land, includes every person who jointly or severally, whether at law or in equity—

(*a*) Is entitled to the land for any estate of freehold in possession; or

"Taxpayer" means any person chargeable with land tax.

"Improved value," in relation to land, means the capital sum which the fee-simple of the land might be expected to realise if offered for sale on such reasonable terms and conditions as a *bonâ fide* seller would require.

"Unimproved value," in relation to land, means the capital sum which the fee-simple of the land might be expected to realise if offered for sale on such reasonable terms and conditions as a *bonâ fide* seller would require, assuming that the improvements (if any) thereon or appertaining thereto and made or acquired by the owner or his predecessor in title had not been made.

"Value of improvements," in relation to land, means the added value which the improvements give to the land at the date of valuation irrespective of the cost of the improvements:

Provided that the added value shall in no case exceed the amount that should reasonably be involved in bringing the unimproved value of the land to its improved value as at the date of assessment.

"Company" includes all bodies or associations corporate or unincorporate.

10. (1.) Subject to the provisions of this Act, land tax shall be levied and paid upon the unimproved value of all lands within the Commonwealth which are owned by taxpayers, and which are not exempt from taxation under this Act.

(3.) Every part of a holding which is separately held by any occupier, tenant, lessee, or owner, shall be deemed to be a separate parcel.

12. Land tax shall be charged on land as owned at noon on the thirtieth day of June immediately preceding the financial year in and for which the tax is levied:

Provided that an owner of the land who, before the thirtieth day of September, one thousand nine hundred and ten, has sold or agreed to sell or conveyed part of the land or has sold or agreed to sell or conveyed all the land to different persons, shall, if the Commissioner is satisfied that the sale agreement or conveyance was *bonâ fide* and not for the purpose of evading the payment of land tax, be separately assessed for the year ending on the thirtieth day of June, one thousand nine hundred and eleven, in respect of the land so sold or agreed to be sold or conveyed to any one person, and be charged with land tax in respect of that land as if it were the only land owned by him.

14. With respect to land which, under the last preceding section, is exempt from land tax—
- (*a*) The exemption shall be limited to the owner specified in that section, and shall not extend to any other person who is the owner of any estate or interest in the land; and
- (*b*) In the case of land owned by or vested in the Crown on any express or implied trust, the person entitled in equity to the rents and profits of the land shall, for the purposes of this Act, and to the extent to which he is so entitled, be deemed to be the owner of the land and be liable to land tax in respect thereof.

15. (1.) For the purposes of the assessment and levy of land tax, every taxpayer shall in each financial year, in the prescribed manner, and within the prescribed time, furnish returns setting forth a full and complete statement of all land owned by him at noon on the thirtieth day of June then last past, and of the improved value and unimproved value of every parcel thereof, with such other particulars as are prescribed:

Provided that, except as otherwise required by the Commissioner or prescribed, a taxpayer who in any financial year has furnished the full returns above mentioned may in each of the two succeeding years furnish, in lieu of such full returns as above mentioned, supplementary returns setting out a full and complete statement of all land of which he has become or ceased to be the owner since the thirtieth day of June preceding the date of the last full return, and of the improved and unimproved value of every parcel thereof, with such other particulars as are prescribed.

(2.) In addition to the returns specified in the last preceding subsection, every person, whether a taxpayer or not, shall, as and when required by the Commissioner, make such further or other returns as the Commissioner requires for the purposes of this Act.

17. (1.) The Commissioner may, if, as, and when he thinks fit, make or cause to be made valuations of any land.

(2.) The Commissioner may obtain and use as valuations, or for the purpose of preparing valuations, any valuations made by or for any State or any authority constituted under a State.

18. From the returns and valuations so made, if any, and from any other information in his possession, or from any one or more of those sources, and whether any return has been furnished or not, the Commissioner shall cause assessments to be made for the purpose of ascertaining the amount upon which land tax shall be levied.

19. If—
- (*a*) Any taxpayer or person makes default in furnishing any return; or
- (*b*) The Commissioner is not satisfied with the return made by any taxpayer or person; or
- (*c*) The Commissioner has reason to believe that any person (though he may have furnished no return) is a taxpayer,

the Commissioner may make an assessment of the amount on which, in his judgment, land tax ought to be levied, and the taxpayer or person shall be liable to land tax thereon, excepting so far as he establishes, on appeal, that the assessment is excessive.

(2.) For the purposes of this section the Commissioner may, *inter alia*—
- (*a*) Place on or remove from an assessment the name of any person, or the particulars or valuation of any land, or
- (*b*) Increase or reduce the assessed value of any land.

22. The validity of any assessment shall not be affected by reason that any of the provisions of this Act have not been complied with.

25. (1.) The owner of any freehold estate less than the fee-simple (other than an estate of freehold arising by virtue of a lease for life under a lease or an agreement for a lease) shall be deemed to be the owner of the fee-simple, to the exclusion of any person entitled in reversion or remainder:

Provided that, for the purpose of the assessment of a legal tenant for life of land, without power to sell, under a settlement made before the first day of July, one thousand nine hundred and ten, or under the will of a testator who died before that day, the unimproved value of the land shall be calculated upon the basis of the rent which he obtains for the land, or which, if he let the land, he ought reasonably to be able to obtain so that the unimproved value of the land shall be taken to be equal to the unimproved value of land owned in fee-simple which would produce the same rent; and for the purpose of this section rent, in the case of improved land, means so much of the whole rent as bears to the whole rent the proportion which the unimproved value of the land bears to the improved value.

(2.) In this section "tenant for life" includes—
- (*a*) A tenant for the life of another;
- (*b*) A tenant for his own or any other life whose estate is liable to cease in any event during that life;

* * * * * * *

26. 27. (1.) The owner of a leasehold estate in land, under a lease made or agreed to be made after the commencement of this Act, not being a lease made in pursuance of an agreement made before the commencement of this Act, shall be deemed (though not to the exclusion of the liability of any other person) to be the owner of land of an unimproved value equal to the unimproved value of his estate:

Provided that where the owner of a leasehold estate has, within five years previously, been the owner of a freehold estate in the land he shall be assessed and liable to land tax as if he were the owner of the fee-simple.

(2.) He shall be entitled to deduct from the tax payable by him in respect of the unimproved value of his estate an amount equal to the sum of—
- (*a*) The amount which bears the same proportion to the tax payable in respect of the land by the owner of any freehold estate as the unimproved value of the leasehold estate bears to the unimproved value of the land, and
- (*b*) The amount which bears the same proportion to the tax payable in respect of the unimproved value of any precedent leasehold estate as the unimproved value of the leasehold estate bears to the unimproved value of the precedent leasehold estate.

*(3.) Notwithstanding anything in this section, where the owner of the fee-simple is exempt under sections thirteen or forty-one of this Act from taxation in respect of the land or the lease is a lease from the Crown, a lessee of the land shall be assessed and liable for land tax as if the lease were made before the commencement of this Act, and not otherwise.

(4.) For the purposes of this section—
- (*a*) The unimproved value of a leasehold estate means the present value of the annual value of the land calculated for the unexpired period of the lease at four and a-half per centum, according to calculations based on the prescribed tables for the calculation of values;
- (*b*) The annual value of land means four and a-half per centum of the unimproved value of the land:

  Provided that the Commissioner may from time to time, if he thinks fit, alter the rate per centum upon which the calculations in this section are based; and
- (*c*) The owner of a leasehold estate includes the lessee of land for life under a lease or agreement for a lease.

The owner of a freehold estate in land who or whose predecessor in title has before the commencement of this Act entered into an agreement to make or granted a lease of the land shall, for the purpose of his assessment under this Act, be entitled, during the currency of the lease, to have the unimproved value (if any) of the lease deducted from the unimproved value of the land.

(2.) The owner of a leasehold estate in land, under a lease made or agreed to be made before the commencement of this Act, shall be deemed to be, in respect of the land, the owner of land of an unimproved value equal to the unimproved value (if any) of his estate; but if he has, before the commencement of this Act, entered into an agreement to make or granted a lease of the land, he shall be entitled, during the currency of that lease, to have the unimproved value (if any) of that lease deducted from the unimproved value of his estate:

Provided that where the owner of the leasehold estate has, within three years before the commencement of this Act, been the owner of a freehold estate in the land, he shall be assessed and liable to land tax as if his leasehold estate had been under a lease made after the commencement of this Act.

(3.) For the purposes of this section—

(*a*) The unimproved value of a lease or leasehold estate in land means the value of the amount (if any) by which four and a-half per centum of the unimproved value of land exceeds the annual rent reserved by the lease, calculated for the unexpired period of the lease at four and a-half per centum, according to the calculations based on the prescribed tables for the calculation of values:

Provided that the Commissioner may from time to time, if he thinks fit, alter the rate per centum upon which the calculations in this section are based;

(*b*) Rent, in the case of a lease of improved land, means so much of the whole rent as bears to the whole rent the proportion which the unimproved value of the land at the date of the lease bore to the improved value:

Provided that, where onerous conditions for constructing buildings, works, or other improvements upon the land, or expending money thereon, are imposed upon the lessee, or where any fine, premium, or foregift, or consideration in the nature of fine, premium, or foregift, is payable by the lessee, the Commissioner may assess the amount (if any) which ought, for the purposes of this section, to be added to the value of the rent in respect thereof, and the value of the rent shall be deemed to be increased by that amount accordingly;

(*c*) The owner of a leasehold estate includes the lessee of land for life under a lease or an agreement for a lease.

29. Notwithstanding anything in the last two preceding sections, the owner of a leasehold estate under the laws of a State or part of the Commonwealth relating to the alienation or occupation of Crown lands or relating to mining (not being a perpetual lease or a lease with a right of purchase or a lease of land to be used for pastoral grazing or cultivation purposes or a homestead lease or a mining lease or a timber lease) shall not be liable to assessment or taxation in respect of the estate, and the owner of a leasehold estate under any such laws for a term not greater than one year certain shall not be so liable:

Provided that in the assessment of the unimproved value of a lease the value of any metals or minerals or other rights reserved to the Crown shall be excluded.

30. A covenant or stipulation in a lease or agreement for a lease of land, which has or purports to have the purpose or effect of imposing on the lessee the obligation of paying taxes on the land—

(*a*) If the lease or agreement was made before the commencement of this Act—shall not be valid to impose on the lessee the obligation of paying land tax to any greater amount than the amount (if any) which would have been payable by the lessee if he had been the owner of the land included in the lease and of no other land; and

(*b*) If the lease or agreement was made after the commencement of this Act—shall be absolutely void.

31. No deduction from the unimproved value of any land shall be allowed in respect of any mortgage to which the land is subject, or in respect of any unpaid purchase money; and a mortgagor shall be assessed and liable for land tax as if he were the owner of an unencumbered estate.

32. A mortgagee, or other person owning any estate or interest in land by way of security for money, shall not be liable to land tax in respect of that mortgage, estate, or interest:

Provided that a mortgagee in possession of land, or any other person in possession of land by way of security for money, shall so long as such possession continues (though not to the exclusion of any other person) be deemed to be the owner of the land; and the mortgagor shall be deemed to be the primary taxpayer, and the mortgagee in possession to be the secondary taxpayer; and there shall be deducted from the tax payable by the latter in respect of the land such amount (if any) as is necessary to prevent double taxation:

Provided further that the last preceding proviso shall not apply—

(*a*) To any mortgagee or person in possession whose possession began before the first day of July, one thousand nine hundred and ten; nor

(*b*) To any mortgagee or person in possession until a period of three years after he has entered into possession;

but any such mortgagee or person in possession shall, if the mortgagor makes default in the payment of land tax in respect of the land, be responsible for the payment of the tax due by the mortgagor, which payment shall be deemed to be made by him on behalf of the mortgagor.

33. (1.) Any person in whom land is vested as a trustee shall be assessed and liable in respect of land tax as if he were beneficially entitled to the land:

Provided that where he is the owner of different lands in severalty, in trust for different beneficial owners who are not for any reason liable to be jointly assessed, the tax so payable by him shall be separately assessed in respect of each of those lands:

Provided also that when a trustee is also the beneficial owner of other land, he shall be separately assessed for that land, and for the land of which he is a trustee, unless for any reason he is liable to be jointly assessed independently of this section.

* * * * * * *

(2.) A trustee shall in no case be deemed to be an absentee; but any of the beneficiaries who are absentees shall be separately assessed and liable as absentees.

36. (1.) Land owned by a married woman for her sole and separate use shall be liable to assessment and taxation as if she were unmarried.

(2.) Where—

(*a*) A husband has directly or indirectly transferred land to or in trust for his wife, or

(*b*) A wife has directly or indirectly transferred land to or in trust for her husband,

(they not being judicially separated), the husband and wife shall, unless the Commissioner is satisfied that the transfer was not for the purpose of evading land tax, be deemed to be joint owners of all the land owned by either of them:

Provided that this subsection shall not apply to settlements made before the thirtieth day of September, one thousand nine hundred and ten.

37. (1.) Where, before or after the commencement of this Act, an agreement has been made for the sale of land, whether the agreement has been completed by conveyance or not—

(*a*) The buyer shall be deemed to be the owner of the land (though not to the exclusion of the liability of any other person) so soon as he has obtained possession of the land; and

(*b*) The seller shall be deemed to remain the owner of the land (though not to the exclusion of the liability of any other person) until possession of the land has been delivered to the purchaser and at least fifteen per centum of the purchase money has been paid:

Provided that the Commissioner may exempt the seller from the provisions of this section, if he is satisfied that the agreement for sale has been made in good faith, and not for the purpose of evading the payment of land tax, and that the agreement is still in force; as to all which matters the decision of the Commissioner shall be final and conclusive.

COMMONWEALTH LAND TAX ASSESSMENT ACTS—*continued.*

1 Geo. V., No. 22, 17 Nov., 1910.

2 Geo. V., No. 12, 18 Dec., 1911.

3 Geo. V., No. 37, 24 Dec., 1912.

5 Geo. V., No. 29, 21 Dec., 1914.

(2.) In estimating the amount of purchase money which has been paid, all money—

(*a*) Owing by the purchaser to the seller, and secured by any mortgage or charge on the land; or
(*b*) Lent to the purchaser by the seller; or
(*c*) Owing by the purchaser to any other person, and directly or indirectly guaranteed by the seller,

shall be deemed to be unpaid purchase money.

(3.) When by virtue of this section the buyer and seller of any land are both liable for land tax in respect thereof, the buyer shall be deemed to be the primary taxpayer, and the seller to be the secondary taxpayer; and there shall be deducted from the tax payable by the seller in respect of the land such amount (if any) as is necessary to prevent double taxation.

38. (1.) Joint owners of land shall be assessed and liable for land tax in accordance with the provisions of this section.

(2.) Joint owners (except those of them whose interests are exempt from taxation under section thirteen or section forty-one of this Act) shall be jointly assessed and liable in respect of the land (exclusive of the interest of any joint owner so exempt) as if it were owned by a single person, without regard to their respective interests therein or to any deductions to which any of them may be entitled under this Act, and without taking into account any land owned by any one of them in severalty or as joint owner with any other person.

(3.) Each joint owner of land shall in addition be separately assessed and liable in respect of—

(*a*) His individual interest in the land (as if he were the owner of a part of the land in proportion to his interest), together with
(*b*) Any other land owned by him in severalty, and
(*c*) His individual interests in any other land.

(4.) The joint owners in respect of their joint assessment shall be deemed to be the primary taxpayer, and each joint owner in respect of his separate assessment to be a secondary taxpayer; and from the tax payable, in respect of his interest in the land, by each joint owner under the last preceding subsection, there shall be deducted such amount (if any) as is necessary to prevent double taxation.

(5.) Joint owners shall in no case be deemed in respect of their joint assessment to be absentees; but any of them who is an absentee shall be separately assessed and liable, under this section, as an absentee.

(6.) This section shall not apply in the case of joint owners who have made partition of their interests since the thirtieth day of June, one thousand nine hundred and ten, and before the thirtieth day of September, one thousand nine hundred and ten.

(7.) Where, under a settlement made before the first day of July, one thousand nine hundred and ten, or under the will of a testator who died before that day, the beneficial interest in any land or in the income therefrom is for the time being shared among a number of persons, all of whom are relatives of the settlor or testator by blood, marriage, or adoption, in such a way that they are taxable as joint owners under this Act, then, for the purpose of their joint assessment as such joint owners, there may be deducted from the unimproved value of the land, instead of the sum of five thousand pounds as provided by paragraph (*b*) of subsection (2.) of section eleven of this Act, the aggregate of the following sums, namely:—

In respect of each of the joint owners who hold an original share in the land under the settlement or will—

(*a*) The sum of five thousand pounds, or
(*b*) The sum which bears the same proportion to the unimproved value of the land, after deducting the value of any annuity under section thirty-four of this Act, as the share bears to the whole,

whichever is the less:

Provided that, where the same persons have a beneficial interest in land or in the income therefrom under more than one settlement or will or under a settlement and will, they shall be jointly assessed in respect of the whole of their interests under the settlements or wills or settlement and will, and there may be deducted in the joint assessment from the unimproved value of the land comprised in the joint assessment, instead of the sum of five thousand pounds as provided by paragraph (*b*) of subsection (2.) of section eleven of this Act, the aggregate of the following sums, namely:—

In respect of each of the joint owners who holds an original share in the land being jointly assessed—

(*a*) The total sum of five thousand pounds, or
(*b*) The sum which bears the same proportion to the unimproved value of the land after deducting the value of any annuity under section thirty-four of this Act as the share bears to the whole,

whichever is the less.

(8.) In this section, ''original share in the land'' means the share of one of the persons specified in the settlement or will as entitled to the first life or greater interest thereunder in the land or the income therefrom, or to the first such interest in remainder after a life interest of the settlor or after a life interest of the wife or husband of the settlor or testator.

39. (1.) All land owned by a company shall be deemed (though not to the exclusion of the liability of the company or of any other persons) to be owned by the shareholders of the company as joint owners, in the proportions of their interests in the paid-up capital of the company.

(2.) The provisions of section thirty-eight of this Act shall apply accordingly (but so that the assessment and liability of the company shall be in lieu of the joint assessment and liability under subsection (2.) of that section), and the shareholders shall be separately assessed and liable, and entitled to deductions, in accordance with that section.

(3.) The term ''shareholder,'' in this and the next following section includes all persons on whose behalf a share in the company is held by a trustee or by any other person.

(4.) A company shall in no case be deemed to be an absentee; but any of the shareholders who are absentees shall be separately assessed and liable as absentees.

(5.) A company shall be deemed to be the agent in the Commonwealth for the purposes of this Act for an absentee shareholder in respect of his interest in the company.

40. (1.) Any two or more companies which consist substantially of the same shareholders shall be deemed to be a single company, and shall be jointly assessed and liable accordingly, with such rights of contribution or indemnity between themselves as is just.

(2.) Two companies shall be deemed to consist substantially of the same shareholders if not less than three-fourths of the paid-up capital of each of them is held by or on behalf of shareholders of the other. Shares in one company held by or on behalf of another company shall for this purpose be deemed to be held by shareholders of the last-mentioned company.

41. (1.) Land owned by a Mutual Life Assurance Society (not being land of which the society is mortgagee in possession, or which the society has acquired under or by virtue of a mortgage) shall not be liable as against the society or its policy-holders, to assessment or taxation under this Act.

(2.) For the purposes of this section, a Mutual Life Assurance Society means any assurance society all the profits of which are divided among the policy-holders. In the case of a society which has shareholders who are entitled to receive a share of the profits of the society, a proportion of such land owned by the society, corresponding to the proportion of the total assurances of the society which is represented by its Australian policies, shall not be liable as against the society or its policy-holders to assessment or taxation under this Act.

* * * * * * * *

42. Notwithstanding any conveyance, transfer, declaration of trust, settlement, or other disposition of land, whether made before or after the commencement of the Act, the person making the same shall, so long as he remains or is in possession or in receipt of the rents and profits of the land, whether on his own account or an account of any other person, be deemed (though not to the exclusion of any other person) to be the owner of the land.

43A. Where in this Act reference is made to the tax payable by a person in respect of any land or interest, the reference is to so much of the whole tax payable by him as bears to the whole tax payable by him in proportion which the unimproved value of the land or interest referred to bears to the unimproved value of all the land owned by him.

44. (1.) Any taxpayer or person may within the prescribed time appeal to the High Court in its original jurisdiction, the Supreme Court or a County or District Court of a State, or such other Court as is specified in that behalf by proclamation, against any assessment by the Commissioner with respect to his land, on the ground that he is not liable for the tax or any part thereof, or that the assessment is excessive.

COMMONWEALTH LAND TAX ASSESSMENT ACTS—*continued.*

1 Geo. V., No. 22, 17 Nov., 1910.
2 Geo. V., No. 12, 18 Dec., 1911.
3 Geo. V., No. 37, 24 Dec., 1912.
5 Geo. V., No. 29, 21 Dec., 1914.

45. (1.) The fact that an appeal is pending shall not in the meantime interfere with or affect the assessment appealed from; and land tax may be levied and recovered on the assessment as if no appeal were pending.

(2.) If the assessment is altered on appeal a due adjustment shall be made, for which purpose amounts paid in excess shall be refunded, and amounts short paid shall be recoverable as arrears.

46. (1.) On the hearing of the appeal the Court may make such order as it thinks fit, and may either reduce or increase the assessment, and its order shall be final and conclusive on all parties except as provided in this section.

(4.) An appeal shall lie to the High Court, in its appellate jurisdiction, from any order made under subsection (1.) of this section.

48. For the protection of the revenue against the undervaluation of land, if the Commissioner is of opinion that the owner of any land has, in a return furnished under this Act, understated the unimproved value of the land, to the extent of twenty-five per centum or more, the following provisions shall apply:—

- (*a*) The Commissioner may apply to the High Court for a declaration that the Commonwealth is entitled to acquire the land under this Act.
- (*b*) The application shall be heard by a Justice of the High Court, whose decision shall be final and without appeal; and the owner of the land shall be entitled to be heard.
- (*c*) If the Justice—
  - (i.) Is satisfied that the owner has understated the unimproved value of the land to the extent of twenty-five per centum or more; and
  - (ii.) Is not satisfied that the undervaluation was not made with a view to evading taxation,

  he shall make the declaration applied for.
- (*d*) Thereupon the Governor-General may acquire the land on behalf of the Commonwealth; and for that purpose may, within a reasonable time, by proclamation, declare that the land is vested in the Commonwealth, but subject to all leases, mortgages, and other charges affecting the land.
- (*e*) The effect of the proclamation shall be to vest the land in the Commonwealth for the same estate or interest therein as the owner was entitled to at the date of the publication of the proclamation in the *Gazette*, but subject to all leases, mortgages, and other charges then affecting the land, and to entitle the owner to compensation therefor upon the basis of the improved value obtained by adding the fair value of improvements to the unimproved value stated in the return, together with the amount of ten per centum upon that improved value, by way of an allowance for compulsory dispossession.
- (*f*) The provisions of the *Lands Acquisition Act* 1906 shall, so far as applicable, but subject to this Act, apply in relation to the land so acquired as if it had been acquired under that Act.
- (*g*) The Minister shall forthwith notify a Minister of the Crown for the State in which the land is situate that the land has been so acquired; and if within three months after the notification the Government of the State requires the Commonwealth to convey the land to the State, in consideration of the payment by the State to the Commonwealth of the sum payable by the Commonwealth to the owner, together with the costs of conveyance and any expenses incurred by the Commonwealth in regard to the land acquired, the land shall be conveyed to the State accordingly.
- (*h*) If the Government of the State does not so require the Commonwealth to convey the land to the State, the Governor-General may authorise the use of the land for any public purpose of the Commonwealth for which it is required; or, if it is not required for any public purpose, may authorise the disposal of it as he thinks fit.

49. Land tax for each year shall be due and payable on such date as appointed in that behalf by the Governor-General by notice published in the *Gazette* not less than one month before the date so appointed.

50. Every person who fails to pay the amount payable by him in respect of land tax before the expiration of thirty days after it has become due shall be liable by way of additional tax to a further amount of ten per centum on the amount of the tax:

Provided that the Commissioner may in any particular case, for reasons which in his discretion he thinks sufficient, remit the additional tax or any part thereof.

52. If, in any proceedings against a taxpayer for the recovery of land tax, the defendant—

- (*a*) Is absent from Australia and has not to the knowledge of the Commissioner after reasonable inquiry in that behalf any attorney or agent in Australia on whom service of process can be effected; or
- (*b*) Cannot after reasonable inquiry be found,

service of any process in the proceedings may without leave of the Court be effected on him by posting the same or a sealed copy thereof in a letter addressed to him at his last known place of business or abode in Australia, or by fixing the same on a conspicuous part of the land to which the tax relates.

53. The following provisions shall apply in any case where, whether intentionally or not, a taxpayer escapes full taxation in his lifetime by reason of not having duly made full and complete returns:—

- (*a*) The Commissioner shall have the same powers and remedies against the executors and administrators of the taxpayer in respect of the estate of the taxpayer as he would have had against the taxpayer in his lifetime.
- (*b*) The executors and administrators shall make such returns as the Commissioner requires for the purpose of a full assessment.
- (*c*) The assessment shall be at the rates payable in respect of the years for which the tax ought to have been paid, and the amount payable shall (where the taxpayer's default was intentional) be treble the amount of the difference between the tax so assessed and the amount actually paid by the taxpayer, and shall be a first charge on all the taxpayer's estate in the hands of the executors and administrators.
- (*d*) No lapse of time shall prevent the operation of this section, and the Commissioner may take all such proceedings and exercise all such powers and remedies for the purpose of giving effect to this section and recovering the treble tax as in the case of ordinary assessments and taxation.

55. Where a taxpayer makes a default in the payment of land tax, then without in any way releasing him from his liability the following provisions shall apply as long as the default continues:—

- (*a*) If the tax is payable in respect of land subject to any lease or occupied by any person, then the lessee or occupier shall be responsible for the payment of the tax and it may be recovered from him as if he were the defaulting taxpayer.
- (*b*) All payments made under this section by a lessee or occupier shall be deemed to be made on behalf of the defaulting taxpayer:

Provided that the responsibility of the lessee or occupier under this section shall only be to the extent of any rent or payments due by him to the taxpayer at the time of demand made or action brought by the Commissioner, or from time to time accruing due thereafter.

56. (1.) Land tax shall until payment be a first charge upon the land taxed in priority over all other encumbrances whatever, and notwithstanding any disposition of the land it shall continue to be liable in the hands of any purchaser or holder for the payment of the tax so long as it remains unpaid:

Provided that no such charge shall be of effect as against a *bonâ fide* purchaser for value who at the time of purchase made due inquiry but had no notice of the liability:

Provided further that a purchaser shall be deemed to have made due inquiry who has made inquiry of the Commissioner as prescribed.

57. Every person who, under the provision of this Act, pays any tax for or on behalf of any other person, shall be entitled to recover the same from that other person as a debt, together with the costs of recovery, or to retain or deduct same out of any money in his hands belonging or payable to that other person.

COMMONWEALTH LAND TAX ASSESSMENT ACTS—*continued.*

1 Geo. V., No. 22, 17 Nov., 1910.
2 Geo. V., No. 12, 18 Dec., 1911.
3 Geo. V., No. 37, 24 Dec., 1912.
5 Geo. V., No. 29, 21 Dec., 1914.

59. If within three years after any land tax has been paid it is discovered that too little in amount has been paid, the taxpayer liable for the tax shall forthwith pay the deficiency:

Provided that nothing in this section shall operate to limit or affect the liability of the taxpayer or any other person under section fifty-three of this Act.

60. If within three years after any land tax has been paid, it is discovered that too much in amount has been paid, whether by reason of duplicate taxation or otherwise, the Commissioner upon being satisfied thereof shall order the excess to be returned to the taxpayer entitled thereto.

61. Every company which is a taxpayer and which carries on business in Australia shall at all times be represented by a person residing in Australia duly appointed by the company or by its duly authorised agent or attorney, and with respect to every such company and person the following provisions shall apply:—

(*a*) The person so appointed shall for the purposes of this Act be called the public officer of the company.

(*b*) The company shall keep the office of public officer constantly filled, and no appointment of a public officer shall be deemed to be duly made until after notice thereof in writing, specifying the name of the officer and address for service, has been given to the Commissioner.

(*c*) If the company fails or neglects to duly appoint a public officer when and as often as such appointment becomes necessary, it shall be guilty of an offence.

Penalty: Fifty pounds for every day during which the failure or neglect continues.

(*d*) Service of any document at the address for service or on the public officer of a company shall be sufficient service upon the company for all the purposes of this Act or the Regulations, and if at any time there is no public officer then service upon any person acting or appearing to act in the business of the company shall be sufficient.

(*e*) The public officer shall be answerable for the doing of all such things as are required to be done by the company under this Act or the Regulations by a taxpayer, and in case of default shall be liable to the same penalties.

(*f*) Everything done by the public officer which he is required to do in his representative capacity shall be deemed to have been done by the company. The absence or non-appointment of a public officer shall not exonerate the company from the necessity of complying with any of the provisions of this Act or the Regulations, or from the penalties consequent on the failure to comply therewith, but the company shall be liable to the provisions of this Act as if there were no requirement to appoint a public officer.

62. With respect to every agent, and with respect also to every trustee, the following provisions shall apply:—

(*a*) He shall be answerable as taxpayer for the doing of all such things as are required to be done by virtue of this Act in respect of the land held by him in his representative capacity and the payment of land tax thereon.

(*b*) He shall in respect of such land make the returns and be assessed thereon, but in his representative capacity only, and each return and assessment shall except as otherwise provided by this Act be separate and distinct from any other.

(*c*) If he is an executor or administrator, the returns shall be the same as far as practicable as the deceased person if living would have been liable to make.

(*d*) Where as agent or trustee he pays land tax, he is hereby authorised to recover the amount so paid from the person in whose behalf he paid it, or to deduct it from any money in his hands belonging to that person.

(*e*) He is hereby authorised and required to retain from time to time out of any money which comes to him in his representative capacity so much as is sufficient to pay the land tax which is or will become due in respect of the land.

(*f*) He is hereby made personally liable for the land tax payable in respect of the land if while the tax remains unpaid he alienates charges or disposes of any real or personal property which is held by him in his representative capacity, but he shall not be otherwise personally liable for the tax.

(*g*) If he is a trustee he may raise whatever moneys are necessary in order to pay the land tax by mortgage or charge with or without power of sale of any real or personal property held by him as such trustee, and may apply the money so raised or any other moneys in his possession as such trustee in paying the tax.

(*h*) He is hereby indemnified for all payments which he makes in pursuance of this Act or by requirements of the Commissioner.

(*i*) For the purpose of insuring the payment of land tax the Commissioner shall have the same remedies, against all land or other property of any kind vested in or under the control or management or in the possession of any agent or trustee, as he would have against the land or other property of any other taxpayer in respect of land tax, and in as full and ample a manner.

63. Every contract, agreement, or arrangement made or entered into, in writing or verbally, whether before or after the commencement of this Act, shall (except as provided by section thirty of this Act) so far as it has or purports to have the purpose or effect of in any way, directly or indirectly,

(*a*) Altering the incidence of any land tax; or

(*b*) Relieving any person from liability to pay any land tax or make any return; or

(*c*) Defeating, evading, or avoiding any duty or liability imposed on any person by this Act; or

(*d*) Preventing the operation of this Act in any respect,

be absolutely void, but without prejudice to its validity in any other respect or for any other purpose.

67. Any person who obstructs or hinders any officer acting in the discharge of his duty under this Act or the Regulations shall be guilty of an offence.

Penalty: Fifty pounds.

68. Any person who—

(*a*) Fails or neglects to duly furnish any return as and when required by this Act or the Regulations or by the Commissioner; or

(*b*) Without just cause shown by him refuses or neglects to duly attend and give evidence when required by the Commissioner or any officer duly authorised by him, or to truly and fully answer any questions put to him, or to produce any book or papers required of him by the Commissioner or any such officer; or

(*c*) Knowingly and wilfully makes or delivers any false return, or makes any false answer, whether verbally or in writing, in relation to any matter or thing affecting his own or any other person's liability to or exemption from assessment of land tax,

shall be guilty of an offence.

Penalty: One hundred pounds.

69. (1.) Any person who, with intent to defraud, in any return understates the unimproved value of any land, shall be guilty of an indictable offence.

Penalty: Five hundred pounds and an amount equal to treble the amount of the tax which would have been evaded if the value stated in the return had been accepted as the unimproved value of the land; or forfeiture of the land undervalued or any part thereof.

(2.) Where the value stated in the return is less, by twenty-five per centum or more, than the value as found by the jury, the value shall be presumed, in the absence of evidence to the contrary, to have been understated with intent to defraud.

70. Any person who, by any wilful act default or neglect, or by any fraud, art, or contrivance whatever, evades or attempts to evade assessment or taxation, shall be guilty of an indictable offence.

Penalty: Five hundred pounds and treble the amount of the tax payment whereof he has evaded or attempted to evade; or forfeiture of the land in respect of which the offence was committed, or any part thereof.

72. Payment of penalties under this Act shall not relieve any person from liability to assessment and payment of any tax for which he would otherwise be liable.

73. Whoever aids, abets, counsels, or procures, or by act or omission is in any way directly or indirectly knowingly concerned in the commission of any offence under this Act, shall be deemed to have committed that offence, and shall be punishable accordingly.

9. Income tax shall be paid on such day or days, and either in one sum or by instalments of equal or varying amounts, and at such place or places as may be prescribed.

Provided that where it can be shown to the satisfaction of the Commissioner that such borrowed moneys were so borrowed before the passing of this Act, and that the person paying interest on money so borrowed is unable to deduct the tax payable in respect of such interest, the Commissioner may allow the deduction of interest, notwithstanding that the tax has not been paid thereon.

(vii.) The amount of all payments, but not exceeding fifty pounds, made during the year on the income of which the assessment is based by any taxpayer, who is in receipt of salary, wages, allowances, or stipends, into any superannuation, sustentation, widows' or orphans' fund, or duly registered friendly society within the meaning of subsection one of section eight of "*The Friendly Societies Act of* 1894," or which he may be required to make into any guarantee or provident fund to enable him to exercise his vocation;

Provided that where the income of a taxpayer does not exceed one hundred and fifty pounds all sums expended by him in the maintenance or support of any infirm, aged, or indigent relatives shall be exempt from taxation.

(ix.) Provided that where any sum is allowed to be deducted for depreciation of any structure, matter, or thing herein mentioned no deduction shall be allowed for any renewal or repair of the same structure, matter, or thing.

15. A taxpayer who carries on any business in Queensland as a principal, and employs therein any other person exclusively for the purposes of such business, and in addition to the wages or salary of such person paid in money provides him with food or with quarters, may deduct the sum actually expended by the taxpayer on such food or the estimated annual value of such quarters from the income arising from such business:

Provided that, if the taxpayer is unable to state the sum actually expended on such food or the value of such quarters, such sum may be deducted as the Commissioner thinks just.

16. In estimating the income subject to the tax, no sum shall be deducted therefrom for or on account of—

(i.) Any sum expended for repairs of premises for which rent is received or for repairs to any machinery or plant used for the purposes of any business beyond the sum usually expended in any year for such purpose or beyond such sum as in the opinion of the Commissioner is a fair average of the cost of repairs for the three years immediately preceding the year in which the assessment is made;

(ii.) Any loss not connected with or arising out of any business, or any capital withdrawn out of any business, or any sum used or intended to be used as capital in any business, or any capital used in the improvement of premises occupied for the purposes of any business; or

(iii.) Any bad debts, except debts proved to the satisfaction of the Commissioner to have become bad and to have been actually written off by the taxpayer in the year immediately preceding the year in which the assessment is made, and which have not previously been allowed as a deduction, or any doubtful debts, except debts proved to the satisfaction of the Commissioner to be doubtful, and deductions for doubtful debts shall be made according to the value at which the Commissioner estimates them:

Provided that every amount at any time received on account of any such bad or doubtful debts shall be credited in income in the year in which the same was received and be subject to income tax; or

(iv.) Any average loss beyond the actual amount of loss after adjustment, or any sum recoverable under any insurance or contract of indemnity; or

(v.) Any disbursements or expenses of maintenance of the taxpayer, his family, or domestic establishment, or any sums expended in any private purposes distinct from the purposes of any business; or

(vi.) Any disbursements or expenses whatever not being money wholly and exclusively laid out or expended for the purposes of any business; or

(vii.) The rent or annual value of any dwelling-house or domestic offices, or any part of such dwelling-house or domestic offices, except such part thereof as may be used for the purposes of any business, not exceeding such proportion of the said rent or annual value as may be allowed by the Commissioner; or

(viii.) The amount of any tax paid under this Act;

(ix.) Any wastage or depreciation of lease, or in respect of any improvements upon leasehold property, or in respect of any loss occasioned by the expiration of any lease: Provided that when it shall be proved to the satisfaction of the Commissioner that any taxpayer has paid a sum of money for a lease or a renewal of a lease of premises occupied by him, not being a lease held from the Crown, it shall be lawful for the Commissioner to allow as a deduction from the income of such taxpayer such portion of the amount paid by him as is equal to the amount paid for the lease or renewal of lease divided by the number of years for which such lease was granted.

17. If a taxpayer carries on in Queensland more than one business either alone or otherwise, and makes a profit in one or more of such businesses and a loss on the other business or businesses, such loss shall be deducted from such profit in calculating the taxable amount of his income.

18. If a taxpayer having an income derived from the produce of property carries on in Queensland one or more businesses, either alone or otherwise, and makes a loss thereon, such loss shall be deducted from his income derived from the produce of property in calculating the taxable amount of his income.

19. When a taxpayer is employed by another person, then the estimated annual value of any quarters or board and residence, and every amount received or receivable by way of extra salary, bonus, or emolument, and every allowance, benefit, or advantage of any kind, whether in money or otherwise or of a like nature, or any modification or combination of any such benefit or advantage granted, secured, or allowed to such employee shall be deemed to be part of the income of such employee.

20. Whenever profits arising from any business have been converted into stock-in-trade or added to the capital of or carried to reserve or in any way invested in such business, such profits so converted or added or carried to reserve or invested shall be deemed to be income and in computing such profits the value of all live stock, produce, goods, and merchandise, not disposed of, at the beginning and end of the year in respect of which the assessment is made shall be taken into account. But additions to stock resulting from natural increase shall be reckoned in their first year as being equal to one-fourth of the then value put upon the same class of full-grown stock.

20A. Any owner of live stock who desires to be exempted from the provisions of the last preceding section, so far as the same relate to the taking into account of the value of all live stock and produce not disposed of at the beginning and end of each year in the assessment of his income, may give notice in writing to that effect signed by him or by his duly authorised agent and delivered at the office of the Commissioner, in the case of persons who at the commencement of this Act are owners of live stock not later than the thirty-first day of December, one thousand nine hundred and seven, or such later date as the Commissioner may allow, and in the case of persons who may thereafter become owners of live stock not later than the thirty-first day of December in the year in which they first become such owners respectively, or such later date as the Commissioner may allow.

Every such notice when given shall be irrevocable by such taxpayer and shall take effect in respect of the year in which the same is given and each succeeding year.

Such notice shall have the following effect:—

(i.) The Commissioner, in the assessment of the income of such taxpayer for the year in respect of which the notice was given and each succeeding year, shall not take into account the value of any live stock or produce not disposed of at the beginning and end of the year;

(ii.) Save as hereinafter provided, such taxpayer shall not for any year in respect of which an assessment is made be entitled to make any claim as a deduction for or in connection with any live stock beyond the amount of money actually paid by him in that year for the purchase of live stock:

Provided that, in computing the income subject to tax of such taxpayer for any year, there shall be allowed as a deduction from the proceeds of any live stock disposed of in that year, and in respect of which tax was theretofore paid, the value of such live stock; and such value shall be taken at the value upon which the tax was paid.

20B. Whenever any property consisting partly of live stock is sold, the full value in money of such live stock shall be expressly stated in the contract relating to such sale, whether such sale is for a lump sum or not. If such value is not so stated, or if such contract has not been reduced to writing, then such value shall be assessed by the Commissioner at such amount as he deems just and reasonable.

In every such case the purchaser shall, for the purposes of this Act, be entitled to claim that the sum of money so expressly stated or so assessed is the amount paid by him for live stock upon such sale. Moreover, such sum shall be deemed to be income of the seller. The tax on such income shall, until paid, be and remain a charge upon the whole of the property included in such sale and upon every part thereof; and, if not paid by the seller, may be recovered from the purchaser in the same manner as if it were income of the purchaser.

In computing the income of the seller under this section, there shall be allowed as a deduction therefrom—

(*a*) The value of live stock on the said property at the end of the year one thousand nine hundred and six, as shown in his return to the Commissioner for the year one thousand nine hundred and six; or

(ii.) In respect of the income of a company, by the public officer thereof;

(iii.) In respect of the income of a person under legal disability, by his trustee;

(iv.) In respect of income earned, derived, or received by a trustee, by such trustee, unless there is some person presently entitled to such income and in actual receipt thereof and liable as a taxpayer in respect thereof; and

(v.) In respect of the income of an absentee, by his agent.

22. For the purposes of this Act, any person in Queensland having the receipt, management, disposal, or control of income on behalf of an absentee or person absent from Queensland, or remitting or paying income to him, shall be deemed to be his agent, and such agent, before remitting or paying to such absentee or person absent from Queensland any income, shall pay to the Commissioner income tax thereon, and shall be entitled to deduct from the income payable to such person the amount of the tax paid thereon.

The Commissioner may declare any person to be agent of such absentee or person absent from Queensland, and the person so declared an agent shall be agent for the purposes of this Act.

But nothing herein shall constitute or authorise the Commissioner to declare any banking company or the public officer of such company to be the agent of any such absentee or person absent from Queensland so far as regards moneys paid by any other company or person to the credit of such absentee or person absent from Queensland with such banking company in the ordinary way of business, unless such banking company or the public officer thereof is the holder of a power of attorney from such absentee or person absent from Queensland, or unless such moneys are specific sums so paid to such banking company and are set out, with the amounts thereof, the approximate dates of payment thereof, and the names of the companies or persons by whom the same were so paid, in a notice by the Commissioner to such banking company.

When it appears that several persons are in receipt of income for or on behalf of an absentee or person absent from Queensland, the Commissioner, if it appears to him to be expedient so to do, may consolidate all or any of the assessments thereof, and declare any one of such persons to be the agent of such absentee or person absent from Queensland in respect of such consolidated assessment, and require him to pay income tax on the amount thereof.

23. When a member of a company is an absentee, such company shall for the purposes of this Act be deemed to be the agent for such member, and shall, so far as regards the interest of such member in such company, have and exercise all the powers, duties, and responsibilities of an agent for an absentee.

24. If an owner of land is an absentee and has no known agent in Queensland, any tenant of such land shall be deemed to be the agent of the owner in respect of such land.

25. Every agent for an absentee and every trustee—

(i.) Is answerable for the doing of all such acts, matters, and things as are required to be done by virtue of this Act in order to insure the assessment of the income which belongs to such absentee, or which is the subject of the trust of such trustee, or which is received by such agent or trustee, and for paying income tax in respect thereof;

(ii.) Is authorised to recover from or deduct from any moneys belonging to any person in whose behalf such agent or trustee is compelled to pay income tax, the amount so paid;

(iii.) Is authorised and required to retain from time to time in each year out of any money which comes to him as such agent or trustee so much as is sufficient to pay income tax in respect of any income subject to such tax; and is indemnified for all payments which as such agent or trustee he may make in pursuance of this Act or by requirement of the Commissioner;

(iv.) Is personally liable for income tax payable in respect of any income if, while such tax remains unpaid, he—

(*a*) Alienates, charges, or disposes of such income; or

(*b*) Disposes of or parts with any fund or money which comes to him after such tax is payable, from or out of which fund or money such tax could legally have been paid;

but, save as by this Act is otherwise provided, shall not otherwise be personally liable for any such tax.

26. Every trustee may raise such moneys as are necessary to pay income tax by mortgage with or without power of sale of any property held by him upon trust, and may expend such moneys so raised or any trust funds in his possession or control in paying such tax.

27. (1.) When any person chargeable with income tax is under any legal disability, or when any person so chargeable dies, the trustee of such person, upon default of payment of such tax out of the trust estate if such estate is sufficient to enable him so to do, shall be and is hereby made liable to and charged with the payment of such tax.

(2.) If such trustee neglects or refuses to pay such tax, it shall be lawful to proceed against him in like manner as against any other person making default in payment of income tax.

(3.) All trustees making payment of income tax as aforesaid shall be allowed every sum so paid in their accounts, and shall be allowed to deduct all such payments out of the assets.

28. When a person is entitled to receive or receives income from any agent or trustee, nothing in this Act shall be taken to relieve such person from any income tax payable in respect of such income unless such agent or trustee has paid the tax in respect thereof.

29. (1.) In any case where any taxpayer employed by any person, Local Authority, corporation, board, commission, or body has in any year failed to pay the income tax payable by such taxpayer, the Commissioner may declare such person, Local Authority, corporation, board, commission, or body to be the agent of such taxpayer so far as respects the income by way of earnings, salary, wages, allowances, pension, or stipend paid or allowed by him or it to such taxpayer, and may give notice to such agent setting forth the fact that such taxpayer has failed to pay the tax payable by him, and requiring such agent to pay the same on behalf of such taxpayer.

(2.) Thereupon every such agent shall deduct and retain from time to time out of such earnings, salary, wages, allowances, pension, or stipend respectively so much as is sufficient to pay such income tax, and shall pay the same in pursuance of this Act; and for any default in so doing such agent shall be liable to a penalty not exceeding five pounds:

Provided that if any such employee claims to be exempt from income tax in respect of such income, and makes application to the Commissioner in the form and within the time prescribed, the Commissioner, upon being satisfied that a refund should be made, may issue a certificate for a refund of the amount of the income tax which has been paid on such income.

30. (1.) Every company carrying on business in Queensland shall at all times be represented by a person residing in Queensland, who shall be duly appointed by the company or by some agent or attorney having power to appoint such person for the purposes of this Act.

(2.) Such person shall be called the public officer of the company, and shall be appointed within three months after the passing of this Act, or within fourteen days after the company commences to carry on business in Queensland, whichever shall last happen.

(3.) The office of public officer shall be kept constantly filled by making fresh appointments thereto as may be necessary.

No appointment shall be deemed to be duly made until after notice thereof specifying the name of the public officer and an address for service has been given to the Commissioner.

(4.) Every company which fails to make an appointment to the office of a public officer or to keep the office constantly filled as aforesaid, and every person who acts as agent or manager or representative of such company, shall be liable to a penalty not exceeding fifty pounds for every day during which such failure continues.

(5.) Every public officer shall be answerable for the doing of all such acts, matters, and things as are required to be done by the company by virtue of this Act.

(6.) Everything done by any such public officer which he is required to do in his representative capacity shall be deemed to have been done by such company.

(7.) The absence or non-appointment of a public officer shall not exonerate any company from the necessity of complying with any of the provisions of this Act; but every such company shall be liable to the provisions of this Act as if there were no requirement to appoint such officer.

31. The income of foreign companies shall be assessed as follows:—

(i.) If the company carries on in Queensland the business of banking and no other business whatsoever, its income shall be a sum which bears the same proportion to the total profits of the company as the amount of its assets and liabilities in Queensland bears to its total assets and liabilities, not including liabilities to capital or reserves;

(ii.) If the company carries on in Queensland fire, accident, fidelity, guarantee, or marine insurance business, its taxable income shall be a sum equal to twenty-five pounds per centum of the premiums on account of Queensland business received by the company after deducting any portion of such premiums actually paid away by way of reinsurance effected in Queensland with any other company;

(iii.) If the company is a life assurance company and carries on in Queensland life assurance business, its taxable income shall be a sum equal to twenty-five pounds per centum of the premiums on account of ordinary Queensland business received by the company and fifteen pounds per centum of the premiums on account of industrial Queensland business received by the company;

(iv.) If the company carries on in Queensland mercantile business, its income shall be the profits made by such company on its Queensland business. If such profits cannot, in the opinion of the Commissioner, be otherwise satisfactorily determined, the taxable amount of the income of the company may be assessed by the Commissioner at a sum equal to seven pounds ten shillings per centum of the total amount of sales made by the company in Queensland;

(v.) The income of any other foreign company liable to assessment under this Act shall be the amount of the profits made by the company on its business in Queensland. If such profits cannot, in the opinion of the Commissioner, be otherwise satisfactorily determined, the taxable amount of the income of the company may be assessed by the Commissioner at a sum equal to seven pounds ten shillings per centum of the capital employed by the company in carrying on its business in Queensland.

31A. When and so often as any dividend is declared payable to any shareholders in a company having its head office or chief place of business in Queensland, such company shall within thirty days from the time when such dividend has been declared forward to the Commissioner a return in the prescribed form and containing the prescribed particulars, and verified by statutory declaration under the "*Oaths Act of* 1867" under the hand of and made by the public officer of such company, stating the amount of such dividend and showing the date when the same was so declared.

The company shall at the same time pay to the Commissioner income tax in accordance with such of the rates prescribed in subsection (v.) or (vi.) of section seven of this Act as may be applicable to the company.

It shall not be lawful for the person charged with the payment of any dividend to distribute the same amongst the persons entitled thereto until the tax payable in respect thereof has been paid.

32. (1.) When a foreign company or an absentee, or person absent from Queensland, herein termed "the principal," by means of a company registered in Queensland or carrying on business therein or by means of any person in Queensland, herein termed "the agent," sells or disposes of any property for the principal, whether such property is in Queensland or is by the contract to be brought into Queensland, and whether the contract is made by the agent in Queensland or by or on behalf of the principal out of Queensland, and whether the moneys arising therefrom are paid to or received by the principal directly or otherwise, the moneys arising therefrom shall be deemed to be income accruing to the principal from a business carried on by him in Queensland, and the taxable amount of the income derived therefrom by the principal shall, if such income cannot in the opinion of the Commissioner be otherwise satisfactorily determined, be assessed at an amount equal to seven pounds ten shillings per centum upon the net amount for which such property has been sold or disposed of after taking into consideration any mortgage thereon.

In every case the amount assessed shall for the purposes of obtaining income tax be deemed to be income derived by the agent.

(2.) The agent shall as regards such income make the returns, be assessed, be liable to income tax, and otherwise be subject to the provisions of this Act, and to do all acts and things thereunder as if such income were actually the income of the agent.

But nothing herein contained shall exempt or discharge the principal from liability to pay income tax upon such income.

33. (1.) When a foreign company or person whose principal place of business is out of Queensland, either as owner or charterer of any vessel, carries passengers, live stock, mails, or goods shipped in Queensland, such company or person shall, by itself or himself or its or his agent or other representative in Queensland, within the prescribed time, make a return of the full amount payable to it or to him, whether such amount is payable in Queensland or beyond Queensland, in respect of the carriage of such passengers, live stock, mails, and goods as required or provided by the terms under which the same are carried or agreed to be carried to the port of discharge.

Such company, person, agent, or representative shall be assessed thereon, and the taxable amount of the income derived therefrom shall, if such income cannot in the opinion of the Commissioner be otherwise satisfactorily determined, be assessed at an amount equal to five pounds in every one hundred pounds so payable as aforesaid.

(2.) When such company or person has no recognised agent or representative in Queensland other than the master of such vessel, or when such company, person, agent, or representative fails to make any return, the Commissioner may assess such master, and such master shall be liable to pay income tax computed as aforesaid.

(3.) The Commissioner shall give notice of every such assessment as last aforesaid to the master, and such master shall thereupon pay income tax upon the same prior to the clearance of such vessel, and the vessel may be detained by the order of the Commissioner until such payment is made.

34. Every company, society, association, and institution, and every Local Authority, public trust, body, and corporation in Queensland, which pays interest upon or in respect of any debentures or bonds shall, for the purposes of this Act, be deemed to be the agent of every holder of such debentures or bonds, and before paying or crediting such interest to or for any person shall, on behalf of the person entitled to receive such interest, pay to the Commissioner income tax calculated on the amount of such interest, and may deduct from such interest payable to such person the amount of the income tax thereon:

Provided that if any such holder claims to be exempt from income tax in respect of such interest, and makes application to the Commissioner in the form and within the time prescribed, the Commissioner, upon being satisfied that a refund should be made, may issue a certificate for a refund of the amount of income tax which has been paid on such interest.

36. Whenever as to any particular income—

(i.) More than one person appears or claims to be liable or qualified to pay income tax; or

(ii.) A question arises as to the person liable to pay income tax; or

3 Geo. V., No. 24, 7 Dec., 1912.
6 Geo. V., No. 33, 29 Dec., 1915.

(iii.) A question arises as to whether a person is liable to pay or is chargeable with income tax, and whether on his own behalf, or as trustee, or agent of any other person;

the Commissioner may decide the matter in question, subject, however, to objection as hereinafter provided.

Pending the final decision of the matter, all the persons appearing to be liable to pay income tax in respect of any particular income shall be jointly and severally responsible and liable for the proper discharge of the duties imposed by this Act on taxpayers.

37. The Commissioner shall have such and the like remedies against all property of any kind vested in or under the control or management of any agent or trustee of a taxpayer as he would have if such property were vested in or under the control or management of the taxpayer himself, and in as full and ample a manner.

39. (1.) For the purpose of enabling assessments of income to be prepared, returns shall be made annually to the Commissioner as prescribed by every person who carries on business whether alone or as a member of a firm, and also by every person whose gross income amounts to two hundred pounds and upwards.

(2.) The first period for which assessments shall be made shall commence on the first day of January, one thousand nine hundred and two, and, save as hereinafter provided, all subsequent annual periods shall be reckoned from that date, and to that extent this Act shall have retrospective operation.

(3.) Returns of income shall be based upon the amount of income which was earned, derived, or received by such person during the year ending on the thirty-first day of December immediately preceding the commencement of the year in which the assessment is made.

When the income of any such person cannot be conveniently returned as of the date hereinbefore provided, the Commissioner may accept returns made up to the date of the annual balance of the accounts of such person.

The Commissioner may, if he accepts the date of such annual balance for the purpose of the return to be made by such person, accept an estimated return of income for assessment; and such assessment shall be adjusted by the Commissioner upon such annual balance being completed.

(4.) Returns of income derived from personal exertion and of income derived from the produce of property shall be calculated separately.

(5.) Subject to this Act, returns may be required from any such person at any time and in any manner required by or under any notice given by the Commissioner for that purpose, although the period or year for which assessments are required to be made has not commenced or has expired.

All the provisions of this Act shall extend and apply to such returns and the person required to make the same.

Assessments may be made upon or in respect of such returns as if the same had been required to be made or had been made within the year or period for which assessments are required to be made, and all proceedings may be had and taken and all acts and things may be done for the purpose of giving effect to this Act accordingly.

(6.) Nothing contained in this section shall be deemed to interfere with the right of the Commissioner to require from any such person any further or fuller returns at any time or as at any date in such manner as may be prescribed, or from making any assessment upon any such return in such manner as may be necessary, or be deemed to interfere with or control any special powers of assessment conferred by this Act.

40. Persons carrying on any business in partnership shall be liable to make a joint return as such partners in respect of such business with such particulars as may from time to time be prescribed, but they shall be liable to income tax only in their separate individual capacities.

40A. If any person in respect of whose income a return is required to be made dies without having made the same, it shall be the duty of the legal personal representative of the deceased person to make such return.

If any person, who, if he had lived, would have been liable to make a return under this Act, dies at any time before the prescribed date for making such return, such return shall be made by his legal personal representative, either on such prescribed date or earlier if required by the Commissioner or within such extended time as the Commissioner may allow; and thereupon the assessment of income for the period covered by such return shall be made, and the tax shall be payable thereon out of such person's estate, as if such death had not taken place.

41. Every person required by this Act to make a return shall, from time to time and at any time when required by the Commissioner, make a new or further and fuller return of income either in respect of the whole or any part of the income received by such person, whether in his own behalf or as an agent or trustee, and although a return has been previously made by such person for the same annual period.

All the provisions of this Act shall extend and apply to any such new or further and fuller return, and assessments may be made upon or in respect thereof by the Commissioner in such manner as may be necessary.

42. (1.) For the purpose of obtaining full information in respect of any income of any person, or of any part thereof, the Commissioner may, at any time by fourteen days' notice, require any person or the public officer of any company to furnish information in writing signed by such person or public officer or by oral communication, and whether general or particular, which may be in his knowledge, possession, or power relating to any such income, or any part thereof.

The Commissioner may require any person or the public officer of any company to produce for examination by the Commissioner, or by any person appointed by him for that purpose, at such time and place as may be appointed by the Commissioner in that behalf, any deeds, instruments, books, accounts, trade-lists, stock-sheets, or documents, or writings that may be deemed necessary for any of the purposes of this Act.

(2.) The Commissioner may at any time, by fourteen days' notice, require any person entitled to or in receipt of any income, whether on his own behalf or as agent or trustee, or the public officer of any company, or any person whomsoever, to attend, at a time and place to be named by the Commissioner, for the purpose of being examined by him respecting the income of such person or any other person, or respecting any transactions or matters affecting the same, or any of them, or any part thereof.

Any person so attending may be allowed by the Commissioner any reasonable expenses necessarily incurred by such person in such attendance.

(3.) Every person who without reasonable excuse fails to comply with any requirement of the Commissioner under this section, or fails to attend and give evidence or information as herein provided, shall be liable to a penalty not exceeding one hundred pounds.

(4.) The Commissioner or any person authorised by him in writing may at any time enter upon any land or premises at any reasonable hour during the day time for the purpose of inspecting all or any part of any property producing income.

43. (3.) Every person and every Local Authority, corporation, board, commission, or body, if required by the Commissioner, shall, in such manner and form and at such times as may be prescribed or as the Commissioner may require, furnish to the Commissioner returns of all or any particular class of persons employed by him or it, and of the earnings, salary, wages, allowances, pension, or stipend paid or allowed to each such person.

(4.) Every company which carries on business in Queensland, if required by the Commissioner by a notice or public notice, shall, in such manner and form and at such times as may be prescribed or as the Commissioner may require, furnish to the Commissioner returns showing all payments made to any person in respect of any share or interest in such company, and also of all moneys received from any person on deposit for any fixed time or period, with or without interest, and in such returns shall furnish all such information with regard to such payments, deposits, and persons as may be prescribed or as may be required by the Commissioner.

(5.) Every person shall, in such manner and form and at such time as may be required by the Commissioner, furnish to the Commissioner a return containing, to the best of his belief, the names of all persons resident in his dwelling-house.

(6.) Every person acting as agent for any other person, whether resident or carrying on business in Queensland or elsewhere, shall, in such manner and form and at such times as may be prescribed or as may be required by the Commissioner, furnish to the Commissioner returns containing, so far

as can be ascertained, full particulars of all moneys collected or received as such agent on behalf of or paid to any such person.

44. Every person receiving, whether on his own behalf or not, any income which is or may be exempt from income tax, shall, when required by the Commissioner, make and furnish a return of income in respect of any annual period, and, except as to liability to income tax in respect of such income, every such person shall be liable to all the provisions of this Act relating to the returns of income required to be made or furnished thereunder.

45. Every return furnished to the Commissioner in pursuance of this Act shall be verified by any prescribed form of declaration, or in such other manner as may be prescribed or as may be specially required by the Commissioner.

46. (1.) The Commissioner shall cause assessments to be prepared at the time or times and in the manner prescribed for the purpose of ascertaining the amount upon which income tax shall be levied.

(2.) Such assessments shall be entered in assessment-registers in accordance with the Regulations.

47. Every agent of an absentee and every trustee shall be assessed separately in respect of any income for which he is agent or trustee, and shall be chargeable with income tax payable in respect thereof in the same manner as if such income were the income of such agent or trustee, and shall be assessed in respect thereof as such agent or trustee.

Each such assessment shall be kept separate and distinct from such agent or trustee's individual assessment.

48. If any person by this Act required to make any return fails so to do, or if the Commissioner is not satisfied with the return furnished by any such person, the Commissioner may make an assessment in such sum as in the Commissioner's judgment ought to be charged, and thereupon shall give notice thereof to the taxpayer to be charged, and such taxpayer shall pay income tax upon the same.

Such assessment shall be subject to objection as hereinafter provided, but the taxpayer if he has made default as aforesaid shall not be entitled to any costs on such objection.

49. (1.) If at any time it appears to the Commissioner that any taxpayer who ought to have been charged with income tax has not been charged therewith, the Commissioner may make an assessment as to the income of such taxpayer with respect to which such omission has occurred.

The taxpayer shall be chargeable with a double rate of income tax thereon if such omission has been occasioned by him.

(2.) If the Commissioner is satisfied that the taxpayer was not guilty of any wilful default or omission, and has not done any act with intent to defraud the revenue, he may remit the whole or any part of such double duty over and above the amount computed on the ordinary rate.

(3.) The power conferred upon the Commissioner by this section shall be in addition to any right conferred upon him by this Act to take proceedings for and recover any penalties for evading or avoiding assessment or the payment of income tax or attempting so to do.

50. Upon entering any assessment in any assessment-register, the Commissioner shall cause to be given to each taxpayer whose income has been assessed a notice of the making of the assessment.

Such notice shall be in the form and contain the particulars prescribed, and, save as hereinafter provided, shall be posted to such person in a closed letter or envelope.

The omission to give any such notice shall not invalidate any assessment.

51. (1.) Objections to any assessment may be made by any person feeling aggrieved by reason of any assessment in which he personally as principal, or as agent or trustee, is interested, or by the Commissioner, in the manner and on the terms and conditions prescribed.

(2.) The Commissioner shall, in such form as he thinks fit, and either in the notice of the making of the assessment or publicly or otherwise, give notice that objections to the assessments made are to be sent in to him on or previous to a day to be appointed in the notice.

No objection other than one made by the Commissioner shall be entertained which is not lodged with him on or before the last day appointed for lodging objections.

(3.) Every objection shall be in writing, and every objection, other than an objection by the Commissioner, shall be delivered or posted to the Commissioner in sufficient time to reach him on or before the last day appointed for lodging objections.

(4.) When the Commissioner makes any objection to an assessment he shall give notice thereof to the taxpayer interested, who shall, within the time and in the manner prescribed, give notice to the Commissioner of assent to or dissent from such objection.

If default is made in notifying the Commissioner as aforesaid, the taxpayer shall be deemed to assent to the Commissioner's objection.

In case of dissent the Commissioner shall transmit such objection and notice of dissent to a Court of Review in order that the objection may be heard and determined.

52. The right of the Commissioner to recover any income tax shall not be suspended by any objection or appeal thereupon, but if the objector, not being the Commissioner, succeeds on such objection or appeal the amount, if any, of income tax received by the Commissioner in excess of the amount determined upon by the final determination as to such objection or appeal shall be repaid to the taxpayer making such objection.

And the Commissioner shall issue to such taxpayer a certificate for refund.

53. (1.) The Commissioner shall consider the objections made by any taxpayer assessed, and may make such inquiries thereon or relating thereto as he thinks fit.

(2.) If the Commissioner considers that any objection should be allowed either wholly or in part he may alter or amend the assessment accordingly.

(3.) The Commissioner shall, on or before any day appointed for the review of assessments, deliver or transmit all objections not allowed, assented to, or withdrawn to the Court of Review in order that the objections may be heard and determined.

54. When no objection is made to any assessment or when objections have been allowed or assented to or withdrawn, the assessment-register compiled by the Commissioner shall be the assessment-register in respect of the income therein mentioned.

55. (1.) The duties and powers imposed and conferred upon the Court of Review, and the mode, terms, and conditions on which the same shall be performed and exercised, shall be prescribed by Regulations, and in addition thereto the following provisions shall have effect.

(2.) The Court shall hear and determine all objections transmitted to it as hereinbefore provided, and may alter the assessment-registers accordingly, and may also make such alterations in the description of any property as may be necessary to render such description more clear for the identification of the property.

(3.) The Court shall have power to make such order as to costs as it thinks just.

(8.) If the taxpayer applies to the Court for the case to be stated he shall, before he is entitled to have the case stated, pay to the registrar or clerk of the Court a fee of twenty shillings for and in respect of the case.

(9.) For the purposes of this section, the expression "assessment-register" includes any copy thereof or extract therefrom signed by the Commissioner.

59. The Commissioner may from time to time in respect of any assessment-register—

- (i.) Place thereon the name of any taxpayer of whose liability to taxation he is satisfied, and remove therefrom the name of any person not so liable;
- (ii.) Add to any register the amount of any income omitted either wholly or partly to be assessed or returned at the time and in the manner required by law;
- (iii.) Place thereon the amount of any income received or receivable by any taxpayer who in his opinion is liable to be assessed for income tax, and remove therefrom the amount of any income which he is satisfied ought not to be assessed for income tax;
- (iv.) Make any alteration or amendment necessary in consequence of any alteration or amendment of any assessment by him pursuant to this Act.

Every taxpayer affected by any such addition to or alteration or amendment of the register shall have the right to object and to have his objection heard and determined in the manner prescribed with regard to objections to assessments.

PART V.—PROCEDURE TO ENFORCE TAXATION.

60. Not less than thirty days' public notice shall be given by the Commissioner that income tax will be payable on a day to be stated in such notice.

61. If any income tax remains unpaid at the expiration of thirty days after the due date, five per centum on the amount of such tax unpaid or any part thereof unpaid shall be added thereto, and if the tax remains unpaid at the expiration of sixty days after the due date an additional five per centum shall be added as aforesaid, unless the Commissioner is satisfied that the failure to pay the tax has not arisen through the default of the taxpayer.

65. Nothing in this Act contained shall limit or prevent the enforcement of any claim for income tax by His Majesty in the manner provided by "*The Crown Remedies Act of* 1874," or any Act amending or in substitution for that Act.

66. No statute of limitations now or hereafter in force shall bar or affect any action, proceeding, or remedy for recovery of income tax.

67. (1.) When any person has died, who was possessed of or entitled to an income in his life-time which was not returned or assessed under this Act, the Commissioner shall have and may exercise the like remedies in respect of or against the legal personal representatives of such person as he would have had against him in his life-time.

Such representatives are required to make such returns as the Commissioner requires, unless he is satisfied that it is not in their power to do so.

(2.) The income tax to be recoverable against the legal personal representatives of any such person or his estate shall be assessed and levied for the whole period during which such income has not been so assessed or returned for assessment.

And the amount payable and to be recovered shall, unless the Commissioner otherwise determines, be double the amount of income tax so assessed and levied.

(3.) No time which may have elapsed shall be deemed to prevent the operation of this section, and the Commissioner may take any such proceeding or exercise or enforce any power, authority, or remedy for the purpose of giving effect to this Act, and recover the income tax due or that ought to have been paid as he may take, exercise, or enforce in any other case.

68. If after any income tax has been paid it is discovered that too little in amount has been paid, the person liable for such tax shall forthwith pay the necessary additional amount, and the amount so payable shall be recoverable in like manner as income tax is recoverable.

But no taxpayer shall, as an agent or trustee, be liable under this section to pay any amount in excess of the assets presently in his control or possession belonging to the estate for which he is agent or trustee, and in respect of which such additional amount is payable.

69. If, after any income tax has been paid, it is discovered that too much in amount has been paid, the Commissioner, upon an application being made to him for a refund of such overpayment, and upon being satisfied that too much in amount has been paid, shall issue to the taxpayer entitled to receive the same a certificate for a refund of the amount overpaid.

70. No application for refund of an over-payment of tax shall be entertained by the Commissioner unless made within twelve months after such over-payment was made; or, if there has been an objection, then within three months after the date of the decision on such objection.

72. (1.) Any person, whether or not liable to taxation under this Act, who—

(i.) Being within or having an agent within Queensland, fails to furnish, on or before the prescribed day, any prescribed return or within a time specified by the Commissioner any new or further or fuller return required by the Commissioner, unless such person proves that such failure was not wilful; or

(ii.) Knowingly makes or delivers any false return or makes any false answer, whether oral or in writing, in relation to his property or income, or any matter or thing affecting his liability to or exemption from income tax; or

(iii.) By any falsehood, neglect, fraud, art, or contrivance whatsoever used or practised, or by or under any instrument made, signed, executed, taken, or received, evades or avoids or attempts to evade or avoid assessment of any income, whether liable to income tax or not, or the payment of any income tax—

shall be liable to a penalty not exceeding one hundred pounds, and if the act or omission complained of affects any person as a taxpayer shall also by the Court before whom the matter is brought by way of additional penalty be assessed and charged double the amount of the income tax of which such person has attempted to evade or avoid the payment in addition to any income tax for which such person would have been otherwise liable.

(3.) Any person who aids or assists in any manner whatsoever to commit any offence within the meaning of paragraph (iii.) hereof shall be liable to a penalty not exceeding fifty pounds.

(4.) The term "person" in this section includes the public officer of a company and the agent or trustee of any person.

72A. When the Commissioner has reasonable grounds for believing that any person (herein termed "the agent") does not reside in Queensland, and that the agent has while in Queensland sold or disposed of any property for any other person, and has received or is entitled to receive as remuneration or part remuneration for such sale or disposal any sum by way of commission or salary, and that the agent intends to leave Queensland without paying income tax, the Commissioner or any officer authorised by him in that behalf may at any time require the agent to forthwith make a return of the amount of every such commission, and may forthwith assess the income tax payable by the agent thereon and demand immediate payment of the same, and, if the same is not forthwith paid, or arrangements satisfactory to the Commissioner are not made for payment, may without warrant cause the agent to be arrested by any member of the Police Force and detained until he can be brought before justices upon a complaint for evading the payment of the tax.

73. (1.) Every contract, covenant, agreement, or undertaking made or entered into, whether by deed or in writing or orally, either before or after the passing of this Act, by or between any person or persons or companies whatsoever, which but for the provisions of this Act would altogether or partially relieve any person from the burden or incidence of income tax or from liability to pay such tax, shall, so far as such contract, covenant, agreement, or undertaking relates to or covers such tax, be absolutely null and void.

(2.) Every person who is a party to any such contract, covenant, agreement, or undertaking made after the passing of this Act shall be liable to a penalty not exceeding one hundred pounds.

75. Any person carrying on any business, who when requested by the Commissioner, or any assessor or officer appointed under this Act, to disclose the name and residence of the person entitled to receive or participate in the income or rent derived from such business, or of the person by whom the same is collected or held, refuses or wilfully omits to disclose such name or residence, or wilfully misstates the same or neglects or refuses to give any information in his possession requested by the Commissioner or such assessor or officer, shall be liable to a penalty not exceeding fifty pounds.

76. (1.) Any person who obstructs or attempts to obstruct any officer acting in the discharge of his duty under this Act, or refuses or neglects to answer any question put by any such officer relating to any income belonging to such person or as to any deductions claimed or allowed in respect of such income or any part thereof, or gives any false or evasive answer, or in any manner whatsoever fails to comply with any of the provisions of this Act for which no penalty is expressly provided, shall be liable to a penalty not exceeding fifty pounds.

(2.) If any company makes default in complying with any provision of this Act, such company or the public officer thereof shall, where no other penalty is provided by this Act, be liable to a penalty not exceeding five pounds for every day during which such default continues:

And every director and manager of the company who knowingly and wilfully authorises or permits such default shall be liable to the like penalty.

79. Notwithstanding anything in any Act to the contrary, any complaint for any offence committed or penalty incurred under this Act may be brought, heard, and determined at any time within six months next after the date when the fact that the offence was committed or the penalty was incurred came to the knowledge of the Commissioner.

84. (ix.) Penalty for any breach of any Regulation not exceeding fifty pounds.

In respect of the financial year beginning 1st July, 1917	1½d. in each and every £ of the taxable value.
In respect of each financial year thereafter	2d. in each and every £ of the taxable value.

For the purposes of this section, "undeveloped land" means all land which has not in or upon it improvements of the value of at least one-fourth of the unimproved value of the land; and, in valuing improvements for this purpose, the value of all stock ordinarily depastured on the land may be taken into account as an improvement: Provided that any land may in any year be exempted from the said tax on undeveloped land by the Commissioner if, owing to drought or other sufficient cause, he deems it just and proper so to do.

10. (1.) Land tax shall be levied in and for the financial year beginning on the first day of July, one thousand nine hundred and fifteen, and each financial year thereafter.

11. (1.) Land tax shall be payable by the owner of land upon the taxable value of all the land owned by him, and not exempt from taxation under this Act.

(2.) The taxable value of all the land owned by a person is—

(*a*) In the case of an absentee or a company, the total sum of the unimproved value of each parcel of the land, if such total sum exceeds three hundred pounds;

(*b*) In the case of an owner not being an absentee or a company, the balance of the total sum of the unimproved value of each parcel of the land, after deducting the sum of three hundred pounds.

(3.) Every part of a holding which is separately held by any occupier or owner shall be deemed to be a separate parcel.

12. Land tax shall be charged on land as owned at midnight on the thirtieth day of June immediately preceding the financial year in and for which the tax is levied:

Provided that an owner of the land who, before the thirtieth day of September, one thousand nine hundred and fifteen, has sold or agreed to sell or conveyed part of the land or has sold or agreed to sell or conveyed all the land to different persons, shall, if the Commissioner is satisfied that the sale, agreement, or conveyance was *bonâ fide* and not for the purpose of evading the payment of land tax, be separately assessed for the year ending on the thirtieth day of June, one thousand nine hundred and sixteen, in respect of the land so sold or agreed to be sold or conveyed to any one person, and be charged with land tax in respect of that land as if it were the only land owned by him.

13. (1.) The following lands shall be exempt from taxation under this Act, namely:—

(i.) All land owned by the Commonwealth of Australia or the State, or by a local or other public authority;

(ii.) All land owned by or in trust for any society registered under the laws relating to friendly societies;

STATE LAND TAX ACT—*continued.*

6 Geo. V., No. 34, 29 Dec., 1915.

(iv.) All land owned by any building society registered under the laws relating to building societies, not being land of which the society has become owner by foreclosure of a mortgage;

(v.) All land owned by or in trust for a charitable or educational institution, if the institution, however formed or constituted, is carried on solely for charitable or educational purposes and not for pecuniary profit;

(vi.) All land owned by or in trust for a religious society, the proceeds whereof are devoted solely to the support of the aged or infirm clergy or ministers of the society or their wives or widows or children, or to religious, charitable, or educational purposes;

(vii.) All land owned by or in trust for any person or society and used or occupied by that person or society solely as a site for—

(*g*) A public garden, public recreation ground, or public reserve;

(*h*) A public road;

(*i*) A fire brigade station.

(2.) With respect to land which, under this section, is exempt from land tax, the exemption shall be limited to the owner specified in this section, and shall not extend to any other person who is the owner of any estate or interest in the land.

14. (1.) Land owned by a Mutual Life Assurance Society (not being land of which the society is mortgagee in possession, or which the society has acquired under or by virtue of a mortgage) shall not be liable as against the society or its policy-holders to assessment or taxation under this Act.

(2.) For the purposes of this section, a Mutual Life Assurance Society means any assurance society all the profits of which are divided among the policy-holders.

In the case of a society which has shareholders who are entitled to receive a share of the profits of the society, a proportion of such land owned by the society, corresponding to the proportion of the total assurances of the society which is represented by its Australian policies, shall not be liable as against the society or its policy-holders to assessment or taxation under this Act.

16. (1.) For the purposes of the assessment and levy of land tax, every owner of land of the unimproved value of two hundred pounds or upwards shall in each financial year, in the prescribed manner and within the prescribed time, furnish returns setting forth a full and complete statement of all land owned by him at midnight on the thirtieth day of June then last past, and of the improved value and unimproved value of every parcel thereof, and, for the purpose of the additional tax on undeveloped land, of the value of the improvements on every parcel of land, with such other particulars as are prescribed:

Provided that, except as otherwise required by the Commissioner or prescribed, a taxpayer who in any financial year has furnished the full returns above mentioned may in each succeeding year furnish, in lieu of such full returns as above mentioned, supplementary returns setting out a full and complete statement of all land of which he has become or ceased to be the owner since the thirtieth day of June preceding the date of the last full return, and of the improved and unimproved value of every parcel thereof, and of the improvements thereon, with such other particulars as are prescribed.

(2.) In addition to the returns specified in the last preceding subsection, every person, whether a taxpayer or not, shall, as and when required by the Commissioner, make such returns or further or other returns as the Commissioner requires for the purposes of this Act.

(3.) Every return shall be verified by any prescribed form of declaration, or in such other manner as is prescribed or as is specially required by the Commissioner.

17. (1.) The Commissioner may, if, as, and when he thinks fit, make or cause to be made valuations of any land.

(4.) The Commissioner, or any officer, authorised by him on that behalf, shall at all times have full and free access to all lands, buildings, places, books, documents, and other papers, and to all registers of deeds or documents of title, for the purpose of valuing or inspecting any land, or of ascertaining the ownership of any land, and for any of those purposes may make extracts from or copies of any such books, documents, or papers.

18. (1.) From the returns and valuations so made, if any, and from any other information in his possession, or from any one or more of those sources, and whether any return has been furnished or not, the Commissioner shall cause assessments to be made for the purpose of ascertaining the amount upon which land tax shall be levied.

(3.) As soon as conveniently may be after a taxpayer's assessment is entered in the assessment-register, the Commissioner shall cause notice in writing of the assessment, in the form and containing the particulars prescribed, to be given to the taxpayer.

19. If—

(*a*) Any taxpayer or person makes default in furnishing any return; or

(*b*) The Commissioner has reason to believe that any person (though he may have furnished no return) is a taxpayer; or

(*c*) The Commissioner is not satisfied with the return made by any taxpayer or person,

the Commissioner may make an assessment of the amount on which, in his judgment, land tax ought to be levied, and the taxpayer or person shall be liable to land tax thereon, excepting so far as he establishes, on appeal, that the assessment is excessive.

If such default is made in furnishing a return at the prescribed date or within any further time allowed by the Commissioner, there shall be added to the amount of the tax a sum equal to five pounds per centum on the same; and if such default continues for a period of sixty days after the due date or such extended date (if any), there shall be added to the amoung of the tax a sum equal to ten pounds per centum on the same; and such addition to the tax in either of the aforesaid cases shall be deemed to be a part of the tax and be recoverable accordingly.

(5.) If within three years after any land tax has been paid it is discovered that too much in amount has been paid, whether by reason of duplicate taxation or otherwise, the Commissioner upon being satisfied thereof shall alter the assessment accordingly and order the excess to be returned to the taxpayer entitled thereto.

21. The owner of any freehold estate less than the fee-simple shall be deemed to be the owner of the fee-simple, to the exclusion of any person entitled in reversion or remainder, and shall be assessed accordingly; and the Commissioner shall have the same remedies against the land for the recovery of the tax as if the taxpayer were the owner of the fee-simple.

22. The lessee or other occupier for the time being of any land shall be liable to pay the land tax on behalf of the owner, but if he pays the same he shall have the right to recover the amount thereof from the owner, and also may deduct the amount so paid from any rent due or to accrue due from him to the owner.

23. No deduction from the unimproved value of any land shall be allowed in respect of any mortgage to which the land is subject, or in respect of any unpaid purchase money.

A mortgagor shall be assessed and liable for land tax as if he were the owner of an unencumbered estate.

24. A mortgagee, or other person owning any estate or interest in land by way of security for money, shall not be liable to land tax in respect of that mortgage, estate, or interest:

Provided that a mortgagee in possession of land, or any other person in possession of land by way of security for money, shall so long as such possession continues (though not to the exclusion of any other person) be deemed to be the owner of the land.

But the last preceding proviso shall not apply to any mortgagee or person in possession whose possession began before the first day of July, one thousand nine hundred and fifteen, until twelve months after that date; he shall, however, if the mortgagor makes default in the payment of land tax in

STATE LAND TAX ACT—*continued.*

6 Geo. V., No. 34, 29 Dec., 1915.

respect of the land, pay the tax due by the mortgagor, and such payment shall be deemed to be made by him on behalf of the mortgagor.

25. (1.) Joint owners of land shall be severally assessed and liable in respect of the land (exclusive of the interest of any joint owner exempt under this Act), and the value of each owner's share shall be added to the value of all other land of which he is the owner.

(2.) Each joint owner of land shall be separately assessed and liable in respect of—

(*a*) His individual interest in the land (as if he were the owner of a part of the land in proportion to his interest), together with

(*b*) Any other land owned by him in severalty, and

(*c*) His individual interests in any other land.

(3.) The Commissioner may, for the purposes of this Act, declare any joint owner of land to be the agent or trustee of all other joint owners of the same land.

26. A company shall be assessed as the owner of all land owned by it.

27. (1.) Any taxpayer or person may within the prescribed time appeal to the Supreme Court or a District Court against any assessment by the Commissioner with respect to his land, on the ground that he is not liable for the tax or any part thereof, or that the assessment is excessive.

28. (1.) On the hearing of the appeal the Court may make such order as it thinks fit, and may either reduce or increase the assessment, and its order shall be final and conclusive on all parties except as provided in this section.

(4.) An appeal shall lie to the Full Court from any order made under subsection one of this section.

29. (1.) The fact that an appeal is pending shall not in the meantime interfere with or affect the assessment appealed from; and land tax may be levied and recovered on the assessment as if no appeal were pending.

(2.) If the assessment is altered on appeal a due adjustment shall be made, for which purpose amounts paid in excess shall be refunded, and amounts shortpaid shall be recoverable as arrears.

ACQUISITION OF LAND.

31. If the Commissioner is of opinion that the owner of any land has, in a return furnished under this Act, understated the unimproved value of the land, to the extent of twenty-five per centum or more, the following provisions shall apply:—

(*a*) The Commissioner may apply to the Supreme Court for a declaration that the Crown is entitled to acquire the land under this Act.

(*b*) The application shall be heard by a Judge of the Supreme Court, from whose decision an appeal shall lie to the Full Court; and the owner of the land shall be entitled to be heard.

(*c*) If the Judge or Full Court—

(i.) Is satisfied that the owner has understated the unimproved value of the land to the extent of twenty-five per centum or more; and

(ii.) Is not satisfied that the undervaluation was not made with a view to evading taxation, he shall make the declaration applied for, and make such order as to costs as he thinks proper.

(*d*) Thereupon the Governor in Council may acquire the land on behalf of the Crown; and for that purpose may, within a reasonable time, by proclamation, declare that the land is vested in the Crown, but subject to all leases, mortgages, and other charges affecting the land.

(*e*) The effect of the proclamation shall be to vest the land in the Crown for the same estate or interest therein as the owner was entitled to at the date of the publication of the proclamation in the *Gazette*, but subject to all leases, mortgages, and other charges then affecting the land, and to entitle the owner to compensation therefor upon the basis of the improved value obtained by adding the fair value of improvements to the unimproved value stated in the return, together with the amount of ten per centum upon that improved value, by way of an allowance for compulsory dispossession.

(*f*) The provisions of "*The Public Works Land Resumption Act of* 1906" shall, so far as applicable, but subject to this Act, apply in relation to the land so acquired as if it had been acquired under that Act.

(*g*) The Governor in Council may authorise the use of the land for any public purpose for which it is required; or, if it is not required for any public purpose, may authorise the disposal of it as he thinks fit.

COLLECTION AND RECOVERY OF TAX.

32. Land tax for each year shall be due and payable as prescribed.

Not less than thirty days' public notice shall be given by the Commissioner of the date on which the land tax will be payable.

33. Every person who fails to pay the amount payable by him in respect of land tax before the expiration of thirty days after it has become due shall be liable by way of additional tax to a further amount of ten per centum on the amount of the tax:

Provided that the Commissioner may in any particular case, for reasons which in his discretion he thinks sufficient, remit the additional tax or any part thereof.

35. If, in any proceedings against a taxpayer for the recovery of land tax, the defendant—

(*a*) Is absent from Australia and has not to the knowledge of the Commissioner after reasonable inquiry in that behalf any attorney or agent in Australia on whom service of process can be effected; or

(*b*) Cannot after reasonable inquiry be found,

service of any process in the proceedings may without leave of the Court be effected on him by posting the same or a sealed copy thereof in a letter addressed to him at his last known place of business or abode in Australia or by fixing the same on a conspicuous part of the land to which the tax relates.

36. The following provisions shall apply in any case where, whether intentionally or not, a taxpayer escapes full taxation in his lifetime by reason of not having duly made full and complete returns:—

(*a*) The Commissioner shall have the same powers and remedies against the executors and administrators of the taxpayer in respect of the estate of the taxpayer as he would have had against the taxpayer in his lifetime.

(*b*) The executors and administrators shall make such returns as the Commissioner requires for the purpose of a full assessment.

(*c*) The assessment shall be at the rates payable in respect of the years for which the tax ought to have been paid, and the amount payable shall (where the taxpayer's default was intentional) be treble the amount of the difference between the tax so assessed and the amount actually paid by the taxpayer, and shall be a first charge on all the taxpayer's estate in the hands of the executors and administrators.

(*d*) No lapse of time shall prevent the operation of this section, and the Commissioner may take all such proceedings and exercise all such powers and remedies for the purpose of giving effect to this section and recovering the treble tax as in the case of ordinary assessments and taxation.

37. (1.) Land tax shall until payment be a first charge upon the land taxed in priority over all other encumbrances whatever other than land tax due to the Commonwealth, and notwithstanding any disposition of the land it shall continue to be liable in the hands of any purchaser or holder for the payment of the tax so long as it remains unpaid:

Provided that no such charge shall be of effect as against a *bonâ fide* purchaser for value who at the time of purchase made inquiry of the Commissioner as prescribed, and was informed there was no liability.

38. Every person who under this Act pays any tax for or on behalf of any other person shall be entitled to recover the same from that other person as a debt, together with the costs of recovery, or to retain or deduct the same out of any money in his hands belonging or payable to that other person.

MISCELLANEOUS.

39. The public officer of a company appointed under section thirty of "*The Income Tax Act of* 1902" shall also be and be deemed to have been appointed the public officer of such company under and for the purposes of this Act; and the provisions of the said section thirty shall apply to this Act as if this Act were expressly mentioned therein.

STATE LAND TAX ACT—*continued.*

6 Geo. V., No. 34, 29 Dec., 1915.

40. Whenever as to any particular land—

- (i.) More than one person appears or claims to be liable or qualified to pay land tax; or
- (ii.) A question arises as to the person liable to pay land tax; or
- (iii.) A question arises as to whether a person is liable to pay or is chargeable with land tax, and whether on his own behalf, or as trustee, or agent of any other person;

the Commissioner may decide the matter in question, subject, however, to appeal as herein provided.

43. With respect to every agent, and with respect also to every trustee, the following provisions shall apply:—

- (*a*) He shall be answerable as taxpayer for the doing of all such things as are required to be done by virtue of this Act in respect of the land held by him in his representative capacity and the payment of land tax thereon.

- (*c*) If he is an executor or administrator, the returns shall be the same, as far as practicable, as the deceased person if living would have been liable to make.
- (*d*) Where as agent or trustee he pays land tax, he is hereby authorised to recover the amount so paid from the person in whose behalf he paid it, or to deduct it from any money in his hands belonging to that person.

- (*g*) If he is a trustee he may raise whatever moneys are necessary in order to pay the land tax by mortgage or charge with or without power of sale of any real or personal property held by him as such trustee, and may apply the money so raised or any other moneys in his possession as such trustee in paying the tax.
- (*h*) He is hereby indemnified for all payments which he makes in pursuance of this Act or by requirements of the Commissioner.
- (*i*) For the purpose of insuring the payment of land tax the Commissioner shall have the same remedies, against all land or other property of any kind vested in or under the control or management or in the possession of any agent or trustee, as he would have against the land or other property of any other taxpayer in respect of land tax, and in as full and ample a manner.

44. (1.) Every contract, covenant, agreement, undertaking, or arrangement made or entered into, in writing or orally, whether before or after the passing of this Act, shall, so far as it has or purports to have the purpose or effect of in any way, directly or indirectly—

- (*a*) Altering the incidence of any land tax; or

be absolutely void, but without prejudice to its validity in any other respect or for any other purpose.

47. (1.) Any person who obstructs or attempts to obstruct any officer acting in the discharge of his duty under this Act, or refuses or neglects to answer any question put by any such officer relating to any land belonging to such person, or gives any false or evasive answer or in any manner whatsoever fails to comply with any of the provisions of this Act for which no penalty is expressly provided, shall be liable to a penalty not exceeding fifty pounds.

(2.) If any company makes default in complying with any provision of this Act, such company or the public officer thereof shall, where no other penalty is provided by this Act, be liable to a penalty not exceeding five pounds for every day during which such default continues:

And every director and manager of the company who knowingly and wilfully authorises or permits such default shall be liable to the like penalty.

48. Any person who—

- (*a*) Fails or neglects to duly furnish any return as and when required by this Act or by the Commissioner; or
- (*b*) Without just cause shown by him, refuses or neglects to duly attend and give evidence when required by the Commissioner or any officer duly authorised by him, or to truly and fully answer any questions put to him, or to produce any book or papers required of him by the Commissioner or any such officer; or

PENALTIES.

Persons refusing to produce instruments liable to Stamp Duty for the inspection of inspectors, £50.

Inspectors illegally disclosing information, £50.

Every person who, with intent to defraud His Majesty—

(*a*) Executes any instrument in which all the said facts and circumstances are not fully and truly set forth; or

(*b*) Being employed or concerned in or about the preparation of any instrument, neglects or omits fully and truly to set forth therein all the said facts and circumstances, £50.

Every person who, being required by law to cancel an adhesive stamp, neglects or refuses duly and effectually to do so, £10.

If any person—

(*a*) Fraudulently removes or causes to be removed from any instrument any adhesive stamp, or affixes to any other instrument any adhesive stamp which has been so removed, with intent that the stamp may be used again; or

If any person—

(*b*) Sells or offers for sale, or utters, any adhesive stamp which has been so removed, or utters any instrument having thereon any adhesive stamp which has to his knowledge been so removed as aforesaid;

he shall, in addition to any other fine or penalty to which he may be liable, incur a penalty not exceeding £50.

If any person signs or executes any instrument liable by law to any stamp duty before it is duly stamped for denoting the payment of the duty, he shall be liable on conviction to pay the whole or the deficiency, as the case may be, of the stamp duty payable upon or in respect of such instrument, and a further sum as penalty, not exceeding £50, save where another specific penalty is in this Act provided:

Provided that, except in the case of receipts, cheques, agreements, bills of lading, and charter party, no penalty shall be inflicted if the instrument is stamped within thirty days after the date thereof if executed within the State, or within thirty days after the receipt of the same within the State if it was executed abroad or in the case of a bill of exchange or promissory note made, drawn, or issued within the State, if the instrument is stamped not later than thirty days from the time when it was first received by the payee, or in the case of a bill of exchange or promissory note or other instrument drawn or purporting to be drawn out of the State, if the instrument is stamped at any time before payment or receipt (as the case may be) and not being later than thirty days after it was first received within the State:

Provided further, that if any instrument is presented to the Commissioners or a Deputy Commissioner to be stamped after the expiration of thirty days from the date thereof or from its first receipt by the payee, or within the State, as the case may be, and if it is proved to the satisfaction of the Commissioner or Deputy Commissioner that the delay in presenting the same was due to unavoidable accident, and not merely to negligence on the part of the holder or his agent, it shall be lawful for the said Commissioners or Deputy Commissioner to stamp the said instrument, and to forego all claim for any penalty:

Provided nevertheless that the Commissioners or a Deputy Commissioner may, in their or his discretion, instead of instituting proceedings for the recovery of the penalty, demand and receive the amount thereof or such reduced amount as they or he may think fit, from the person liable to pay the same.

Every public officer having in his custody any books, records, papers, documents, or proceedings, the inspection whereof may tend to secure any duty or prove or lead to the discovery of any fraud or omission in relation to any duty, shall at all reasonable times permit any person thereto authorised by the Commissioners to inspect the books, records, papers, documents, and proceedings, and to take such notes and extracts as he may deem necessary, without fee or reward, and in case of refusal shall for every offence incur a penalty not exceeding £10.

(2) Provided that if any bill of exchange payable on demand or at sight, or on presentation, is presented for payment unstamped, the person to whom it is presented may affix thereto an adhesive stamp of one penny, and cancel the same, as if he had been the drawer of the bill, and may thereupon pay the sum in the bill mentioned, and charge the duty in account against the person by whom the bill was drawn, or deduct the duty from the said sum, and the bill is, so far as respects the duty, to be deemed valid and available.

(3) But the foregoing proviso is not to relieve any person from any penalty incurred by him in relation to such bill.

2. (1.) Where any person dies from injuries inflicted, accident occurring, or disease contracted (within twelve months before death) while on naval or military service, whether with His Majesty's Navy or Army or under the provisions of any Act of the Parliament of the Commonwealth of Australia, during the War in which His Majesty is at present engaged, the following provisions shall apply as to the duties payable under sections twelve and fifty-five of "*The Succession and Probate Duties Acts,* 1892 *to* 1906," whether under a will or on the intestacy of such person:—

(i.) In all cases where the net value of all the property passing on the death of the deceased does not exceed five thousand pounds:—

(*a*) In calculating the value of any succession to which the widow or widower or a lineal descendant or a lineal ancestor of the deceased becomes immediately entitled on the death of the deceased, for the purposes of assessing the duty to be paid under section twelve, the sum of two thousand five hundred pounds shall be deducted from the value of each such succession, and duty, if any, under the said section shall be assessed only on the amount, if any, remaining after such deduction; and this deduction shall be made notwithstanding that any other person or persons in addition to all or any of the persons aforesaid is or are also entitled to a succession or successions on the death of the deceased;

(*b*) In calculating the net value of the property of the deceased, for the purposes of assessing the duty to be paid under section fifty-five on the grant of probate or letters of administration of the estate of the deceased, there shall be deducted the total value of all successions (but not exceeding two thousand five hundred pounds in respect of each succession) to which the widow or widower or a lineal descendant or a lineal ancestor of the deceased becomes immediately entitled on the death of the deceased, and the duty, if any, under the said section shall be assessed only on the net value, if any, of the property remaining after such deduction of the value of such successions as aforesaid has been made.

(ii.) In all cases where the net value of all the property passing on the death of the deceased exceeds five thousand pounds, there shall be remitted, or, if duty has been paid, repaid, in respect of the total value of all the successions to which the widow or widower or a lineal descendant or a lineal ancestor of the deceased becomes immediately entitled on the death of the deceased, so much of the duties in the aggregate leviable under sections twelve and fifty-five as exceeds a sum which, if accumulated at interest at the rate of three pounds per centum per annum from the date of death, would, at the expiration of the period of the normal expectation of life of a person of the age of the deceased at the date of his death, amount to the duties so leviable; and the sum so remitted shall be remitted in favour of each such successor in proportion to the value of the successions to which each such successor has become so entitled, and to no other persons: for the purposes of this provision, the normal expectation of life shall be calculated in accordance with the Australian Life Tables, 1901-1910, compiled by the Commonwealth Statistician.

(2.) The foregoing provisions shall apply as to duties payable under sections twelve and fifty-five, respectively, in respect of the real and personal estate of persons dying as aforesaid, whether before, on, or after the thirty-first day of December, one thousand nine hundred and fourteen.

3. (1.) Where the Attorney-General is satisfied that duty has become payable in respect of any property in a case to which the last preceding section applies, and that subsequently duty has again become payable in respect of the same property, or any part thereof, upon its being derived from, or accruing on the death of, some other deceased person, in a case to which the said section applies, the whole of the duty thus subsequently becoming payable shall be remitted, or, in case the duty has been paid, repaid.

(2.) This section shall only apply to property as aforesaid derived by, or accrued or accruing to, the widow or widower or a lineal descendant or a lineal ancestor of such last-mentioned deceased person.

4. Nothing in this Act shall be construed to relieve any executor or administrator from any obligation to file with or furnish to the proper officer any inventory or account prescribed by law to be filed or furnished by him.

5. Notwithstanding any of the provisions of this Act, for the purpose of fixing the rate of succession duty, if any, chargeable under the said section twelve in respect of any succession, the value of the whole succession or successions passing upon the death of the deceased shall be ascertained without taking into consideration any allowances provided for by this Act.

PUBLIC CURATOR ACT.

6 Geo. V., No 14, 13 Dec., 1915.

3. (ii.) The public curator shall by virtue of his office be deemed to be curator of intestate estates for the purpose of any estate to which the "*Curator of Intestate Estates Act of* 1867" now applies, and to have been so appointed under and for the purposes of that Act;

(iii.) In the case of any insolvency under any Act prior to "*The Insolvency Act of* 1874," the affairs of which have not yet been fully administered, the whole of such unadministered estate, and every power, right, title, privilege, and remedy vested in or competent to any assignee by virtue of his appointment under such Act, shall, without any conveyance or assignment, become vested in the public curator, who is hereby authorised exclusively to do all such acts and things with respect to such insolvency as fully and effectually as if the same were an insolvency under "*The Insolvency Act of* 1874." And the trustee of such estate shall forward returns of all moneys received and disbursed by him since a date to be fixed by the public curator, and shall pay over any balance remaining from such moneys to the public curator:

Provided that nothing herein shall impose any liability on the public curator for any wrongful act or omission of such trustee, or relieve such trustee from any personal liability therefor; and the liability, if any, of the public curator under this Act shall be limited to the value of the property which has devolved upon him as aforesaid.

4. "Estate" or "estates"—Any property under administration or held, managed, or controlled by the public curator in any capacity whatsoever;

"Property" includes both real and personal property of every description or kind whatsoever;

"Trust" does not include the duties incident to an estate mortgaged; but, with this exception, "trust" and "trustee" include implied and constructive trusts, and include cases where the trustee has some beneficial estate or interest in the subject of the trust, and include also the Crown or any public officer, or an executor or administrator, and the duties incident to the office of personal representative of a deceased person;

"Trust instrument" includes a will, settlement, or other instrument creating a trust, whether the same was made, or came or is to come into operation, or took or is to take effect, before or after the commencement of this Act;

"Trust property" includes all property in the possession or under the control, wholly or partly, of the public curator, or to which he is entitled by virtue of any trust.

"Will" includes a codicil.

7. (1.) The offices respectively of curator of intestate estates, curator in insanity, official trustee in insolvency, and principal receiver in insolvency are abolished.

Subject to this Act, the former powers and duties of such officers shall be exercised and performed by the public curator.

(2.) The office of district receiver in insolvency is abolished, and, subject to this Act, the former powers and duties of every district receiver in insolvency shall be exercised and performed by such officer as the public curator designates respectively in that behalf.

(3.) All the duties, powers, authorities, and functions which by "*The Insolvency Act of* 1874" were imposed or conferred upon or vested in the accountant in insolvency, and which by "*The Insolvency, Intestacy, and Insanity Administration Act of* 1893" were transferred to and imposed and conferred upon and vested in one or more of the official trustees appointed by the Governor in Council in that behalf, shall, on the commencement of this Act, be transferred to and imposed and conferred upon the public curator, and the term "trustee" in sections one hundred and thirty-six, one hundred and ninety-three, one hundred and ninety-four, and one hundred and ninety-five of "*The Insolvency Act of* 1874" shall be construed as relating solely to a trustee appointed by the creditors.

(4.) Notwithstanding anything to the contrary in section two hundred and two, subsection nine, of the said Act, the provisions of that Act as amended by this Act with respect to the audit of trustees' accounts shall apply in the case of a debtor whose affairs are under liquidation by arrangement, and sections one hundred and ninety-three, one hundred and ninety-four, and one hundred and ninety-five of that Act shall be construed as applying equally to every trustee under such liquidation, as well as every trustee appointed by the creditors.

(5.) Whenever proceedings in liquidation by arrangement have been closed, and the trustee has obtained his release, all outstanding assets belonging to the estate of the debtor shall vest in the public curator, and he shall be deemed to be the trustee in such liquidation for the purposes of realising such assets and properly distributing the same, and of the debtor's discharge, and of any other matter or thing which may arise in connection with the estate.

9. (1.) The public curator is hereby constituted a corporation sole under the name of "The Public Curator of Queensland," with perpetual succession and a seal of office.

Subject to this Act, the public curator shall be capable in law of suing and being sued, and of taking, purchasing, holding, and alienating land of any tenure, and of doing and suffering all such other acts and things as bodies corporate may by law do and suffer.

(2.) The appointment of the public curator and of his deputies and their signatures, and the seal of the public curator, shall be judicially noticed.

10. Where the public curator is authorised to enter into any contract or exercise any power, such authority may be exercised as follows:—

Any contract which if made between private persons, or any power which if exercised by private persons,—

Firstly, must be by deed or in writing under seal;

Secondly, must be in writing signed by the parties thereto or the persons executing the power;

Thirdly, may be made or exercised verbally, without writing:

When entered into or exercised by the public curator,—

In the first case, shall be in writing under his seal, and signed by or on behalf of the public curator;

In the second case, shall be in writing, signed by or on behalf of the public curator;

In the third case, may be made or exercised verbally, without writing, by or on behalf of the public curator.

11. (1.) The public curator may appoint any person to act as his agent.

At the request of the public curator, any clerk of petty sessions and any other State officer shall act as such agent within his district, and with, under, and subject to such powers, conditions, and limitations as are contained in such appointment.

(2.) Every such agent, not being a clerk of petty sessions or other State officer, shall, if required by the public curator, give such security for the due performance of his duties as the public curator thinks proper and sufficient.

12. Any officer or agent of the public curator who is authorised by the public curator in writing in that behalf, whether generally or in any particular case, may make any oath or declaration required to be made by the public curator, or verify any account, or execute transfers and assurances of any property, or sign or seal any documents or instruments requiring the public curator's signature or seal, or give consents or appear and conduct proceedings and give personal attendance in any court, or generally do any act or thing whatsoever for and on behalf of the public curator.

When so signing, such person shall sign his personal name, adding the words "acting under the authority of the public curator of Queensland pursuant to '*The Public Curator Act of* 1915,'" and he shall affix the public curator's seal in cases requiring the use of such seal; and such person's signature shall be judicially taken notice of without further proof.

Any such transfer, assurance, consent, document, or instrument executed as aforesaid by such person shall have the same effect as if the same were executed by the public curator personally.

13. No bond or other security shall be required from the public curator or any of his deputies in relation to his appointment to or acting in any office or capacity pursuant to this Act.

14. Every member of the staff of the public curator, and every agent of the public curator, shall be bound to secrecy by declaration in the prescribed form.

15. The public curator may, subject to the regulations, employ such solicitors, counsel, bankers, accountants, and brokers or other persons as he considers necessary.

In determining the persons to be so employed in relation to any trust, he shall have regard to the interests of the trust, but subject to this shall, whenever practicable, take into consideration the wishes of the creator of the trust and of the

PUBLIC CURATOR ACT—*continued.*

other trustees (if any), and of the beneficiaries, either expressed or as implied by the practice of the creator of the trust, or in the previous management of the trust.

16. The public curator shall not, nor shall any of his deputies or officers, act under this Act for reward, except as provided by this Act.

17. (1.) There shall be charged and payable in respect of the duties and services of the public curator such fees, whether by way of percentage or otherwise, as are prescribed by the regulations.

Such fees shall be collected and accounted for by such persons and in such manner, and shall be paid to such accounts, as are so prescribed.

(2.) Any expenses which might be retained or paid out of the trust property if the public curator were a private trustee shall be so retained or paid, and the prescribed fees shall also be retained or paid in the like manner as and in addition to such expenses.

(4.) The incidence of the fees and expenses under this section as between corpus and income shall be determined by the public curator.

18. (1.) Subject to this Act, all capital moneys, however arising, vested in the public curator, whether directed to be invested or not, shall become one common fund (herein called the "common fund"). and shall be invested by him.

Investments made from the common fund shall not be made on account of or belong to any particular trust or estate.

Subject to this Act, interest earned by such investments shall be paid into the common fund.

(2.) The public curator may invest in any of the investments in which, under "*The Trustees and Executors Act of* 1897," or any Act amending the same, trustees are authorised to invest trust funds, and also in any class of investment from time to time approved, for the purposes of this Act, by the Governor in Council by Order in Council published in the *Gazette.*

(3.) He may invest or retain invested money belonging to any trust or estate and coming to his hands in any investment authorised by the trust instrument or (save as otherwise provided by that instrument) authorised by law, and may (save as so provided) retain any investment existing at the date of the commencement of the trust, or (where the trust arises on an intestacy) at the date of the death of the intestate.

(4.) The interest payable to the respective trusts or estates the moneys of which form the common fund shall be at a rate to be from time to time determined by the Governor in Council.

Such interest shall be credited to the respective trusts or estates quarterly, on the first days of January, April, July, and October in each year.

(5.) Provided that moneys expressly directed to be invested otherwise than as mentioned in subsection two hereof shall not form part of the common fund, and the public curator may invest such moneys in accordance with such direction. But any loss or deficiency in respect of any such investments, or of the money received therefrom or realised thereby, shall be borne by the trust or estate to which such moneys belong, or if received or realised would belong.

21. (3.) Where an estate is under administration by him and any person entitled to a share of that estate desires an advance against his share, he may make advances to that person not exceeding in the whole one-half of the value of the share as estimated by the public curator.

(4.) All sums so advanced, with all interest thereon, shall be a first charge upon all the property of the estate, or the share advanced against, as the case may be, and shall bear interest at the rate fixed by the public curator, but not exceeding six pounds per centum per annum.

(5.) All interest received under this provision shall be paid into the common fund.

22. The accounts of the public curator in every capacity in which he acts shall be audited by the Department of the Auditor-General; and the public curator, his deputies, officers, and agents shall be deemed to be public accountants within the meaning of "*The Audit Acts,* 1874 *to* 1906."

23. (1.) The public curator shall make or cause to be made an inventory of each estate in course of administration by him, and shall retain the same in his office, and shall keep an account of all his receipts, payments, and dealings in every such estate, and shall retain all letters received and copies of all letters written by him and all deeds, papers, and writings of and relating to every such estate.

He shall file a copy of such inventory in respect of each estate in the registry of the court; but, notwithstanding any Act, rule, or practice to the contrary, it shall not be necessary for him to file any such account in such registry.

(2.) Upon an application in writing by or with the authority of any person interested in any such estate, the public curator shall—

(*a*) Permit the applicant or his solicitor or other authorised agent to inspect and take copies of any entry in any register relating to the estate, and (so far as the interest of the applicant is or may be affected thereby) of any account, notice, or other document in the custody of the public curator; and

(*b*) At the expense of the applicant supply him or his solicitor or other authorised agent with a copy of any such entry, account, or document as aforesaid, or of any extract therefrom; and

(*c*) Give to such applicant or his solicitor or other authorised agent such information respecting the estate and the trust property as is reasonably requested in the application and is within the power of the public curator.

(3.) Subject as aforesaid, the public curator, his deputies, officers, and agents, shall observe strict secrecy in respect of every trust or estate in course of administration by him.

24. There shall be established by the public curator an account to be called the "Unclaimed Moneys Fund."

The Governor in Council may direct that the whole or part of the moneys paid to the credit of the Unclaimed Moneys Fund shall be invested in the purchase of Government debentures or stock, and the interest arising from such investment shall be paid into the Consolidated Revenue Fund.

25. The public curator shall in every year in the month of January transmit to the Minister, to be laid before Parliament—

(*a*) A balance-sheet setting forth the total receipts and expenditure of the public curator during the preceding year, and the property and investments held and made during that period; and

(*b*) A profit and loss account setting forth the total revenue and expenditure of the public curator's office (including advances, if any) and losses chargeable to such revenue; and

(*c*) A statement showing the position and investment of the Unclaimed Moneys Fund.

27. (1.) All freehold land which becomes vested in the public curator under or pursuant to this or any other Act, and which is not subject to the provisions of "*The Real Property Acts,* 1861 *to* 1887," may be brought by him under the provisions of those Acts.

(2.) The proper registrar of titles shall register transmission of any real property to the public curator when duly appointed, and register all transfers and other instruments executed by the public curator, in the same manner as transmission is now entered up to the devisee, and as transfers and other instruments are now registered.

(3.) Whenever in any case the title of the public curator is defective through the non-existence or non-issue of any instrument of title which ought to be issued, then the public curator may require the same to be issued to him, and the proper officer shall upon such request issue the same to him accordingly.

(4.) The registrar-general and the Department of Public Lands, and every officer of the Supreme Court and every registrar of titles, registrar of companies, registrar of firms, and mining registrar, shall permit the public curator and any of his deputies, and any officer authorised by him or any of them in that behalf, free of charge, to make searches of and to make copies of or extracts from any documents of title or records in the department or registry relating to any property in which the public curator is or may be interested.

28. (1.) Where the Crown, the Governor in Council, or a public officer, or a court, judge, public or private corporate body, or any person within or without Queensland, now or hereafter can appoint a trustee, executor, administrator, guardian, committee, agent, or attorney, any of such appointments may be made of the public curator if he consents thereto.

(2.) Where the Crown, the Governor in Council, or a public officer, or a court or judge, public or private corporate body, or any person within or without Queensland, desires to or can create any trust, then, unless expressly prohibited, the Crown (by the Governor in Council), the Governor in Council, or such public officer, court, or judge, corporate body, or person may,

PUBLIC CURATOR ACT—*continued.*

6 Geo. V., No. 14, 13 Dec., 1915.

for the purposes of such trust, appoint the public curator to be trustee upon such trusts and under and subject to such powers, provisions, and conditions as are expressed.

(3.) Subject to this Act, the duties and rights of the public curator under any appointment shall be the same as if the appointment had been of a private person.

29. (1.) With the consent of the court—

(*a*) Executors, whether appointed before or after the commencement of this Act, may, unless expressly prohibited, before or after taking out probate, appoint the public curator sole executor; and

(*b*) Administrators, with or without a will annexed, whether appointed before or after the commencement of this Act, may, unless expressly prohibited, appoint the public curator sole administrator.

(2.) Without obtaining the consent of the court, trustees, whether appointed before or after the commencement of this Act, and under whatsoever trust instrument appointed, may, unless expressly prohibited, and notwithstanding the terms of the trust as to the number of trustees, appoint the public curator (if he consents thereto) sole trustee in their place.

Executors whose duties continue in the nature of a trusteeship after their administration is closed shall for the purposes of this subsection be deemed to be trustees.

(3.) Where there are more trustees, executors, or administrators than one, any one trustee or executor, (whether before or after proving a will), or any one administrator, may apply to the court to have the public curator appointed sole trustee, executor, or administrator.

(4.) On any application under this section the court may make such order as it thinks fit.

(5.) Where to the appointment of a trustee, executor, or administrator the consent of any person is requisite, and such person refuses to consent to the public curator being appointed, or where the person to consent is an infant, or a person of unsound mind, or is absent from Queensland, or is under any other disability, then an appointment of the public curator may be made without such consent if the court consents thereto.

(6.) Whenever under this section any executor or administrator with the will annexed appoints the public curator executor or such administrator, the public curator shall, by force of such appointment, be also sole trustee if such executor or administrator were trustee, or if there were no trustee appointed by the trust instrument or in existence.

30. When any person dies, being at the time of his death seized or possessed of or otherwise entitled to any property within Queensland, and has not by his will disposed of such property, then such property shall instead of descending to his heir-at-law or next-of-kin, pass to and become vested in the public curator; and in the case of property of persons dying intestate before the commencement of this Act, where any part thereof was vested in the Chief Justice or other judge of the court, the same shall be divested from him and vested in the public curator as from the commencement of this Act.

31. (1.) The public curator may be appointed as a new trustee, or as an additional trustee, in the same cases, and in the same manner, and by the same persons or court, as if he were a private trustee:

Provided that, unless the court otherwise orders, the public curator shall not be appointed as a new or additional trustee where the trust instrument contains a direction to the contrary.

(2.) When the public curator is appointed under this section as a new or additional trustee, he shall, subject to this Act, have the same powers, authorities, and discretions, and act as if he had been originally appointed a trustee.

(3.) Notice of any proposed appointment of the public curator as a new or additional trustee shall where practicable be given to all persons beneficially interested who are resident in Queensland and whose addresses are known to the persons proposing to make the appointment, or, if such beneficiaries are infants, to their guardians; and where any person to whom such notice has been given applies to the court within twenty-one days from the receipt of the notice, the court may, if having regard to the interests of all the beneficiaries it considers it expedient to do so, make an order prohibiting the appointment being made: Provided that a failure to give any such notice shall not invalidate any such appointment.

32. (1.) On the death of any person domiciled in Queensland, or who has property in Queensland, who has died or hereafter dies in Queensland or elsewhere intestate, the public curator shall, if he thinks fit to apply therefor, be entitled to an order to administer the estate of such person in all cases where such estate is not already in course of administration under letters of administration granted to some other person.

(2.) On such application no further proof of the death and intestacy of any person shall be required than an affidavit that, after due inquiries, the public curator is satisfied that such person died intestate.

(3.) The public curator shall be entitled as of right to such order:

Provided that if some other person in Queensland, who if it were not for this section would be entitled to such administration, applies for such administration, then the court may grant administration to such person:

Provided also that it shall not be necessary for the public curator nor shall the court require him to give notice of such application to any such person.

33. (1.) Where any person has heretofore died or hereafter dies testate in or out of Queensland leaving property in Queensland, and application for probate or letters of administration has not been made within three months after the death of such person, the public curator may apply for an order to administer, and the court shall make such order unless the person entitled to probate or letters of administration applies therefor, or shows to the satisfaction of the court that the delay in making such application has been and still is unavoidable or accidental.

(2.) On such an application no costs shall be awarded against the public curator.

(3.) On the application of any person entitled to probate or letters of administration with the will annexed (or of his attorney) who was out of Queensland when the order in favour of the public curator was made, and who has not renounced or refused probate or administration, the court may grant probate or administration to such person in such manner and subject to such limitations or conditions as the court thinks proper.

(4.) No such application shall be made until after fourteen days' notice in writing of the intention to apply has been left at the office of the public curator.

(5.) Immediately on the grant of such probate or administration, all the powers, rights, and duties of the public curator (except the rights reserved hereby) in relation to the testator's estate, and all liability of the public curator under any contract entered into by him, or otherwise, affecting or relating to such estate shall cease; and, subject to and on the allowance and payment of all moneys due for fees, necessary outlay, disbursements, and expenses affecting such estate, including the expenses of and incidental to the application for probate or administration, and consequent thereon, and subject also to the provisions of this section, such portion of the estate of the testator as is then unadministered by the public curator shall vest in the person obtaining probate or administration.

34. (1.) When any person who at the time of his death was domiciled or had any estate in Queensland dies, whether such death occurred within or outside Queensland, and whether before or after the commencement of this Act, the court may, on the application of the public curator, grant to him an order to administer the estate of such person in any of the following cases:—

(i.) Where such person leaves no executor willing and capable of acting in the execution of his will resident within the jurisdiction.

(ii.) Where every executor or administrator has died.

(iii.) Where the estate or any portion thereof is liable to waste, and the executor or administrator or next-of-kin—

(*a*) Is absent from the locality of the estate; or

(*b*) Is not known; or

(*c*) Has not been found; or

(*d*) Requests the public curator in writing to apply for such order.

(iv.) Where part of an estate already partly administered is unadministered, owing to the absence from the State or incapacity of the executor or administrator, or the executor or administrator has become insolvent.

In such case any absent or insolvent executor or administrator may be discharged by the court.

(2.) The court may make such order for a limited time or limited to a portion of the estate or otherwise.

35. (1.) In any case in which administration of the estate of any deceased person has been or is hereafter granted to any person, the public curator or any person interested may apply

PUBLIC CURATOR ACT—*continued*.

6 Geo. V., No. 14, 13 Dec., 1915.

to the court that an order to administer the estate left unadministered may be granted to the public curator upon the ground that it would be beneficial to any person who is or may be interested in the estate that the existing administrator should be removed, and that such estate should be administered by the public curator; and the court may make such order as under the circumstances it thinks just.

(2.) Before making any such application, seven days' notice shall be given to the existing administrator unless, by reason of his absence from Queensland or for other reasons disclosed upon affidavit, the court thinks fit to hear the application without such notice.

36. (1.) Subject to this Act, an order to administer when made shall give to the public curator the same power over the property of the deceased as he would have had if letters of administration of such property had been granted to him.

(2.) Upon obtaining an order to administer, the title of the public curator to any property in the estate, and to the rents and profits thereof, shall relate back to and be deemed to have arisen upon the death of the owner of such property, as if there had been no interval of time between such death and appointment:

Provided that any acts lawfully done by a prior administrator shall be as valid and effectual as if they had been done by the public curator.

(3.) After the public curator has obtained an order to administer any estate, no person shall institute any action or other proceeding for the administration of such estate; and any such action or proceeding previously commenced shall, on the application of the public curator, be stayed on such terms as to costs and otherwise as the court thinks fit.

37. (1.) Where any person has heretofore died or hereafter dies intestate, in or out of Queensland, leaving property the gross value of which as estimated by the public curator does not at the time of the election hereinafter mentioned exceed four hundred pounds, and no person has taken out administration, the public curator may, in all cases where he is entitled to an order to administer, in lieu of obtaining such order, file in the office of the court an election in writing setting forth the name, residence, and occupation (so far as then known to him) of the intestate, and of the property of the intestate as then known, and electing to administer.

(2.) Where any person has heretofore died or hereafter dies testate in or out of Queensland, leaving property the gross value of which, as estimated by the public curator, does not at the time of the election hereinafter mentioned exceed four hundred pounds, and no person has obtained probate, the public curator may, in all cases where he is entitled to obtain probate, in lieu of obtaining probate, file in the office of the court an election under his hand and seal setting forth the name, residence, and occupation (as far as then known to him) of the testator at the date of his death, and the property of the testator as then known, and the date of his death, and stating that after due inquiries he believes that the document annexed to such election is the testator's last will, and that such will has been validly executed according to the law governing the execution of wills, and electing to administer the property according to the provisions thereof.

(3.) On such election being filed the public curator shall be deemed to be administrator or executor, as the case may be, of the whole property of the deceased person in all respects as if an order to administer or probate had been regularly granted to him.

(4.) He shall publish in the *Gazette* a notice that he has made such election, and such notice shall be conclusive evidence that he is rightfully entitled to administer.

(5.) If after filing such election the gross value of the property to be administered is found to exceed the sum of six hundred pounds, the public curator shall, as soon as practicable thereafter, file in the office of the court a memorandum under his hand stating the fact, and proceed in the ordinary manner to obtain an order for the administration of the estate or probate of the will, as the case requires.

(6.) In this section "probate" includes an order to administer with will annexed, whether for general, limited, or special purposes.

38. (1.) Where any person has heretofore died or hereafter dies, and notwithstanding that some person other than the public curator is appointed executor or is entitled to letters of administration, the public curator may, if he thinks fit, until probate or letters of administration are granted, exercise with respect to the estate of the deceased person all such powers and authorities and do all such acts and things as he would have or could exercise or do if the deceased had died intestate and the public curator had obtained an order to administer:

Provided that the public curator shall not sell, lease, exchange, mortgage, or partition any portion of the property (except by sale of such portion of the personal estate as is of a perishable nature) unless such property is ordered to be sold by the court on the application of the public curator.

(2.) Before the public curator first acts under this section, he shall give notice, in writing or by telegram, to any person in Queensland, if known to the public curator as a person who (not being an infant or of unsound mind) would be entitled to obtain probate or letters of administration, informing such person that he intends to so act unless such person forthwith proceeds to apply for probate or letters of administration.

If such person does not, within twenty-one days after the posting of such notice or the despatching of such telegram, give notice, in writing or by telegram, to the public curator that he intends to apply for probate or letters of administration, or if such person gives such notice but fails for fourteen days thereafter to apply therefor, or makes such application and it fails, then, unless the court otherwise orders, the public curator may proceed to exercise any of the powers and authorities given by this section.

If more persons than one are entitled to take out probate or letters of administration, it shall be sufficient to give notice to one of such persons only.

Nothing herein shall, where it is not actually known to the public curator that there is in Queensland any person entitled to obtain probate or letters of administration, or in the case of emergency (of which emergency the public curator shall be the sole judge), prevent the public curator from exercising the powers and authorities given by this section without giving such notice as aforesaid.

(3.) All expenses incurred by the public curator under this section shall be a first charge upon the property of the deceased person.

(4.) Any person who afterwards takes out probate or letters of administration of the estate of any such deceased person shall, before he is entitled to a grant thereof, first pay any fees and expenses payable to or incurred by the public curator.

39. (1.) Any person who in the opinion of the public curator would be entitled to apply to the court for an order for the administration by the court of an estate, the gross capital value whereof is proved to the satisfaction of the public curator to be less than one thousand pounds, may apply to the public curator to administer the estate, and, where any such application is made and it appears to the public curator that the persons beneficially entitled are persons of small means, the public curator shall administer the estate, unless he sees good reason for refusing to do so.

(2.) On the public curator undertaking, by declaration in writing, to administer the estate, the trust property other than stock shall, by virtue of this Act, vest in him, and the right to transfer or call for the transfer of any stock forming part of the estate shall also vest in him, in like manner as if vesting orders had been made for the purpose by the court. As from such vesting any trustee entitled under the trust to administer the estate shall be discharged from all liability attaching to the administration, except in respect of past acts:

Provided that the public curator shall not exercise the right of himself transferring the stock without the leave of the court.

(3.) Upon receiving any application under this section the public curator shall require to be supplied to him such evidence as to the value of the estate and the circumstances of the persons beneficially entitled, and such other information relating thereto, as he may consider it desirable to obtain in any particular case.

(4.) If it is not proved to the satisfaction of the public curator that the gross capital value of the estate is less than one thousand pounds, or if it does not appear to him that the persons beneficially entitled are persons of small means, or if he sees any other good reason for refusing the application, he shall refuse the same, and shall forthwith give notice to the applicant of such refusal.

(5.) In any other case the public curator shall make in respect of the estate the declaration mentioned in subsection two hereof, and shall give notice to the applicant that the application is accepted, and shall take such other steps as may be necessary or proper to enable him to administer the estate; and any person having the custody of the probate or letters of administration or other document relating to the estate shall, upon the request in writing of the public curator, deliver the same to him or as he directs.

PUBLIC CURATOR ACT—*continued.*

6 Geo. V., No. 14, 13 Dec., 1915.

(6.) A refusal under this section shall not prevent the public curator from exercising with respect to the estate any powers (other than powers under this section) exercisable by him with respect thereto under this Act if duly appointed to exercise the same.

7. Upon the acceptance of any application the public curator shall determine whether the estate shall be administered from his office or from a branch office, and shall give directions accordingly; and any such direction may at any time be rescinded or varied by him at his discretion.

8. For the purposes of the administration the public curator shall (subject as hereinafter provided) have all the administrative powers and authorities exercisable by the court acting in the administration of an estate.

(9.) Where proceedings have been instituted in any court for the administration of an estate, and by reason of the small value of the estate it appears to the court that the estate can be more economically administered by the public curator than by the court, or that for any other reason it is expedient that the estate should be administered by the public curator instead of the court, the court may order that the estate shall be administered by the public curator, and thereupon (subject to any directions by the court) this section shall apply as if the administration of the estate had been undertaken by the public curator in pursuance of this section.

40. (1.) Unless the court otherwise orders, the public curator shall, within twenty-eight days after any order to administer has been granted, cause notice of the fact to be published—

(*a*) In some daily newspaper published in Brisbane; and if the person whose estate the public curator has been ordered to administer did not reside in Brisbane, then also

(*b*) In some newspaper published in the town or place in Queensland where such person resided; or if there is no newspaper published in such town or place, then

(*c*) In some newspaper circulating in or next to such town or place.

(2.) Unless the court otherwise orders, the public curator shall—

(*a*) Cause like notices to be published in newspapers published or circulating in the town or place in Queensland where the next-of-kin are known or supposed to reside; and in the case of foreigners,

(*b*) Give notice to the consul of the country where the next-of-kin are supposed to reside, if there is any consul resident in Brisbane.

(3.) Provided that the aforesaid notices shall not be necessary where the public curator is satisfied that the gross value of the estate does not exceed four houndred pounds.

41. (1.) In the administration of any trust estate as trustee thereof the public curator may act with an advisory trustee or advisory trustees to the extent herein provided. Where in this Act "advisory trustees" are referred to, those words mean and include "advisory trustee" in cases where there is only one advisory trustee.

(2.) An advisory trustee or advisory trustees may be appointed—

(*a*) By order of the court made on the application of any beneficiary or of any person on whose application the court would have power to appoint a new trustee; or

(*b*) By the trust instrument; or

(*c*) By any person having power to appoint new trustees.

(3.) Where the public curator acts with advisory trustees the trust property shall be vested in the public curator, and he shall have the sole management and administration of the estate and its trusts as fully and effectually as if he were the sole trustee:

Provided as follows:—

(*a*) He may consult the advisory trustees on any matter relating to the trusts or the estate.

(*b*) The advisory trustees may advise the public curator on any matter relating to the trusts or the estate.

(4.) In case of difference between the public curator and the advisory trustees, either the public curator or the advisory trustees may submit the matter in dispute in a summary manner to a judge of the court in chambers, whose decision thereon shall be final, and shall bind both the public curator and the advisory trustees.

(5.) No person dealing with the public curator shall be concerned to inquire as to the concurrence or otherwise of the advisory trustees, or be affected by notice of the fact that the advisory trustees have not concurred.

(6.) The power of appointing a new advisory trustee when exercisable by the continuing advisory trustees shall be exercised by them alone, but the public curator shall have the same power of applying to the court for the appointment of a new advisory trustee as is possessed by any other person.

(7.) In determining the number of trustees for the purposes of "*The Trustees and Executors Acts*, 1897 *to* 1906," the advisory trustees shall not be reckoned as trustees.

42. (1.) The public curator may, whether or not the number of trustees has been reduced below the original number, be appointed to be custodian trustee of any trust—

(*a*) By order of the court made on the application of any beneficiary or of any person on whose application the court may order the appointment of a new trustee; or

(*b*) By any trust instrument; or

(*c*) By any person having power to appoint new trustees.

(2.) Upon such appointment, if the public curator consents to act—

(*a*) The trust property shall be transferred to the custodian trustee as if he were sole trustee, and for that purpose vesting orders may, where necessary, be made by the court;

(*b*) The management of the trust property and the exercise of any power or discretion exercisable by the trustees under the trust shall remain vested in the trustees other than the custodian trustee (which trustees are hereinafter referred to as the managing trustees);

(*c*) As between the custodian trustee and the managing trustees, and subject and without prejudice to the rights of any other persons, the custodian trustee shall have the custody of all securities and documents of title relating to the trust property, but the managing trustees shall have free access thereto and be entitled to take copies thereof or extracts therefrom;

(*d*) The custodian trustee shall concur in and perform all acts necessary to enable the managing trustees to exercise their powers of management or any other power or discretion vested in them (including the power to pay money or securities into court), unless the matter in which he is requested to concur is a breach of trust, or involves a personal liability upon him in respect of calls or otherwise, but, unless he so concurs, the custodian trustee shall not be liable for any act or default on the part of the managing trustees or any of them;

(*e*) All sums payable to or out of the income or capital of the trust property shall be paid to or by the custodian trustee: Provided that the custodian trustee may allow the dividends and other income derived from the trust property to be paid to the managing trustees or to such person as they direct, or into such bank to the credit of such person as they direct, and in such case shall be exonerated from seeing to the application thereof and shall not be answerable for any loss or misapplication thereof;

(*f*) The power of appointing new trustees, when exercisable by the trustees, shall be exercisable by the managing trustees alone, but the custodian trustee shall have the same power of applying to the court for the appointment of a new trustee as any other trustee;

(*g*) In determining the number of trustees for the purposes of "*The Trustees and Executors Acts*, 1897 *to* 1906," the custodian trustee shall not be reckoned as a trustee;

(*h*) The custodian trustee, if he acts in good faith, shall not be liable for accepting as correct and acting upon the faith of any written statement by the managing trustees as to any birth, death, marriage, or other matter of pedigree or relationship, or other matter of fact, upon which the title to the trust property or any part thereof may depend, nor for acting upon any legal advice obtained by the managing trustees independently of the custodian trustee;

PUBLIC CURATOR ACT—*continued.*

6 Geo. V., No. 14, 13 Dec., 1915.

(*i*) The court may, on the application of either the custodian trustee or any of the managing trustees, or of any beneficiary, and on proof to its satisfaction that it is the general wish of the beneficiaries, or that on other grounds it is expedient to terminate the custodian trusteeship, make an order for that purpose, and the court may thereupon make such vesting orders and give such directions as under the circumstances seem to the court to be necessary or expedient.

43. The public curator may if he thinks fit—

(i.) Act as custodian trustee of a trust which involves the management or carrying on of any business, but upon the conditions that he shall not—

(*a*) Act in the management or carrying on of such business; or

(*b*) Hold any property of such a nature as will expose the holder thereof to any liability except under exceptional circumstances, and when he is satisfied that he is fully indemnified or secured against loss; and

(ii.) Accept as ordinary trustee under exceptional circumstances a trust which involves the management or carrying on of any business, but upon the conditions that except with the approval of the Minister he shall only carry on the same—

(*a*) For a short time not exceeding eighteen months; and

(*b*) With a view to sale, disposition, or winding-up and

(*c*) If satisfied that the same can be carried on without risk of loss.

44. (1.) Notice in writing to the public curator of his appointment as trustee or advisory trustee or custodian trustee may be sent to him—

(*a*) Where the appointment has been made by a testator—by any trustee or beneficiary under the will; and

(*b*) In the case of the estate of an intestate—by any person appearing to be beneficially interested in the estate; and

(*c*) In any case—by the persons or any one of the persons having power under this Act to make the appointment.

(2.) It shall be the duty of any person appointed by a testator to be co-trustee with the public curator, and, not renouncing or disclaiming the trust, to give to the public curator notice in writing of such appointment as soon as practicable after the same has come to his knowledge.

(3.) Upon receiving any such notice, the public curator may require to be produced to him the trust instrument (if any), and may require to be supplied with a copy of that instrument, and of any other document affecting the trust, and such particulars as to the nature and value of the trust property, and the liabilities (if any) attaching to such property or the holder thereof, and the names and places of abode of any beneficiaries and trustees under the trust, and such other information relating to the trust as he considers it desirable to obtain in any particular case.

(4.) As soon as may be after receiving any such notice, the public curator shall take into consideration, upon such evidence as appears to him sufficient—

(*a*) The gross capital value of the trust property;

(*b*) The mode of investment and the condition of the trust property;

(*c*) The situation, tenure, and character of any land comprised in the trust property;

(*d*) Any liabilities attaching to the trust property or the holder thereof;

(*e*) The places of abode and circumstances of the beneficiaries; and

(*f*) All the circumstances of the case;

and shall decide whether the trust ought to be accepted or refused. He shall forthwith give such notice as he thinks proper of such acceptance or refusal, and in case of acceptance shall execute an instrument in the prescribed form expressing his consent to act in the trust.

Upon acceptance he shall determine whether the trust, so far as his powers and duties are concerned, shall be administered from his office or from a branch office, and give directions accordingly. Any such direction may at any time be rescinded or varied by him at his discretion.

45. (1.) Where the trustees of a trust estate are empowered to delegate all or any of their powers and functions to any person, they may delegate the same to the public curator with his consent, and in such case the public curator may exercise all the powers and functions so delegated.

The charges of the public curator shall be such as are prescribed, or, if not prescribed, as are agreed on by the delegating trustees and the public curator.

(2.) Any executor may pay the legacy or share due to any infant to the public curator and by writing direct the public curator to account to such infant according to the provisions of the trust instrument; and such writing shall vest in the public curator all the powers of such executor or the trustee of such instrument in regard to such legacy or share. This provision extends to existing instruments.

Such executor shall furnish the public curator with a copy of the trust instrument, and the public curator shall act thereon.

''Executor'' in this subsection includes an administrator with or without the will annexed for general, special, or limited purposes; also any trustee.

46. The public curator, with his consent, and for such remuneration as is prescribed, or, if not prescribed, as is agreed on, may be appointed receiver or receiver and manager under any Act or instrument providing for the appointment of a receiver or receiver and manager, or in the exercise of the general jurisdiction of the court.

47. The public curator may, by deed or will or by the court (whether on the application of the public curator or of any other person), be appointed to be a guardian of an infant under any law in force for the time being relating to the guardianship and custody of infants.

48. Subject to this Act, the public curator shall be capable of being appointed and of acting—

(i.) As next friend of an infant;

(ii.) As committee of the property of any person of unsound mind, whether so found by inquisition or not.

49. (1.) In any case where a fund is raised by public or private subscriptions for the benefit or relief of any person or class of persons, the following provisions shall apply:—

(*a*) The fund may be paid to the public curator to be administered by him and to be invested in the common fund;

(*b*) The public curator may recognise as a committee any persons whom he believes to have been appointed or authorised in that capacity by a substantial number of the subscribers;

(*c*) The public curator, after conferring with the committee, may apply to the court for directions as to the administration of the fund, and for that purpose may submit a scheme;

(*d*) The court may approve the scheme with or without modification as the court thinks fit;

(*e*) The public curator shall administer the fund in accordance with the scheme so approved;

(*f*) On the application of the public curator, of the Attorney-General on the relation of any member of the committee, or of any person claiming an interest in the fund, the court may at any time vary the scheme or give directions on any point or question relating to the scheme or the fund;

(*g*) The public curator shall obey all such directions.

(2.) This section shall apply to funds raised before or after the commencement of this Act.

50. Where the amount of the compensation money due in respect of the death of a worker has been duly arrived at, the person liable to pay the same may pay the same to the public curator, and the receipt of the public curator, or of any one authorised by him in that behalf, shall be a complete discharge to such person.

The public curator shall thereupon hold the said money for the person or persons entitled thereto.

A certificate under the hand and seal of the public curator showing the receipt of the said money shall, in any court or proceedings whatsoever, be sufficient evidence of the facts therein stated without any further proof.

51. (1.) In any cause or matter in the court in which money or damages is or are claimed by or on behalf of an infant or a person of unsound mind not so found by inquisition suing either alone or in conjunction with other parties, no settlement or compromise or acceptance of money paid into court, whether before or at or after the trial, shall as regards the claims of any such infant or person of unsound mind be valid

PUBLIC CURATOR ACT—*continued.*

6 Geo. V., No. 14, 13 Dec., 1915.

without the sanction of the public curator, and no money or damages recovered or awarded in any such cause or matter in respect of the claims of any such infant or person of unsound mind, whether by verdict or settlement, compromise, payment into court or otherwise, before or at or after the trial, shall be paid to the next friend of the plaintiff or to the plaintiff's solicitor unless the court so directs.

(2.) All money or damages so recovered or awarded shall, unless the court otherwise directs, be paid to the public curator, and shall, subject to any general or special directions of the court, be held and applied by him in such manner as he thinks fit for the maintenance and education or otherwise for the benefit of such infant or person of unsound mind.

(3.) Nothing in this section shall prejudice the lien of a solicitor for costs.

The costs of the plaintiff or, if more than one, of all the plaintiffs in any such cause or matter or incident to the claims therein or consequent thereon shall be taxed by the taxing master as between party and party and as between solicitor and client; and the taxing master shall certify the respective amounts of the party and party and solicitor and client's costs, and the difference (if any) and the proportion of such difference (if any) payable respectively by any adult party to the cause or matter and by or out of the moneys of any party who is an infant or such person of unsound mind; and no costs other than those so certified shall be payable to the solicitor for any plaintiff in the cause or matter.

The result of any such taxation shall be notified to the public curator by the taxing master.

(4.) The public curator in any case in which he is trustee under this section may at any time and from time to time request the court to give him directions as to the trust or its administration, or to vary directions which have already been given in regard thereto, or to determine any question arising therein; and such directions or determination may be given accordingly.

52. The Governor in Council may, by Order in Council published in the *Gazette*, authorise and require the public curator to exercise the powers and authorities vested in, and to undertake the duties and obligations vested in, the Treasurer under "*The Supreme Court Funds Act of* 1895," and may, by such Order or any subsequent Order, give such directions as may be necessary to effectuate such object. Thereupon the public curator may and shall exercise all such powers and authorities and discharge and perform all such duties and obligations instead of the Treasurer; and references in the said Act to the Treasurer shall be construed as references to the public curator.

53. (1.) Subject to this Act, the public curator, when acting in any capacity under or for the purposes of this Act, shall have the same powers, duties, and liabilities, and be entitled to the same rights and immunities, as an individual person acting in the same capacity; and the provisions of all laws in force relating to any such matters, so far as the same do not conflict with this Act, shall apply accordingly.

(2.) He may decline, either absolutely or except upon conditions, to accept any trust or to act in any capacity to which he may be appointed under this Act, but shall not so decline on the ground only of the small value of the trust property concerned.

(3.) Upon any appointment or other authority of the public curator as a trustee taking effect, all the estate in respect of which he is so appointed or authorised shall, subject to the trusts thereof, by virtue of such appointment and without other assurances in the law, become and be conveyed, assigned, and transferred, so that the same shall thereupon become and be legally and effectually vested in him:

Provided that where any portion of the estate is subject to the laws relating to mining or to the use and occupation of Crown lands, or to "*The Real Property Acts,* 1861 *to* 1887," unless the court makes a vesting order in respect thereof, the necessary and appropriate transfers shall be executed and registered so as to transfer such estate to the public curator, and until such transfers are so executed and registered any existing trustees shall not be discharged from the trusts in respect of such portion of the estate:

Provided further that nothing in this subsection shall be construed to prevent any property vesting in any person who for the time being is a co-trustee of the property with the public curator.

54. (1.) If any appointment of the public curator to any capacity under this Act is not accepted by him, notice thereof shall be sent to such persons as the public curator thinks fit.

(2.) If any property has become, by virtue of an appointment which is rejected, vested in the public curator, then by virtue of a rejection as aforesaid such property shall cease to be vested in the public curator, and the public curator may execute and do all such instruments and things as may be necessary to give effect to such rejection.

(3.) The evidence of acceptance or rejection of any appointment shall be conclusive if such acceptance or rejection is in writing, signed by the public curator.

55. (1.) Subject to the rules and unless the court otherwise orders, the condition and accounts of any trust whatsoever shall, on an application being made to the public curator and notice thereof given in the prescribed manner by any trustee or beneficiary, be investigated and audited by the public curator or some person appointed by him:

Provided that (except with the leave of the court) such an investigation or audit shall not be required within twelve months after any such previous investigation or audit, and that a trustee or beneficiary shall not be appointed under this section to make an investigation or audit.

(2.) The person making the investigation or audit (hereinafter called the auditor) shall have a right of access to the books, accounts, and vouchers of the trustees, and to any securities and documents of title held by them on account of the trust, and may require from them such information and explanation as may be necessary for the performance of his duties, and upon the completion of the investigation and audit shall forward to the applicant and to every trustee a copy of the accounts, together with a report thereon, and a certificate signed by him to the effect that the accounts exhibit a true view of the state of the affairs of the trust, and that he has had the securities of the trust fund investments produced to and verified by him, or (as the case may be) that such accounts are deficient in such respects as may be specified in such certificate.

(3.) Every beneficiary under the trust shall, subject to the rules, be entitled at all reasonable times to inspect and take copies of the accounts, report, and certificate, and, at his own expense, to be furnished with copies thereof or extracts therefrom.

(4.) If any auditor is removed, or resigns, or dies, or becomes insolvent or incapable of acting before the investigation and audit is completed, a new auditor may be appointed in his place in like manner as the original auditor.

(5.) The remuneration of the auditor and the other expenses of the investigation and audit shall be such as may be prescribed by the regulations, and shall, unless the public curator otherwise directs, be borne by the trust or estate; and, in the event of the public curator so directing, he may order that such expenses be borne by the applicant or by the trustees personally or partly by them and partly by the applicant.

(6.) If any person having the custody of any documents to which the auditor has a right of access under this section fails or refuses to allow him to have access thereto or in any wise obstructs the investigation or audit, the auditor may apply to the court, and thereupon the court shall make such order as it thinks just.

(7.) If any person in any statement of accounts, report, or certificate required for the purposes of this section wilfully makes a statement false in any material particular, he shall be liable to imprisonment for any period not exceeding six months, and to a penalty not exceeding fifty pounds in lieu of or in addition to such imprisonment.

56. (1.) Where any mortgagee of property is absent from Queensland, and, so far as the mortgagor is aware, there is no person in Queensland authorised to give a discharge of the mortgage debt at or after the time appointed for the redemption of the mortgage, the public curator, on tender to him of the mortgage debt, and on proof to his satisfaction that the amount tendered is the whole amount due under the mortgage, may receive the same in trust for the mortgagee or other person entitled thereto and on receipt thereof shall sign a memorandum of discharge of the mortgage debt in the prescribed form, and such memorandum of discharge shall operate as if the same had been signed by the mortgagee himself.

(2.) In the case of land, upon presentation of such memorandum, the proper registrar of titles shall make an entry in the register discharging such mortgage, stating the day and hour on which such entry is made.

Such entry shall be a valid discharge for such mortgage, and shall have the same force and effect as is hereinbefore given to a like entry when made upon production of the mortgage with the receipt of the mortgagee.

Such registrar of titles shall also indorse on the grant, certificate of title, or other instrument as aforesaid, and also

PUBLIC CURATOR ACT—*continued.*

on the memorandum of mortgage, whenever those instruments are brought to him for that purpose, the several particulars hereinbefore directed to be indorsed upon each of such instruments respectively.

(3.) In other cases, such memorandum of discharge when registered shall, for the protection of any person dealing with the mortgagor in good faith and for value, be conclusive proof of the happening of all conditions necessary to entitle the public curator to receive the mortgage debt and to sign such memorandum, and shall be a valid discharge for such mortgage.

(4.) The production of the public curator's receipt for the mortgage-moneys shall be sufficient authority to the person in possession of the instruments of title to the mortgaged property to deliver the same to the mortgagor.

(5.) The court may, in a summary way, order any person in possession of the instruments of title to the mortgaged property to deliver them to the mortgagor on production of the public curator's receipt for the mortgage-moneys, and on payment of all proper charges, if any.

57. (1.) Any person may deposit any trust instrument and any testator may deposit his will in the public curator's office for safe custody.

After the death of the testator, the public curator shall deliver the will to such person as the testator may have directed in writing, or, in the absence of such direction, to such person as the public curator thinks entitled thereto.

(2.) The public curator may accept for safe custody debentures or other interest-bearing securities for money, and also documents of title to property.

(3.) The public curator's liability for all such securities and documents shall, where a charge is made, be that of a bailee for reward, and, where no charge is made, be that of a gratuitous bailee.

58. Subject to this Act, the public curator, for any of the purposes of this Act, unless expressly prohibited by or under an instrument, may, at his discretion, and in addition to and not in restriction of any other powers under this Act or any other Act, exercise the following powers:—

(i.) Sell property by public auction or private contract, altogether or in parts, and subject to such conditions as he thinks fit; purchase in fee-simple land in Queensland; but no sale or purchase of land of an estimated value exceeding five hundred pounds shall be made unless by order of the court;

(ii.) From time to time postpone the conversion of any real or leasehold estate for such time as he thinks fit;

(iii.) On the sale of any real or leasehold estate subdivide the same into allotments, and for that purpose construct and dedicate all such roads, footpaths, and streets, and do all such other things, as he thinks necessary, or as are required by any law or by-law relating to subdivisions; and in exercising any power of sale or mortgagee, this power may be exercised by the public curator;

(iv.) Exchange property or join in a partition of property;

(v.) In exercising any power of sale conferred by this Act or by any instrument, give a lease of the property with an optional or compulsory purchasing clause;

(vi.) Lease property for a term not exceeding twenty-one years, and renew any such lease;

(vii.) Surrender or concur in surrendering any lease, and accept a new lease;

(viii.) Repair and insure against fire, accident, or loss any property;

(ix.) Pay rates, taxes, assessments, insurance premiums, and other outgoings;

(x.) Borrow money (but not exceeding five hundred pounds unless by order of the court) upon the security of property, and secure the payment thereof and interest by mortgage or charge of such property, with or without a power of sale, and enter into such covenants, provisions, and agreements as may be agreed up by him and the mortgagee. The power to give such security extends to any debt or liability incurred before the date of the public curator's appointment or authority, and he may pay the interest secured by such mortgage or charge out of the income, or, if such income is insufficient, out of capital;

(xi.) Where in connection with any estate he is lawfully holding any shares in a company or other institution, and on a reconstruction thereof or otherwise the shareholders thereof are offered an option to take up additional shares, he may on behalf of the estate take up such additional shares or any of them: for such purpose he may apply funds belonging to the estate, or may advance on the security of the estate such sums as may be necessary: in this paragraph "shares" includes debentures and debenture stock;

(xii.) Exercise powers of appointment and give consents as fully as the person whom he represents could have exercised or given;

(xiii.) Grant powers of attorney to any person in or out of Queensland to do any act or thing which he, if personally present, could do;

(xiv.) Appropriate any part of the estate in or towards satisfaction of any legacy or share (whether settled, contingent, or absolute) to which any person is entitled, and for that purpose value the whole or any part of the estate in such manner as he thinks fit:

Provided that, before any such appropriation is effectual, notice thereof shall be given to all persons *sui juris* who are interested in such appropriation, any of whom may within one month after receipt of such notice apply to the court to vary the same, and such appropriation shall be conclusive save as otherwise directed by the court:

Provided further that where the person interested is out of the jurisdiction the said period of one month may be extended by the court, for such period as the court thinks fit, on the application of the public curator or of any person interested;

(xv.) Bring or defend any action or other proceeding, and suffer judgment to go by default, or consent to any judgment or order in such action or proceeding upon such terms as he thinks fit;

(xvi.) Take part in any liquidation proceedings, or take proceedings to cause a person to be adjudicated an insolvent or a company to be wound up, and vote and act either personally or by proxy at any meetings of creditors of any person or company, or of shareholders of any company, whether the company is being wound up or not;

(xvii.) Take criminal proceedings concerning property;

(xviii.) Pay debts, obligations, and expenses;

(xix.) Carry out contracts entered into before or after the date of his appointment or authority;

(xx.) Consult with and employ such persons as he deems expedient for advising or assisting him in the administration or management of any estate and remunerate any such person in such manner as he thinks fit;

(xxi.) From time to time expend portion of the capital of any estate under his administration on the improvement or development thereof, and for the like purpose advance money on the security of such estate:

Provided that where the sum to be expended exceeds five hundred pounds the consent of the court shall be necessary;

(xxii.) Do or omit all acts and things, and execute all instruments, necessary to carry into effect any of his powers and authorities.

59. Where the public curator is realising the goods of any estate administered by him, and such goods are not of greater value than one hundred pounds, and are situated at a distance of more than ten miles from the usual place of business of a licensed auctioneer, such goods may be offered for sale by auction by some person to be appointed by the public curator, and such person for the purpose of such sale shall not require to take out an auctioneer's license.

60. (1.) The entry of the public curator by that name in the books of a company shall not constitute notice of a trust.

A company shall not be entitled to object to enter the name of the public curator on its books by reason only that the public curator is a corporation.

In dealings with property, the fact that the person or one of the persons dealt with is the public curator shall not of itself constitute notice of a trust.

(2.) Where any trust or estate of any person which is being administered by the public curator consists wholly or partly of shares in any body, whether corporate or not, or in any association, or where such shares are vested in the public curator under the terms of any trust instrument, or purchased

PUBLIC CURATOR ACT—*continued.*

by him in the exercise of any trust, direction, or authority imposed or conferred upon him, then, notwithstanding any law or provisions affecting the registration of persons holding shares as trustees or in any other representative capacity, the public curator shall be entitled to be registered as the proprietor of such shares as trustee, or in any other representative capacity, as he may require.

But under no circumstances shall his liability in respect of such shares exceed the value of the other assets which, at the time when any demand is made for the satisfaction of any such liability, he holds in trust for the person beneficially entitled to such shares.

If such assets are insufficient to meet such liability, then such body or association and any person lawfully acting on its behalf shall, in respect of any unpaid balance of such liability, have the same rights and remedies against any such person so beneficially entitled as if the latter were the registered proprietor of such shares.

The public curator, upon registration, shall for all purposes, excepting as to liability as aforesaid, be deemed to be the registered proprietor of any such shares.

In this subsection the term "shares" includes shares, stock, or other property.

61. (1.) Moneys paid or payable to the public curator shall be deemed to be property of His Majesty for the purposes of this Act, and shall be recoverable as such by the public curator by action in any court of competent jurisdiction.

(2.) Every person into whose hands or under whose control any moneys come which are payable to the public curator shall pay the same to him as soon as practicable after their receipt, and until so paid such person shall be deemed a debtor to the Crown in respect of such moneys:

Provided that any officer, servant, or agent of the public curator may pay, out of any moneys in his hands, any claims which he is directed by the public curator to pay.

62. Where—

(*a*) Any corporation, association, or person is in possession of any property; or

(*b*) There is to the credit of any person, whether living or dead, in the books or accounts or otherwise of any corporation, association, or partnership, any property; or

(*c*) Under any partnership or association any person, whether living or dead, is entitled to a share in the assets thereof, or his representatives are entitled to any payments as the share in such assets; or

(*d*) Any person, whether living or dead, is the registered proprietor of any shares in any corporation or association; or

(*e*) Any person is indebted to any person whether living or dead,

then, if such property, shares, or debts are vested in or are liable to be administered by the public curator, it shall be obligatory on such corporation, association, partners, or person to forthwith give notice to the public curator or his agent of the extent, nature, and situation of such property, shares, or debts.

63. (1.) The public curator shall be entitled to require all persons to deliver, convey, or transfer to him or to him and his co-trustee, if any, all property to which he is or he and his co-trustee, if any, are entitled.

(2.) For the purpose of ascertaining whether any person is possessed of or entitled to any property which should be so delivered, conveyed, or transferred, he may institute such inquiries as he thinks proper, and may, by summons under his hand, require any person to appear before him, and answer all questions that he may put to such person with reference to any property.

The public curator shall pay or tender to the person so summoned the same amount as such person would have been entitled to had he been summoned as a witness to the court.

(3.) If any person fails to so deliver, convey, or transfer all property as aforesaid, or if the procedure in the last subsection provided fails to elicit the particulars required, the public curator may take out a summons requiring such person, or any person who may be supposed to be in possession of information relevant to the matter under investigation, to appear before the court for the purpose of being examined touching such matters, and to produce any documents.

If the court is of opinion that any such person is possessed of or entitled to any property that should be so delivered, conveyed, or transferred as aforesaid, the court may make an order requiring such person to deliver, convey, or transfer all such property within such time as the court may fix. Such order may be made in the absence of the person summoned, if the summons has been duly served upon him, or the court is satisfied that reasonable efforts have been made to serve the same.

The court may order such person to pay all expenses of and incidental to such summons and any examination consequent thereon; and if the court does not so order, then such expenses shall be paid out of the general funds of the estate concerned in priority to all other claims, or, if the court so orders, out of any particular portion of such funds.

Any person who, without valid excuse, fails to attend pursuant to such summons, or who, upon attending refuses to be sworn or neglects to answer any relevant question put to him by or on behalf of the public curator, or who, having been summoned to produce any documents, fails to produce the same without valid excuse, or, if so required by the court, to hand such documents over to the public curator, or who disobeys any order made by the court upon the hearing of such summons, shall be guilty of contempt of court; and the court may make an order for the arrest of such person, and his imprisonment either for such period as the court thinks fit or until he has purged his contempt to the satisfaction of the court.

The court may also order such person to pay the expenses of such proceedings.

Any such person wilfully neglecting to comply with this section shall be liable to a penalty not exceeding two hundred pounds to be recoverable by civil action at the suit of the public curator.

(4.) In this section the term "documents" includes books, papers, deeds, documents, and any writings whatsoever.

64. (1.) The public curator, where he has obtained probate or an order to administer an estate, shall, at such times as he thinks fit, cause advertisements to be published in such newspapers as he deems expedient, calling upon creditors to prove their debts before him on or before a time to be fixed in such notice.

(2.) He shall, as soon after the expiration of the time allowed for proof of debts as he conveniently can—

(*a*) Pay the debts proved, if the whole thereof can be paid; and, if not,

(*b*) Declare and pay a dividend thereon.

If he collects any further assets after making such payment, he shall pay any part of the proved debts remaining unpaid and any debts subsequently proved before him (or a dividend thereon, as the case may be).

Such creditors as subsequently prove shall first be paid a dividend equal to the dividend paid to creditors having previously proved their debts.

(3.) After payment of all debts, fees, and expenses incident to the collection, management, and administration of the estate, the public curator shall, subject to this Act, pay over the residue to the person entitled to receive the same.

(4.) Where the assets are insufficient to pay the liabilities in full, the assets shall be applied subject to the following priorities:—

(*a*) In payment of all proper expenses attending the due administration of the estate;

(*b*) In payment of funeral charges proportioned, as the public curator thinks proper, to the position of the deceased in his lifetime.

The balance of the assets shall be applied in accordance with the law and practice for the time being in force with respect to the estate of an insolvent.

65. (1.) Where a testate or intestate estate is under administration by the public curator, and such administration could be properly closed in a less time than is required by any existing law, the public curator after giving notice once each week for two weeks in at least two newspapers published or circulating in the locality where the deceased resided or carried on business immediately preceding his decease, or if the deceased died out of Queensland then in such a manner as the court directs, requiring creditors and others to send in to the public curator their claims against the said estate, may, at the expiration of the time limited in such notice, being not less than two months from the first publication thereof, or in the case of a person dying out of Queensland within such time, not being less than six months, as the court directs, distribute the assets of the deceased or any part thereof amongst the persons entitled thereto, having regard to the claims of which the public curator has then notice:

Provided that if any such estate is of less value than fifty pounds it may be distributed or conveyed and assured and dealt with without giving any such notices as aforesaid.

PUBLIC CURATOR ACT—*continued.*

6 Geo. V., No. 14, 13 Dec., 1915.

(2.) The public curator shall not be liable for the assets, or any part thereof so distributed, to any person of whose claims he had no notice at the time of distribution of the said assets, or a part thereof, as the case may be; but this provision shall not prejudice the rights of any subsequent claimant to establish his right to receive payment from the persons who have been paid by the public curator any distributive shares, or the whole residue of the estate, or, in the case of real property, from the person who has received a transfer or assurance thereof, or any part thereof, from the public curator in or towards satisfaction of such distributive shares or residue.

(3.) The word ''distribute,'' as to land, means ''convey and assure the land to the person entitled thereto''; and the words ''distributed'' and ''distribution'' mean, as to land, ''transferred and assured the land to the person entitled thereto.''

(4.) Nothing herein shall prevent the public curator from making distribution under any other law or statute, or prejudice the protection thereby afforded where he makes distribution pursuant to such law or statute.

66. (1.) Subject to this Act and to the terms of any particular trust, the public curator may, in the administration of any trust or estate, or the performance of any power or duty under this Act, act on credible information (though less than legal evidence) as to matters of fact.

(2.) He may allow any claim which is made upon or before him upon the affidavit of the claimant alone or, where he thinks fit to call for further evidence, upon such further evidence as he requires.

(3.) He may at any time require a statutory declaration or other sufficient evidence that a person is alive and is the person to whom any money or property is payable or transferable, and may refuse payment or transfer until such declaration or evidence is produced.

(4.) If acting in good faith, he shall not be liable for accepting as correct and acting upon the faith of any written statement or statutory declaration by any person, in or out of Queensland, whom he believes to be trustworthy, as to any birth, death, marriage, or other matter of pedigree or relationship, or other matter of fact, upon which the title to any estate or any part thereof may depend.

67. (1.) When any claim is made by any person against any property under administration by the public curator, whether as a creditor, beneficiary, or otherwise, the public curator, if in doubt as to the validity of such claim, may institute such inquiries as he thinks proper regarding such claim, and may, by a summons, require the claimant and any other persons to appear before the court to answer all questions that may be put to them respectively with reference to such claim. The public curator shall pay or tender to any person so summoned the same amount as such person would be entitled to if he had been summoned as a witness to the court.

(2.) If, without valid excuse, the claimant fails to attend pursuant to the summons, or refuses or fails to truly answer any relevant question put to him by or on behalf of the public curator, it shall be lawful for the public curator, by direction of the court, either with or without proceeding under subsection three hereof, to reject the claim.

(3.) If, without valid excuse, the claimant or any other person fails to attend pursuant to the summons, or refuses or fails to truly answer any relevant question put to him by or on behalf of the public curator, he shall, if the court so directs, forfeit and pay a penalty not exceeding ten pounds.

68. Where any person (other than the widow or widower of an intestate) entitled to the net residue or any part of the net residue of an intestate estate under administration by the public curator has not, within three years next after the death of the intestate, established his claim thereto, and where the public curator does not know of any next-of-kin or other persons beneficially entitled, and cannot by reasonable efforts ascertain that such exist, and the intestate has left a widow or widower who is then living, the public curator may at the expiration of such period pay or transfer to the widow or widower such net residue or part thereof, as the case may be:

Provided that this section shall not prejudice the right of any person entitled to such residue or part thereof to recover the same from such widow or widower.

69. Where under this or any other Act the public curator is directed to make any payment, upon an order of a court being obtained, to any person entitled thereto, he may make a payment without such order if the amount thereof does not exceed fifty pounds; and any payment so made shall be as valid as if authorised by an order of court.

70. Where the net residue of the intestate estate does not exceed fifty pounds, and there is a widow or widower, the public curator may, if he thinks fit, pay the whole of such residue to the widow or widower.

71. Where the public curator is the trustee of an estate, then, as to the shares of infants, the public curator shall (subject to the terms of any will) hold the shares of such infants as trustee for such infants until such infancy ceases; and such shares shall be dealt with and administered in the meantime under this Act.

72. Where the net residue of an intestate estate under administration by the public curator does not exceed five hundred pounds in value, he may apply the same towards the maintenance, education, and advancement of the infants in such manner as he thinks fit, or may pay the same for such purposes to such infants, or to any person on their behalf, to be so applied, without seeing to the application thereof or being responsible for such application, or for the misapplication or non-application thereof.

Nothing in this section shall be deemed to prejudicially affect any rights of any person under ''*The Succession Act Amendment Act of* 1895'' or ''*The Succession Act of* 1906,'' where the net value of the property does not exceed five hundred pounds.

73. (1.) Where an intestate estate is under administration by the public curator and there are infants entitled the following special provisions shall apply in the case of each infant's share:—

(*a*) The public curator may out of the infant's share make periodical or other payments towards the maintenance, education, or advancement of the infant, not exceeding eighty pounds in any one year;

(*b*) The payments authorised by this section may be made by the public curator to such person and in such manner as he thinks fit without seeing to the application thereof or being responsible for the non-application thereof.

(2.) The powers by this section conferred upon the public curator may be exercised without obtaining any order of court, and are irrespective of and in addition to all other powers exercisable by him.

(3.) The court may in any case authorise the making of payments for any of the purposes aforesaid in excess of the limit hereinbefore prescribed.

74. (1.) Where any property is held by the public curator in trust for an infant, the public curator may, at his sole discretion, apply for the maintenance, education, or otherwise for the benefit of such infant, during minority, the whole or any part of the income of the share to which such infant is entitled in possession; and may, at his sole discretion, apply for the advancement or otherwise for the benefit of an infant any part or parts, not exceeding in the whole one-half of the corpus or capital, of the share to which the infant is entitled in possession or reversion immediately expectant on a prior life-interest; but no such application of a reversionary share shall be made without the previous consent in writing of the person on whose death such prior interest is determinable:

Provided that the public curator may—

(i.) In any case for such purposes apply the corpus of the share of any infant to the extent of five hundred pounds;

(ii.) Instead of himself so applying such income, corpus, or capital, pay the same to any person to be so applied, without seeing to the application or being answerable for the misapplication or non-application thereof.

Nothing in this subsection shall apply to a case—

(*a*) Where provision is expressly made for the maintenance, education, advancement, or otherwise for the benefit of an infant, unless such provision is insufficient, of which insufficiency the public curator shall be sole judge; or

(*b*) Where provision is expressly made against any such application.

(2.) In addition to and not as restricting the powers conferred by the last preceding subsection, where any property is held by the public curator in trust for an infant, either for life or for any greater interest, and whether absolutely or contingently upon the infant attaining a specified age, or on the occurrence of any event before attaining that age, the public curator may, at his sole discretion, apply for or towards the infant's maintenance, education, or benefit the income of that

PUBLIC CURATOR ACT—*continued.*

6 Geo. V., No. 14, 13 Dec., 1915.

property, or any part thereof, whether there is any fund available for the same purpose, or any person is bound by law to provide for the infant's maintenance or education, or not; or may pay such income to any person to be so applied without seeing to the application or being answerable for the misapplication or non-application thereof.

The public curator shall accumulate all the residue of that income in the way of compound interest by investing the same and the resulting income thereof, and shall hold those accumulations for the benefit of the persons who ultimately become entitled to the property from which the same arise; but so that the public curator may at any time, at his sole discretion, apply those accumulations or any part thereof as if the same were income arising in the then current year.

This subsection applies only if and so far as a contrary intention is not expressed in the instrument under which the interest of the infant arises, and shall have effect subject to the terms of that instrument and to the provisions therein contained.

(3.) In addition to and not as restricting any of the powers conferred by the two last preceding subsections, with the consent of the persons having prior estates or interests in property, whether corpus, capital, or income, held under an instrument, whether the income is directed to be accumulated or not, if such corpus, capital, or income is made payable to a class of persons, and the members of that class, or some of them, would ultimately, on attaining a specified age or on the happening of an event, be entitled to a share of such corpus, capital, or income, and by survivorship or otherwise may become entitled to the shares of the other members of the class, the contingencies being equal, the court may authorise the application of (or the public curator may without such authority apply) the presumptive or contingent shares of infants belonging to the class towards their maintenance, education, or advancement, notwithstanding that there may be future members of the class who may come into existence:

Provided that where any member of the class has attained the required age, or become entitled by age or otherwise, then the consent of such persons shall be necessary to such application.

Applications under this subsection to the court may be made by the public curator, but without restricting his powers, or by an infant.

(4.) In construing and giving effect to the respective provisions of this section, the one shall be taken in aid of the other, and so that each of the provisions can be exercised independently the one of the other.

(5.) This section shall apply to cases arising under any Act or instrument passed or made before or after the commencement of this Act.

75. Nothing in this Act shall restrict the court from making any order for the application of either corpus, capital, or income for the maintenance, education, advancement, or otherwise for the benefit of an infant under any other Act relating to these matters.

76. (1.) The income in respect of a trust or estate may be paid by the public curator to the person for the time being entitled to receive the same either through a bank or direct, and where such person is a married woman may be so paid notwithstanding any restraint on anticipation.

(2.) Where authority is given to any corporation or bank to pay any income to any person, the books of that corporation or bank showing the payment of that income in accordance with the authority shall be a sufficient discharge to the public curator.

(3.) Where authority is given to any person to pay any income to the bank of the person entitled, the certificate of that bank, stating the receipt of that income, shall be a sufficient discharge to the public curator.

(4.) Where any person is solely entitled to receive any income without any restraint on anticipation, the public curator may, on the request in writing of that person, authorise him for such period as the public curator thinks fit to collect or arrange for the collection of such income. During the continuance of any such authority such request in writing shall be a sufficient discharge to the public curator in respect of such income.

(5.) The public curator may, if the special circumstances of the case appear to him to render it desirable, pay to his co-trustee or allow him to receive the income of the trust or estate or any part thereof, on such co-trustee undertaking to apply it in manner directed by the instrument creating the trust.

77. (1.) Where any moneys or personal chattels are payable or deliverable by the public curator to the subject of any country out of His Majesty's jurisdiction, the Minister may authorise the public curator to pay or deliver the same to any specified official of that country or to the chief consular officer for that country in Queensland on behalf of the person entitled, and the receipt of such official or consular officer shall be a sufficient discharge therefor to the public curator, who shall not be further concerned to see to the application thereof.

(2.) As regards money or personal chattels so payable or deliverable to any person in any colony, Dominion, State, island, or place of His Majesty's in foreign parts, the public curator, if so authorised by the Minister, may pay or deliver the same to any specified official of such colony, Dominion, State, island, or place on behalf of the person entitled; and the receipt of such official shall be a sufficient discharge to the public curator, who shall not be further concerned to see to the application thereof.

(3.) Where the public curator is administering the estate in Queensland of any person who at the time of his death, whether before or after the commencement of this Act, was domiciled in one of the other States of the Commonwealth or the Dominion of New Zealand, and whose estate in such other State or Dominion is being administered by the public trustee or curator of such other State or Dominion, the public curator may pay over to the public trustee or curator of such other State or Dominion the balance of the proceeds of the estate in Queensland of the said person, after payment of creditors and the charges provided for under this Act, without any obligation to see to the application of such balance, and without incurring any liability in regard to the payment of such balance, and shall certify to an account in favour of the public trustee or curator of such other State or Dominion accordingly.

(4.) Where the estate of any deceased person, who at the time of his death, whether before or after the commencement of this Act, was domiciled in Queensland, is being administered by the public curator and the public trustee or curator of any of the other States of the Commonwealth or of the Dominion of New Zealand has in such other State or Dominion obtained administration of the estate in such other State or Dominion, the public curator may receive from the public trustee or curator of such other State or Dominion the balance of the proceeds of the estate in such other State or Dominion.

Such balance shall, when so received, form part of the estate of the deceased person, and shall be dealt with according to the law of Queensland.

78. (1.) Where the public curator is administering any estate, and such estate or any part thereof cannot be distributed by reason of the fact that it is not known to the public curator whether any person entitled thereto is alive or dead or where that person is, the public curator may apply to a judge of the court for directions in accordance with this section.

(2.) On consideration of such application the judge shall order what advertisements, if any, are to be issued, calling upon such person to send in his claim within a time to be specified in such order.

(3.) Upon proof by or on behalf of the public curator that such order has been complied with, and that such person has not sent in any claim, such judge, or any other judge, shall by further order authorise the public curator to distribute such estate or part thereof, disregarding the claims of such person, and all persons claiming by, through, or under him, by derivative title, or otherwise howsoever.

(4.) Such further order shall exonerate the public curator from any further liability in respect to such estate or part thereof so dealt with.

(5.) But nothing herein shall prejudice or affect the right of such person or persons to follow the estate or any part thereof into the hands of the persons who have received the same pursuant to such distribution.

(6.) The rule of evidence presuming death after seven years' absence shall not apply to proceedings under this section.

(7.) The judge may in such further order direct that the order shall not be acted on for such period, not exceeding one year from the date of the making thereof, as he thinks fit, and may direct that the order shall during that period be advertised in such manner and form as he thinks fit.

(8.) The judge shall give directions as to how the costs of and incidental to such orders and advertising shall be borne.

(9.) Provided that nothing herein shall prejudice the right of the public curator (if he so desires) to distribute under any other law or statutory provision, or prejudice the protection thereby afforded when he makes distribution pursuant to such law or provision.

PUBLIC CURATOR ACT—*continued.*

6 Geo. V., No. 14, 13 Dec., 1915.

79. (1.) The public curator may, without judicial proceedings, take the opinion or obtain the direction of the court upon any question, whether of law or of fact, arising under this Act or in the course of his duties.

Any such question shall be submitted to a judge in such manner and at such time as he may direct, and shall be accompanied by such statement of facts, documents, and other information as he may require; and the public curator or any one authorised by him shall, if the judge so desires, attend upon him at such time and place as the judge may appoint.

The judge may, before giving his opinion or direction, require the attendance of, or communication with, any person interested in the estate as trustee or beneficiary, but no such person shall have a right to be heard unless the judge otherwise directs.

The judge shall give his opinion or direction to the public curator, and the public curator shall act in accordance with such opinion or direction, and shall, upon the request in writing of any such interested person, communicate to him the effect of such opinion or direction.

The duty of advising and directing upon any such questions shall be assigned by the Chief Justice to a particular judge of the court:

Provided that in the absence or upon the request of such judge any other judge may act for such judge for the purposes of this subsection.

(2.) The public curator may by special case submit for the decision of the Full Court any question arising under this Act which appears to him to require such decision, and that court shall give its judgment thereon as if such question had been raised in due form.

(3.) The public curator in acting on such opinion, direction, or judgment shall be fully indemnified.

80. (1.) Any person interested as creditor, next-of-kin, beneficiary, or otherwise in any estate under administration by the public curator may—

- (*a*) On the neglect or refusal of the public curator to do any act in relation to the administration; or
- (*b*) On his doing or threatening to do any act in breach of his duty with reference to such estate,

apply *ex parte* upon affidavit to the court—

- (i.) For an order calling upon the public curator to show cause, upon a day not less than two days from the service of such order upon him, before the court why he should not do or abstain from doing such act; and
- (ii.) For an interim order in the nature of an injunction if warranted by the facts of the case.

Any such order may be granted subject to such conditions as to giving security for costs as the court may impose.

(2.) Upon the further hearing the court may receive proof of the matters in relation thereto orally or by affidavit, and may make such order thereon as the circumstances of the case may require, and as to payment of costs—

- (*a*) By the applicant; or
- (*b*) From the estate administered by the public curator; or
- (*c*) In case of wilful default or unreasonable conduct of the public curator, out of the Consolidated Revenue;

as seems just.

81. (1.) Subject to this Act, where any person, by act or thing done or omitted by the public curator, or by any person acting or *bonâ fide* assuming to act for him, or by the office solicitor of the public curator, sustains any injury which would have entitled such person to a remedy in respect thereof if the said act or thing had been done or omitted by a private person, then such person shall be entitled to the same remedy against the public curator in his corporate capacity as he would be entitled to against a private person, and shall be entitled to be indemnified under this Act:

Provided that where the injury is one to which neither the public curator nor any of his deputies, officers, or agents has in any way contributed, and which neither he nor any of them could by the exercise of reasonable diligence have averted, the public curator shall not be subject to any liability.

(2.) The Consolidated Revenue Fund shall be liable to make good all sums required to discharge any liability of the public curator in his corporate capacity.

82. Where by reason of the negligence of any member of the staff of the public curator any money loss is incurred or any extra payment has to be made, the amount involved may, with the approval of the Minister, be charged to profit and loss without further appropriation than this Act.

83. Without prejudice to any protection otherwise afforded, where, under the *bonâ fide* belief (and the absence of such *bonâ fide* belief shall be upon any person who controverts it) that a person has died testate or intestate, the public curator has taken out probate or obtained an order to administer, or is administering under statutory powers an estate, or is appointed or acting as trustee under a will, and afterwards it is found that such person is living, or did not die intestate, or that a will exists which revokes or alters the will which the public curator has proved, or under which he becomes administrator, or under which he is administering or is acting as trustee, then, notwithstanding that such person is living, or that the deceased did not die intestate, or made a will revoking or altering the provisions of the will of which the public curator has taken out probate or administration, or under which he is appointed or is acting as trustee, all acts and things done or omitted by the public curator shall be as good, valid, and effectual as if he had been lawfully appointed or entitled to act as such executor, administrator, or trustee.

84. Where by any trust instrument a settlor or testator directs that any solicitor, accountant, broker, or banker shall conduct the legal or other business of his trust or estate, such person shall be entitled to act therein accordingly, but in such case the public curator shall not be liable for the negligence, malfeasance, misfeasance, nonfeasance, or misconduct of such person; and such person may be removed by order of the court upon the application of the public curator or of any person interested in the trust or estate upon cause shown, and in such case the court may appoint the public curator or any other person to conduct such business.

85. The public curator shall have the same right to require a release and discharge upon winding up any estate in his charge and handing over the property in his hands to the persons entitled thereto as any trustee now has in the like circumstances.

86. (1.) All the real and personal property, including choses in actions, to which a convict is entitled at the time of his conviction, or afterwards while subject to the operation of this Part becomes entitled, shall vest in the public curator for all the estate and interest of such convict therein.

(2.) No action for the recovery of any property, debt, or damage whatsoever, shall be brought by any convict against any person during the time he is subject to the operation of this Part, and every convict shall be incapable during such time of alienating or charging any property or of making any contract, save as hereinafter provided.

87. (1.) The public curator shall have absolute power to let, mortgage, sell, convey, and transfer any part of such property as he thinks fit.

(2.) He may pay or cause to be paid out of the property or the proceeds thereof all expenses which the convict has been condemned to pay, and also all expenses incurred by the convict in and about his defence, and also all such expenses as the public curator may incur or be put to in or about the carrying this Part into execution with reference to such property or with reference to any claims which may be made thereon.

(3.) He may cause payment or satisfaction to be made out of such property of any debt or liability of the convict which is established in due course of law or otherwise to his satisfaction, and may also cause any property which may come to his hands to be delivered to any person claiming to be justly entitled thereto, upon the right of such person being established in due course of law or otherwise to his satisfaction.

(4.) He may cause to be paid or satisfied out of the property such sum of money as he thinks fit by way of satisfaction or compensation for any loss of property or other injury alleged to have been suffered by any person through or by means of any alleged criminal or fraudulent act of the convict, although no proof of such alleged criminal or fraudulent act has been made in any court of justice; and all claims to any satisfaction or compensation may be investigated in such manner as the public curator thinks fit, and his decision thereon shall be binding.

(5.) The public curator may from time to time cause such payments and allowances as he thinks fit for the support or maintenance of any wife or child or reputed child of the convict, or of any other relative or reputed relative of the convict dependent upon him for support, to be made out of such property or the income thereof.

(6.) The several powers hereinbefore given to the public curator may be exercised by him in such order and course as to priority of payments or otherwise as he thinks fit.

PUBLIC CURATOR ACT—*continued.*

6 Geo. V., No. 14, 13 Dec., 1915.

(7.) All contracts of letting or sale, mortgages, conveyances, or transfers of property *bonâ fide* made by the public curator under this Part, and all payments or deliveries over of property *bonâ fide* made by or under the authority of the public curator for any of the purposes hereinbefore mentioned, shall be binding, and the propriety thereof and the sufficiency of the grounds on which the public curator may have exercised his judgment or discretion in respect thereof shall not be in any manner called in question by the convict or by any person claiming an interest in such property.

(8.) Nothing in this Part shall give to any person any right or remedy against the public curator in respect of any loss of property or injury, or shall take away or prejudice any right, title, or remedy to which any person alleging himself to have suffered any such loss or injury would have been entitled by law if this Act had not passed.

88. Subject to the powers and provisions hereinbefore contained, all such property and the income thereof shall be preserved and held in trust by the public curator for the following purposes:—

(*a*) The income thereof may, if and when the public curator thinks proper, be invested and accumulated in such securities as he from time to time thinks fit for the use and benefit of the convict and his legal personal representatives, or of such other persons as may be lawfully entitled thereto according to the nature thereof;

(*b*) Such property and income, and the possession, administration, and management thereof, shall revest in and be restored to such convict on his ceasing to be subject to the operation of this Part, or in and to his legal personal representatives, or such other persons as may be lawfully entitled thereto; and all the powers and authorities by this Part given to the public curator, shall from thenceforth cease and determine, except so far as the continuance thereof are necessary for the care and preservation of such property or any part thereof, until the same is claimed by some person lawfully entitled thereto, or for obtaining payment out of such property or of the proceeds thereof of any liabilities or any expenses for which provision is made by this Part;

(*c*) For the purposes aforesaid such powers and authorities shall continue to be in force until possession of such property is delivered up by the public curator to some person being or claiming to be lawfully entitled thereto.

89. The costs as between solicitor and client of any action brought against the public curator with reference to any such property, whether during the time the same was vested in him under this Part or after the same ceases to be so vested, and all expenses properly incurred by him with reference thereto, shall be a first charge on and shall be paid out of such property unless the court before which such action is tried thinks fit to order otherwise.

90. Where any convict dies, or is made insolvent, or has suffered any punishment to which sentence of death if pronounced or recorded against him has been lawfully commuted, or has undergone the full term of imprisonment for which judgment has been pronounced or recorded against him, or such other punishment as by competent authority has been substituted for such full term, or has received from His Majesty, or the Governor on behalf of His Majesty, a pardon for the offence of which he was convicted, he shall thenceforth cease to be subject to the operation of this Part.

91. Subject to this Act, the public curator shall, from and after the time when the convict ceases to be subject to the operation of this Part, be accountable to the convict for all property of the convict possessed or received by him and not duly administered, but subject nevertheless and without prejudice to the administration and application of such property under and according to the powers and provisions of this Part.

92. In this Division, if not inconsistent with the context—

"Land" includes all land in Queensland, and all estates and interests therein, except lands of the Crown in respect of which no contract for the alienation thereof has been made;

"Owner" means any person having any legal or equitable estate or interest in land, and includes any infant or person of unsound mind or other person under any disability having such estate or interest.

93. (1.) Where the owner of land has no known agent in Queensland, or is unknown, or cannot after due inquiry be found, the public curator may publish in the *Gazette*, and in one newspaper published or circulating in the locality in which the land is situated for three issues of the paper, at intervals of one week, a notice calling on such owner, within six months from the date of the notice in the *Gazette*, to establish to the satisfaction of the public curator his title to the land specified in the notice, and stating that if such owner does not within the time limited so establish his title the public curator will exercise the powers and authorities hereinafter granted.

The notice shall be sufficient if it designates the owner, without naming such owner, as "the owner" or "the owners" of the land referred to in the notice.

(2.) If the owner within such period so establishes his title, then all expenses incurred by the public curator shall be refunded to him out of the Consolidated Revenue Fund.

(3.) If the owner does not within such period establish his title:—

(*a*) Where the value of the land is one hundred pounds or more, the public curator may file in the court a statement under his hand of all the facts within his knowledge as to the ownership and occupation thereof respectively, and apply *ex parte* on a summary application to the court for an order that such land be vested in the public curator and administered by him under this Act, and the court may make such order as it thinks just. Notice of the making of any such order shall be published in the *Gazette*.

(*b*) Where the value of the land is less than one hundred pounds, the public curator may, by notice in the *Gazette*, notify that such land is vested in the public curator and will be administered under this Act.

(*c*) The value of the land for the purposes of this section shall be the value as estimated by the public curator.

(*d*) The *Gazette* notice shall be conclusive evidence, for the purposes of this Act, that the public curator has made due inquiries, and that such owner has not established his title, and that the public curator has complied with this section.

94. After such publication of the notice in the *Gazette*, such land shall become vested in the public curator, and he may, with respect to any such land—

(*a*) Recover possession thereof and mesne profits, or damages in respect thereof;

(*b*) Carry out and enforce contracts, and exercise powers in respect thereto;

(*c*) Accept surrenders of tenancies;

(*d*) Let such land or any part thereof for any term not exceeding twenty-one years;

(*e*) Where the value of the land is less than one hundred pounds, sell by public auction or private contract, or exchange or partition the same or any part thereof;

(*g*) Erect fences on and around the same, or contribute towards the erection of any dividing fence;

(*h*) Cut and gather crops thereon;

(*i*) Insure property against loss by fire or accident:

(*j*) Pay rent, rates, taxes, and other outgoings in respect thereof;

(*k*) Pay mortgages or charges on such land;

(*l*) Pay all such charges and commissions as may be fixed by the regulations;

(*m*) Perform any obligation or duty which by statute or otherwise the owner of the land would be liable to perform;

(*n*) Do any act or thing requisite to obtaining or perfecting the title to such land;

(*o*) Execute any instrument for the purpose of carrying into effect any of the powers conferred by this Act;

(*p*) With the sanction of the court, do or omit to do any other act or thing which the court, on the representation of the public curator, thinks proper.

95. Moneys received by the public curator under this Division shall not form part of the common fund; but such moneys, after payment thereout of all moneys authorised to be expended by him and all prescribed fees and expenses, shall be placed to the credit of the Unclaimed Moneys Fund.

PUBLIC CURATOR ACT—*continued*.

6 Geo. V., No. 14, 13 Dec., 1915.

96. (1.) All expenses paid by or payable to the public curator under this Division shall be a first charge upon any property (including money) acquired, administered, or held thereunder.

(2.) Subject to the last preceding subsection and to this Act, such property shall be held by the public curator upon trust for the owner thereof upon his establishing his title thereto as provided by this Division.

(3.) Until the owner of such property establishes his title thereto to the satisfaction of the court, the powers and authorities conferred upon the public curator shall continue.

A copy of any application to establish such title shall be served upon the public curator fourteen days prior to the hearing.

Before the court makes an order under this subsection, the owner shall pay to the public curator all expenses and fees to which the public curator is entitled under this Act, and all expenses incurred by the public curator of and incidental to such application.

On any proceeding under this subsection the court may accept and act upon and be satisfied with any evidence, whether the same is strictly legal evidence or not, and make an order declaring a claimant to be the owner of property, although such claimant may be unable to adduce evidence which would entitle him to judgment in an action of ejectment or a decree in an action for specific performance, and the court may have regard to the special circumstances of each case in determining the character and sufficiency of the evidence of title adduced.

(4.) On an order being made declaring who the owner of such property is, the powers and authorities hereby conferred on the public curator shall cease, and he shall transfer any property or pay any money to the owner which is held by him in trust for the owner.

97. Notwithstanding the provisions of any Act or rule of law to the contrary, if within twenty years from the date when such property became vested in the public curator no person establishes to the satisfaction of the court his title to such property or the moneys arising therefrom, the estate or interest of such person in such property or money shall vest absolutely in the Crown.

98. When an instrument is executed by the public curator, purporting to be made in exercise of the powers conferred by this Division, no court, officer, or person shall be concerned to see or inquire whether such powers had or had not become exercisable, or be responsible for the exercise or the improper exercise of such powers.

99. If in administering any of the powers and authorities contained in this Division the public curator is unable to recover from any person or property all fees and expenses, then the deficiency shall be made good out of the Consolidated Revenue Fund.

100. The public curator shall not be responsible for the exercise or the non-exercise of any of the powers and authorities contained in this Division unless the same arise from his actual wilful default.

101. When the owner of any property whatsoever is absent from Queensland and has no agent in Queensland with authority to take possession of and administer such property, or when it is not known who the owner of such property is, or when it is not known where he is, or when it is not known whether he is alive or dead, or when he is dead and has left executors or administrators who are dead or whose whereabouts are unknown, the court may, on the application *ex parte* of the public curator, and on being satisfied that the exercise of the powers hereinafter mentioned is advisable in the interests of the owner of the property or in the interests of any other person, make an order, on such terms and conditions as the court thinks fit, authorising the public curator to exercise in respect of such property all or any of the following powers, that is to say:—

- (*a*) To take possession of the property;
- (*b*) To bring any action or other proceeding relating to the property, and to defend, confess, or submit to judgment in any or all actions, claims, demands, and proceedings touching the property;
- (*c*) To sell the property or any part thereof;
- (*d*) To lease the property or any part thereof for a term not exceeding twenty-one years;
- (*e*) To receive, sue for, and recover any moneys owing to the owner;
- (*f*) To insure any buildings or goods against loss by fire;
- (*g*) To pay rates, taxes, and other outgoings payable in respect of the property;
- (*h*) To pay, out of moneys received by him in the exercise of any of the foregoing powers, any debts owing by the owner;
- (*i*) To apply moneys received by him in the exercise of any of the foregoing powers in the maintenance of the wife, husband, or children of the owner;
- (*j*) To execute in his own name and on behalf of the owner all deeds and other instruments which may be necessary for any of the purposes aforesaid;
- (*k*) To complete and carry out in such manner as he thinks fit any valid subsisting contract affecting the property, or discharge any obligation attaching thereto at the time such property comes under his jurisdiction.

102. All expenses incurred by the public curator in the execution of the powers conferred on him by this Division shall be a charge upon the property, and shall bear interest at the rate of six pounds per centum per annum, and such charge shall come next in priority to any mortgage or charge to which the property is subject when he takes possession of the same.

103. On taking possession of any property under this Division, the public curator shall publish in the *Gazette*, and in some newspaper circulating in the district in which the property is situated, a notice of his intention to exercise the powers conferred on him by virtue of this Division.

104. All moneys received by the public curator in the exercise of the powers conferred on him by this Division shall, after payment thereout of all moneys authorised to be expended by him and all prescribed fees and expenses, be held by him in trust for the owner of the property. He shall place the same to the credit of the Unclaimed Moneys Fund.

105. In respect of any lease, sale, or other disposition of the property made by the public curator in pursuance of this Division, the public curator shall have the same powers as if he were the owner of the property, and all deeds and other documents executed by him in pursuance of this Division shall be registered and have effect in all respects as if executed by the owner of the property.

106. The owner of any property in respect of which any order has been so made, or any person having any interest in the property or in any part thereof, may at any time after the making of the order, on notice to the public curator, make application to the court to rescind the order, and the same may thereupon be rescinded accordingly on such terms as the court thinks fit.

But no such rescission shall affect any charge acquired by the public curator under this Division, or the validity of any act or thing done by the public curator during the continuance of the order and in pursuance thereof.

107. No order made under this Division, and nothing done in pursuance of any such order, shall be or become invalid or inoperative merely because it has been made or done under a mistake of fact, or because the owner of the property is dead at the time when the order is made or has died since the making thereof, or because of any disposition of the property made by the owner thereof during the subsistence of the order.

108. In this Division the following terms have the meanings set against them respectively, that is to say:—

"Company"—Every company which, having for its object the acquisition of gain—

- (*a*) Is registered or incorporated in Queensland under any Act having the force of law in Queensland relating to companies; or
- (*b*) Carries on business in Queensland, but is registered or incorporated elsewhere than in Queensland:

PUBLIC CURATOR ACT—*continued.*

6 Geo. V., No. 14, 13 Dec., 1915.

The term does not include the Government Savings Bank:

''Owner''—The person entitled to any unclaimed moneys: the term includes his executors, administrators, or assigns, or his or their lawful attorney or agent in Queensland;

''Unclaimed moneys''—All principal and interest moneys and all unforfeited dividends, bonuses, profits, and sums of money whatsoever which—

- (*a*) At any time after the first day of January, one thousand nine hundred and ten, have become legally payable by a company to the owner, or which, at any time after the commencement of this Act, become so payable by a company to the owner; and
- (*b*) Have been in the possession of such company for six years or upwards.

109. In the first week of January in every year, all unclaimed sums of money which on the first day of that month have been in the hands of the public curator to the credit of any trust or estate under administration by him for the term of the six years next preceding, and all interest accrued in respect thereof, shall be placed to the credit of the Unclaimed Moneys Fund.

110. (1) Every company, before the fourteenth day of January in every year, shall make entry of all unclaimed moneys, in a register to be kept by such company at its head or principal office in Queensland, in the prescribed form and with the prescribed particulars therein specified.

From and after the fifteenth day of January in each year, such register shall, on payment of a fee of one shilling, be open to the inspection of all persons at such head or principal office during the hours within which the company transacts its ordinary business.

A copy of every such register shall be advertised by the company in the *Gazette* annually during the month of January.

Any company which fails to keep such register or to advertise such copy, or which refuses inspection thereof, shall be liable to a penalty not exceeding two pounds for every day during which such default or refusal continues.

(2) All unclaimed moneys which have not been paid by the company to the owner thereof within one year after the first publication of such notice in the *Gazette* shall be paid by the company to the public curator, and by him placed to the credit of the Unclaimed Moneys Fund.

The company may deduct out of all unclaimed moneys payable by the company to the public curator the expenses paid by the company in the advertising of the notice hereinbefore provided.

Any company which fails to pay any unclaimed moneys to the Public Curator as herein required shall be liable to a penalty not exceeding two pounds for every day during which such default continues.

(3) Any right of the owner to recover such moneys which exists at the time of such entering or advertising as aforesaid shall not be prejudiced or affected by such entering or advertising, and such right may be enforced by such owner at any time before such moneys are paid to the Public Curator, but not afterwards, any law to the contrary notwithstanding: Provided that in such case the company shall be entitled to deduct from the amount payable to the owner such part of the expenses paid by the company in advertising the notice hereinbefore provided as the amount claimed bears to the total amount to which the notice relates.

(4.) The public curator may, at any time after the advertising of any notice as aforesaid, examine any of the accounts relating to the unclaimed moneys in such notice referred to, and may for that purpose require the production before him, or before such public officer as he may appoint, of any books, vouchers, or documents referring to such moneys.

If any error is found in any register or notice aforesaid, he may direct the register or notice, or both of them, to be amended at the expense of the company.

111. (1.) If a claimant makes a demand upon the public curator for any money in the Unclaimed Moneys Fund, the public curator, upon being satisfied that the claimant is the owner of the money demanded by him, may, with the approval of the Minister, pay the same to him out of the Unclaimed Moneys Fund.

(2.) If any such moneys paid to a claimant are afterwards claimed by any other person, the public curator shall not be responsible for the payment of the same, but such person may have recourse against the claimant to whom the public curator has paid the moneys.

112. When the court, except upon the application of the public curator, makes any order having any relation to the public curator or under this Act, it shall be the duty of the person who obtains such order forthwith thereafter to serve upon the public curator a copy thereof, and to deliver to the public curator a statement of the property affected by the order and where such property is situated or by whom held, so far as the same is known to such person, and such other information as the public curator reasonably requires; and in default thereof such person shall, unless he proves that such default was due to accident or was unavoidable, be liable to a penalty not exceeding ten pounds.

113. (1.) A certificate under the hand of the public curator and sealed with his seal, certifying the nature of his appointment or authority in relation to any trust or estate in course of administration, and any facts on the happening of which such appointment or authority was made or granted, shall be accepted by all courts, officers, and other persons, whether acting under any Act or not, as sufficient evidence of all the facts therein set forth, without production of any other proof whatever.

(2.) Such certificate shall be sufficient for the purpose of bringing any land under ''*The Real Property Acts,* 1861 *to* 1887,'' or of registering the public curator as proprietor of any estate or interest in any land under those Acts, or of any shares, stock, or property in any company, body, or association; and if any land is subject to the last-mentioned Acts, such certificate may be registered against such land as in the case of probate or letters of administration, and shall have the same force and effect.

Such certificate shall be equivalent for registration purposes to the probate or order to administer with the will annexed, and it shall not be necessary to register the probate, order, or will.

(3.) A recital of the purport of any will contained in any assurance or instrument under the hand and seal of the public curator shall be sufficient evidence thereof, and no one shall be concerned to inquire beyond such recital.

114. (1.) The Governor in Council may from time to time make regulations under this Act.

(2.) The court may from time to time, in manner provided by the Judicature Act, make all such rules of court as appear to be necessary or proper with respect to applications, orders, and matters, and otherwise for regulating practice and procedure and costs so as to give full effect to this Act.

(3.) All such regulations and rules shall upon publication in the *Gazette* be read as one with this Act and be of equal validity.

115. Where under this Act notice is required to be given by the public curator, or any officer, servant, or person acting under or *bonâ fide* assuming to act under this Act, it shall be sufficient if such notice is sent by registered letter addressed to the person to whom such notice is to be given at his then known or then last known place of abode or business.

117. Nothing in this Act shall prejudicially affect the Crown as to its property or rights.

11. The last preceding clause (10) shall be construed subject to the following special provisions:—

"THE WORKERS' COMPENSATION ACT OF 1916."

6 Geo. V., No. 35, 5 Jan., 1916.

For the purposes of this Act, a "Worker" is any person (including a domestic servant) who has entered into or works under a contract of service or apprenticeship with an employer, whether by way of manual labour, clerical work, or

"THE WORKERS' COMPENSATION ACT OF 1916"—*continued.*

6 Geo. V., No. 35, 5 Jan., 1916.

otherwise, and whether the contract is expressed or implied or is oral or in writing: the term does not include—

(*a*) A person employed whose remuneration exceeds four hundred pounds a year; or

(*b*) A person whose employment is of a casual nature, and is not for the purposes of the employer's trade or business, unless he is specially insured under or is covered by a policy of accident insurance under this Act; or

(*c*) A member of the police force; or

(*d*) A contributor under "*The Public Service Superannuation Act of* 1912"; or

(*e*) A member of the employer's family dwelling in his house.

(2.) Where a contract to perform any work in a mine, as defined by "*The Mines Regulation Act of* 1910," is let directly to a contractor or contractors who—

(*a*) Neither sublet the contract nor employ wages men; or

(*b*) Though employing wages men, actually perform any part of the work themselves,

such contractor or contractors, and also such wages men so employed, shall, for the purposes of this Act, be deemed to be workers employed by the person who let such contract.

(3.) Every tributer working in connection with any mine, as defined by "*The Mines Regulation Act of* 1910," and also any wages men employed by any such tributer, shall, for the purposes of this Act, be deemed to be workers employed by the person with whom the tribute agreement was made by the tributer.

(4.) Any reference to a worker who has been injured, where the worker is dead, includes a reference to his legal personal representative or to his dependants or other person to whom or for whose benefit compensation is payable.

(5.) For the purposes of the provisions of this Act relating to "earnings" and "average weekly earnings" of a worker, the following rules shall be observed:—

(*a*) Average weekly earnings shall be computed in such manner as is best calculated to give the rate per week at which the worker was being remunerated;

(*b*) In computing average weekly earnings there may be taken into consideration amounts paid by way of overtime, but not any sums which the employer has been accustomed to pay to the worker to cover any special expenses entailed on him by the nature of his employment;

(*c*) Where by reason of the shortness of time during which the worker has been in the employment of his employer, or the terms of the employment, it is impracticable at the date of the accident to compute the rate of remuneration, regard shall be had to the average weekly amount which, during the twelve months previous to the accident, was being earned by a person in the same grade employed at the same work by the same employer, or, if there is no person so employed, by a person in the same grade employed in the same class of employment and in the same district;

(*d*) Where the worker had entered into concurrent contracts of service with two or more employers under which he worked at one time for one such employer and at another time for another such employer, his average weekly earnings shall be computed as if his earnings under all such contracts were earnings in the employment of the employer for whom he was working at the date of the accident.

Policies of accident insurance issued by the Insurance Commissioner shall primarily be confined to liability to pay compensation under this Act: Provided that the regulations may empower the Insurance Commissioner to issue policies covering liability in relation to compensation or damages under any other Act, or at common law or otherwise, and may prescribe all such conditions and provisions as will enable the Insurance Commissioner to effectively carry out accident insurance business under such extended policies. For the purposes of this Act, all legal proceedings may be brought by or against the Insurance Commissioner in his official name.

8. It is obligatory for every employer to obtain from the Insurance Commissioner a policy of accident insurance for the full amount of the liability to pay compensation under this Act to all workers employed by him: Provided that the Insurance Commissioner may, if he thinks fit, declare by notification in the *Gazette* that it shall be obligatory for every employer to insure all persons whose employment is of a casual nature, whether the employment is for the purposes of the employer's trade or business or not.

Any employer who fails to comply with this section is liable to a penalty not exceeding five pounds in respect of each uninsured worker employed by him; and, after the date of any conviction for a contravention of this section, he shall from time to time be liable to further penalties not exceeding twenty pounds for every week during which he fails to comply with this section.

Moreover, upon the payment of any compensation by the Insurance Commissioner under this Act in respect of an injury to a worker who was not at the time of the accident covered or deemed to be covered by a policy of accident insurance under this Act, the full amount of compensation so paid may be recovered by the Insurance Commissioner in any court of competent jurisdiction from the employer who should have insured such worker.

9. (1.) Each worker who is injured by accident whether at the place of employment or on his journey to or from such place or (being in the course of his employment or while under his employer's instructions) away from the place of employment, or his dependants in case of death of the worker, shall receive out of the State Accident Insurance Fund compensation in accordance with this Act, and except as in this Act is otherwise provided such payment shall be in lieu of any and all rights of action whatsoever against any person whomsoever.

(2.) No compensation is payable under this Act in respect of any injury which does not disable the worker for a period of at least three days from earning full wages at the work at which he was employed.

(3.) No compensation is payable on account of any injury to or death of a worker caused by an intentional self-inflicted injury.

11. This Act applies in respect of an accident happening to a seaman employed on a Queensland ship, if the accident arises in the course of his employment, and happens while the ship is in any port within Queensland or is within the territorial waters of Queensland.

12. This Act applies, notwithstanding any contract to the contrary made after the commencement of this Act.

Any contract existing at the commencement of this Act whereby a worker relinquishes any right to compensation for personal injury by accident which under this Act would entitle him to compensation shall on the commencement of this Act be determined.

13. (1.) Applications for compensation shall be allowed or rejected in the first instance by the Insurance Commissioner; but the Insurance Commissioner, on receipt of any such application, may, or any person claiming compensation who objects to the ruling thereon of the Insurance Commissioner may, by notice in writing require the matter to be heard and determined by an industrial referee, and the application shall in such case be heard and determined by such referee in accordance with the regulations.

The decision of such referee shall, subject to the next succeeding subsection, be final; subject to the regulations the costs of the proceedings shall be in his discretion.

(2.) Either party to the proceedings before such referee may appeal from his decision on any point of law.

14. (1.) The amount of compensation under this Act shall be—

(A) Where death results from the injury—

(i.) If the worker leaves any dependants wholly dependent upon his earnings at the time of his death, a sum equal to his earnings in the employment of the same employer during the three years next preceding the injury, or the sum of three hundred pounds, whichever of those sums is the larger, but not exceeding in any case six hundred pounds:

Provided that—

The amount of any weekly payments made under this Act and any lump sum in redemption thereof shall be deducted from such sum; and

If the period of the worker's employment under the said employer has been less than the said three years, then the amount of his earnings during the said three years shall be deemed to be one hundred and fifty-six times his average weekly earnings during the period of his actual employment under the said employer;

(ii.) If the worker does not leave any such dependants, but leaves any dependants in part dependent upon his earnings at the time of his death, such sum, not exceeding in any case the amount payable under the foregoing provisions, as is reasonable and proportionate to the injury to the said dependants; and

"THE WORKERS' COMPENSATION ACT OF 1916"—*continued.*

6 Geo. V., No. 35, 5 Jan., 1916.

(iii.) If he leaves no dependants, the reasonable expenses of his medical attendance and burial not exceeding fifty pounds.

(B) Where total or partial incapacity for work results from the injury—

A weekly payment during the incapacity not exceeding fifty per centum of his average weekly earnings during the previous twelve months, if he has been so long employed, but if not, then for any less period during which he has been in the employment of the same employer, but such weekly payment shall not exceed two pounds, and the total liability in respect thereof shall not exceed seven hundred and fifty pounds:

Provided that when fifty per centum of such average weekly earnings is less than two pounds the weekly payment to a worker may be increased to any sum not exceeding the full amount of such average weekly earnings, but not in any case exceeding two pounds per week, if the Insurance Commissioner or industrial referee thinks proper under the circumstances:

Provided further that in no case shall an adult worker be entitled to receive during total incapacity a less sum per week than one pound.

(2.) The following provisions apply to seamen:—

(i.) In the case of the death of a seaman leaving no dependants, no compensation is payable if the owner or charterer of the ship is, under any Act in force in Queensland, liable to pay the expenses of burial.

(ii.) No weekly payments are payable in respect of any period during which such owner or charterer is, under any other Act in force in Queensland, liable to defray the expenses of maintenance of an injured seaman.

(iii.) Compensation shall be paid in full in all cases notwithstanding any limitation of liability in any other law.

16. (1.) Nothing in this Act shall affect any civil liability of the employer when the injury was caused by the personal negligence or wilful act of the employer or of some person for whose act or default the employer is responsible, or was such as to give a right to recover compensation under the laws relating to mining.

In such case the worker may at his option either obtain compensation under this Act or take proceedings independently of this Act, but the worker is not entitled to compensation under this Act if he has obtained judgment against the employer independently of this Act.

(2.) If compensation has already been recovered by the claimant in respect of the injury under any law of the United Kingdom, or of the Commonwealth of Australia, or of any other part of His Majesty's dominions, compensation under this Act shall not be allowed to the claimant.

No person having a right to such a claim under any such law shall apply for compensation under this Act, unless he makes a statutory declaration that he has not claimed, and covenants with the Insurance Commissioner that he will not claim, compensation for the injury under any such law.

17. It is not lawful for any employer or any person on his behalf to directly or indirectly take or receive any money from any worker, whether by way of deduction from wages or otherwise howsoever, in respect of any liability under this Act or to pay damages independently of this Act.

All money so taken or received as aforesaid from any worker, whether with the consent of such worker or not, may by him be recovered as a debt from the employer, or person who took or received it.

18. Where the Governor in Council is satisfied that by the laws of any other country within the dominions of the Crown outside the Commonwealth of Australia and the Dominion of New Zealand compensation for accidents is payable to the relatives of a deceased worker, although they are resident in Queensland, he may, by Order in Council, declare that dependants resident in that country shall have the same rights and remedies under this Act as if resident in Queensland.

20. (2.) The regulations may—

(i.) Direct the use of tables fixing and, if necessary, varying the rates of premium to be charged in connection with State accident insurance contracts, and provide special rates for workers specially liable to accident by reason of their age or any physical or mental infirmity or incapacity, or for workers in some particular occupation where the risk in the individual case is greater than that usually involved in such occupation: Provided that the Insurance Commissioner may fix the premium in the case of any such accident insurance contract not provided for in the said tables;

(ii.) Prescribe conditions or provisions to be contained or implied in State accident insurance contracts, and define the nature and extent of the risks to be covered by such contracts;

(iii.) Prescribe bases for the fixing of compensation where practicable, taking age, debility, infirmity, or any other factor into consideration;

(iv.) Provide generally for the proper conduct of State accident insurance business;

(v.) Prescribe the duties of and fees to be paid to medical referees and other medical practitioners under this Act;

(vi.) Empower the Insurance Commissioner—

(*a*) To review and, if he deems it just, to reduce the charges made by any medical practitioner or other person in respect of medical or surgical attendance on or treatment of injured workers;

(*b*) To enter into arrangements or agreements with medical practitioners and hospitals or other institutions for providing medical and surgical attendance, treatment, and aid to injured workers out of the compensation payable to such workers;

(vii.) Require insurance companies which at the passing of this Act are carrying on in Queensland the business of accident insurance to furnish to the Insurance Commissioner such returns as may be prescribed relating to the business of accident insurance;

(viii.) Limit the amount of costs recoverable in proceedings under this Act; prescribe the method of recovery of costs.

Impose a penalty not exceeding twenty pounds for any breach thereof.

Schedule.

4. (1.) The person entitled to compensation under this Act or some person on his behalf shall file with the clerk of petty sessions an application for compensation in accordance with the regulations together with a certificate of the medical practitioner, if any, who attended the worker, and such proof or other particulars required by the regulations.

Provided that in the case of an injury to a seaman not resulting in death the application may be filed with the clerk of petty sessions of the district in which the seaman is during his incapacity, and in case of the death of a seaman by accident the application may be filed with the clerk of petty sessions of the petty sessions district in which the dependants are living.

(2.) No application shall be valid or claim thereunder enforceable unless filed within six months after the day upon which the injury occurred or the right to compensation accrued. But this provision may be waived by the Insurance Commissioner if he is satisfied that failure to make application was due to mistake, absence from Queensland, or other reasonable cause.

5. Whenever any accident occurs to any worker it shall be the duty of the employer forthwith to report particulars of such accident and the injury resulting therefrom to the proper clerk of petty sessions.

Such report shall state—

(i.) The time, cause, and nature of the accident and injury, and the probable duration of the injury resulting therefrom;

(ii.) Whether the accident arose in the course of the injured person's employment;

(iii.) Any other matters prescribed by the regulations.

Any employer who has not complied with this provision within thirty days after the happening of an accident shall, unless he furnishes to the adjudicating court a reasonable excuse for such failure, be liable to a penalty not exceeding thirty pounds.

6. Any worker applying for or in receipt of compensation under this Act is required, if requested by the Insurance Commissioner or the clerk of petty sessions, to submit himself for medical examination at a time and from time to time at a place reasonably convenient for the worker and as may be prescribed by the regulations.

"THE WORKERS' COMPENSATION ACT OF 1916"—*continued.*

6 Geo. V., No. 35, 5 Jan., 1916.

Schedule.

If the worker refuses to submit to any such examination or obstructs the same his right to weekly payments shall be suspended until such examination has taken place, and no compensation shall be payable during or on account of such period.

7. Upon the request of any applicant for compensation under this Act, made in the prescribed manner to the curator of intestate estates or to a public curator appointed under any Act, he may make and prosecute any application for compensation under this Act and otherwise act for and on behalf of such claimant for any of the purposes of this Act. When so acting he shall be entitled to claim and receive such fees and charges as may be prescribed under this Act, or in the case of a public curator under the Act creating this office.

8. If the Insurance Commissioner is satisfied that an application for compensation is well founded, he may, in his discretion, before the amount of compensation is fixed, or pending any appeal as to the amount thereof, from time to time advance to the worker such sum or sums on account of compensation as he thinks proper under the circumstances.

9. (1.) Notwithstanding anything contained in this Act as to the rate of compensation, compensation for the injuries mentioned in the first column of the table hereunder set forth shall be assessed in the manner indicated in the second column of that table.

(2.) Nothing in the said table shall limit the amount of compensation payable for any such injury during any period of total incapacity due to illness resulting from that injury, but any sum so received shall be taken into account in estimating the compensation payable in accordance with the said table:—

Nature of Injury.	Ratio of Compensation to Full Compensation as for Total Incapacity in Estimating the Amount of Weekly Payments or of a Lump Sum in Redemption thereof.
Loss of both eyes	100 per cent.
Loss of an only eye	100 per cent.

Total loss of the right arm or of the greater part of the arm	80 per cent.
Total loss of the left arm or of the greater part of the arm	75 per cent.
Total loss of the right hand or of five fingers of the right hand or of the lower part of the right arm	70 per cent.
Total loss of the same for the left hand and arm	65 per cent.
Total loss of a leg	75 per cent.

Total loss of the middle or ring finger of the hand	8 per cent.
Total loss of the great toe of either foot ..	20 per cent.
Total loss of any other toe or of a joint of a finger	5 per cent.

For the purposes of this table an eye, hand, foot, or other member is deemed to be lost if it is rendered permanently and wholly useless.

Where a worker suffers by the same accident more than one of the injuries mentioned in this table, he is not in any case entitled to receive more than full compensation as for total incapacity.

10. In fixing the amount of the weekly payment, regard shall be had to any payment, allowance, or benefit the worker may receive from the employer during the period of his incapacity.

11. Any weekly payment may be reviewed by an industrial referee at the request either of the Insurance Commissioner or of the worker, and on such review may be ended, diminished, or increased, subject to the maximum herein prescribed:

Provided that where the worker was at the date of the accident under twenty-one years of age, and the review takes place more than twelve months after the accident, the amount of the future weekly payment may be increased to any amount not exceeding fifty per centum of the weekly sum which the worker would probably have been earning at the date of the review if he had remained uninjured, but not in any case exceeding two pounds.

12. Where there are both total and partial dependants, nothing in this Act shall be construed as preventing the compensation being allotted partly to the total and partly to the partial dependants.

13. Where a worker has, under clause 6 of this Schedule, submitted himself for examination by a medical practitioner, and the Insurance Commissioner has, within six days after such examination, furnished the worker with a copy of the report of that practitioner as to his condition, then, in the event of no agreement being come to between the Insurance Commissioner and the worker as to the worker's condition or fitness for employment, on application being made by either party to the clerk of petty sessions and in either case on payment by the applicant of such fee as may be fixed, not exceeding the limit prescribed by the regulations, the clerk of petty sessions shall refer the matter to a medical referee.

Such medical referee shall, in accordance with the regulations, give a certificate as to the condition of the worker and his fitness for employment, specifying, where necessary, the kind of employment for which he is fit; and that certificate shall be conclusive evidence as to the matter so certified.

If a worker, on being required so to do, refuses to submit himself for examination by such medical referee, or in any way obstructs the same, his right to compensation and to take or prosecute any proceeding under this Act in relation to compensation, or in the case of a worker in receipt of a weekly payment his right to that weekly payment, shall be suspended until such examination has taken place.

The regulations may prescribe the manner in which documents are to be furnished or served and applications made under this paragraph, and the forms to be used for those purposes, and as to the fee to be paid under this clause.

14. A medical referee who has been employed as a medical practitioner in connection with any particular case by or on behalf of a worker or by the Insurance Commissioner shall not act as medical referee in that case.

15. In case of death, the payment shall be made to the legal personal representative of the worker, or, if he has no legal personal representative, to or for the benefit of his dependants, or, if he leave no dependants, to the person to whom the expenses are due; and, if made to the legal personal representative, shall be paid by him to or for the benefit of the dependants or other persons entitled thereto under this Act.

16. The sum allotted as compensation to a dependant may be invested or otherwise applied for the benefit of the person entitled thereto as agreed, or, in default of agreement, as ordered by an industrial referee upon the request of the Insurance Commissioner.

17. Where it appears to an industrial referee upon a reference by the Insurance Commissioner that a worker to whom any sum is payable under this Act ought, on account of drunkenness, neglect of wife or children or other relatives, or other sufficient misconduct on his part, to be deprived of the whole or any part of any such sum or that the terms on which, or the manner in which, any such sum is payable to him ought to be varied, such referee may order such deprivation or variation, and may, on application being made in accordance with the regulations, make such further order for the payment of the sum of which the worker has been deprived, to or for the benefit of any member or members of his family, as in the circumstances of the case he thinks just.

18. Where it appears to an industrial referee upon a reference by the Insurance Commissioner that a widow to whom any sum is payable under this Act, whether by way of an annuity or as instalments or otherwise, ought, on account of her remarriage, or on account of drunkenness, neglect of children, or other sufficient misconduct on her part, to be deprived of the whole or any part of any such sums, or that the terms on which, or the manner in which, any such sums are payable to the widow ought to be varied, such referee may order such deprivation or variation, and may, on application being made in accordance with the regulations, make such further order, for the payment of the sums of which the widow has been deprived, to or for the benefit of other dependants, as in the circumstances of the case he thinks just.

19. The liability for weekly payments of compensation may at any time be redeemed by the payment of a lump sum to be agreed on by the worker and the Insurance Commissioner, or, failing agreement, to be fixed by an industrial referee at the request of either of them.

"THE WORKERS' COMPENSATION ACT OF 1916"—*continued.*

6 Geo. V., No. 35, 5 Jan., 1916.

Schedule—continued.

Such lump sum may by agreement or by order of such referee be invested or otherwise applied for the benefit of the person entitled thereto.

Any such lump sum may, within twelve months after it has been agreed on or fixed, be reviewed by an industrial referee at the request of either the Insurance Commissioner or of the worker, and on such review may be diminished or increased subject to the maximum herein prescribed.

20. When payment of any moneys under this Act is made to any person under twenty-one years of age, whether such person claims as a worker, dependant, or legal personal representative, the receipt of such person therefor shall be a good and valid discharge in law; and such person (notwithstanding minority) may agree with the Insurance Commissioner upon the amount of compensation payable.

21. Where under this Act a right to compensation is suspended, no compensation shall be payable in respect of the period of suspension.

22. If a worker receiving a weekly payment ceases to reside in the Commonwealth or New Zealand he shall thereupon cease to be entitled to receive any weekly payment.

But if he proves that the incapacity resulting from the injury is of a permanent nature he shall be entitled to a lump sum not exceeding one hundred and fifty-six times the amount of weekly payment less all payments theretofore paid.

Any question arising under this clause shall, in default of agreement, be determined by an industrial referee at the request of the worker or the Insurance Commissioner.

23. (1.) If, within the time limited by this Act for making application for compensation, an action is brought to recover damages independently of this Act for injury caused by any accident, and it is determined in such action that the injury is one for which the employer is not liable in such action, but that there is a liability to pay compensation under this Act, the action shall be dismissed.

But the adjudicating court shall, unless the plaintiff objects, proceed to assess such compensation, and shall, unless good cause to the contrary is shown, deduct from such compensation all the costs which in its opinion have been caused by the plaintiff bringing such action instead of making an application under this Act, and shall enter judgment accordingly.

In any proceeding under this subclause when the court assesses the compensation, it shall give a certificate for the compensation it has awarded and the directions it has given as to the deduction for costs, and such certificate shall be binding upon the Insurance Commissioner, and the compensation so awarded shall be payable out of the State Insurance Fund.

(2.) Subject to this Act, if it is determined in any proceedings under this Act that the injury is one for which compensation is not payable under this Act, such determination shall not prevent an action being brought in respect of such injury independently of this Act, and the court in which such action is tried may deduct from any damages awarded by such court all or part of the costs which, in its opinion, have been caused by the plaintiff having brought the unsuccessful proceedings under this Act.

24. When the injury for which compensation is payable by the Insurance Commissioner under this Act was caused under circumstances creating also a legal liability in some other person to pay damages in respect thereof—

(i.) The worker may both take proceedings against that person to recover damages and may apply for compensation under this Act, but is not entitled to recover both damages and compensation; and

(ii.) If the worker has recovered compensation under this Act the Insurance Commissioner shall be entitled to be indemnified by the person so liable to pay damages as aforesaid, and all questions as to the right to and amount of any such indemnity shall in default of agreement be settled by action or, if the parties consent, by an industrial referee under this Act.

25. Where any person (herein called the "principal") contracts with any other person (herein called the "contractor") for the execution of any work by or under the contractor, and the contractor employs any worker thereon, the following provisions shall apply:—

(i.) Both the principal and the contractor shall be deemed to be employers of the worker.

(ii.) In the case of sub-contracts, the expression "principal" shall extend to and include not only the original principal, but also each contractor who constitutes himself a principal with respect to a sub-contractor by contracting with him for the execution by him of the whole or any part of the work; and the expression "contractor" shall extend to and include not only the original contractor, but also each sub-contractor.

(iii.) The regulations may declare the conditions under which any right of indemnity shall exist and be enforceable by and between any of the aforesaid persons, and may also prescribe the person or persons against whom the Insurance Commissioner is entitled to recover any penalty or any moneys under the circumstances aforesaid.

26. No money paid or payable in respect of compensation under this Act shall be capable of being assigned, charged, taken in execution, or attached, nor shall the same pass to any other person by operation of law, or otherwise howsoever, nor shall any claim be set off against the same.

27. Any person who attempts by malingering to obtain any benefit under this Act shall be liable to a penalty not exceeding twenty pounds or two months' imprisonment.

Regulations, "Government Gazette," 1 July, 1916.

5. "Household worker" means any person including a domestic servant who is employed solely in or about or in connection with a private dwelling-house or grounds appurtenant thereto.

Rates of Premium.

7. (*a*) The premium to be paid to the Commissioner by the employer for such policy shall be calculated in accordance with the rates of premiums set forth in Schedule I. hereto.

(*b*) Subject to adjustment as hereinafter provided, such premium for the first period of insurance shall be based upon a sum equal to the sum paid by the employer in cash or its equivalent as and by way of wages, salaries, and other earnings to all workers in his employment during the year ended on the thirty-first day of May, 1916: Provided that, where the employer did not employ workers for the whole or any part of that year, the Commissioner may fix the sum upon which such premium is to be based in accordance with information supplied by the employer for that purpose.

(*c*) Subject to adjustment as hereinafter provided, such premium shall, at the beginning of the second and each subsequent period of insurance, be based upon a sum equal to the sum paid by the employer in cash or its equivalent as and by way of wages, salaries, and other earnings to all workers in his employment during the year ended on the thirtieth day of June then last past: Provided that where the employer did not employ workers for the whole of the year then ended, the Commissioner may fix the sum upon which such premium is to be based in accordance with information supplied by the employer for that purpose.

8. In determining the amount of wages, salaries, or other earnings paid by an employer in any period of insurance, the value of board and lodging shall be reckoned at fifteen shillings per week for each worker for whom board and lodging is provided by the employer.

9. (A) The premium paid in respect of each period of insurance shall be adjusted in accordance with the employer's actual wage expenditure during such period, and for the purpose of enabling the Commissioner to so adjust such premium the employer shall, when so required by the Commissioner by notification in the *Gazette,* or in such other manner as the Commissioner may think convenient, furnish to him particulars of the actual amounts paid during the year ended on the thirtieth day of June then last past, or due at that date to be paid by him in cash or its equivalent as and by way of wages, salaries, and other earnings to workers of each class employed by him during the said year.

(B) If it appears from such particulars that the premium already paid by the employer for that year was too great, the Commissioner shall refund the amount overpaid, or shall allow it in reduction of the employer's premium for the next ensuing year.

(C) If from such particulars it appears that the premium already paid as aforesaid was too little, the amount of the deficit shall be paid by the employer with his premium for the next ensuing year, or within fourteen days of demand in writing by the Commissioner if the premium for the ensuing year has already been paid or if there is no such premium payable.

(D) If during any period of insurance the employer dies or retires from business and the business is not continued, or ceases from any other cause to employ workers, application may

"THE WORKERS' COMPENSATION ACT OF 1916"—*continued.*

6 Geo. V., No. 35, 5 Jan., 1916.

Regulations, "Government Gazette," 1 *July,* 1916.

be made to the Commissioner for a rebate of a proportion of the premium paid for that year, and on receiving particulars in accordance with paragraph (A) hereof for the period commencing on the first day of July then last past and terminating on the day from which rebate is claimed, the Commissioner shall refund such proportion of the premium paid by the employer for that year as proves to have been unearned at the date from which rebate is claimed.

10. (A) On the payment to him of the proper amount of premium the Commissioner shall issue to the employer a policy in the form prescribed.

(B) The Commissioner, in accordance with Part IV. of these Regulations, may add to any such policy, by endorsement or otherwise, such provisions relating to the insurance of the employer's risk under the *Commonwealth Workmen's Compensation Act* 1912, the (Commonwealth) *Seamen's Compensation Act* 1911, "*The Mines Regulation Acts,* 1910 *to* 1912," or at common law as are appropriate to any particular case.

11. The employer shall keep or cause to be kept a record showing the name of every worker (other than household workers) employed by him, together with an account of the actual amount paid in wages, salaries, and other earnings to each worker (other than household workers) in each week or other period of payment. Such record, together with the employer's policy or policies, issued under the Act, shall be produced by the employer for inspection on the request of the Commissioner, or any State officer duly authorised by the Commissioner.

12. (A) When the employer (herein called "the principal") contracts with any other person (herein called "the contractor") for the execution of any work by or under the contractor, and the contractor employs any worker thereon, the principal may require the production of a subsisting policy covering the contractor's workers under the Act.

(B) If the contractor fails to produce such policy when required, the principal may, within three days of the work being commenced, notify the Commissioner of the failure of the contractor to produce such policy, giving the name and postal address of the contractor.

(C) Upon compliance by the principal with this regulation, the Commissioner shall not be entitled to recover any penalty or other moneys from the principal.

13. (A) The employer shall, forthwith after the occurrence of an accident to a worker employed by him, report particulars of such accident and the injury resulting therefrom to the Commissioner or to the Clerk of Petty Sessions of the district in which such accident occurred.

(B) Every such report shall be in the form prescribed.

(C) In the case of a fatal accident or of the fatal termination of an accident, whether or not notice has already been given in accordance with paragraph (A) hereof, the employer shall notify the fact forthwith to the Commissioner by urgent collect telegram. Every such telegram shall state the name of the worker killed, the time and cause of death, the employer's name, and the number of his policy and, if known, the time when and place where the death inquiry is to be held.

(D) After the occurrence of an accident to a worker the employer shall, on request from the Commissioner or any duly authorised officer of the Commissioner, permit the Commissioner or such officer, as often as may be required, to inspect the employer's works and the place of accident, and furnish such assistance and information in his power as may reasonably be required under the circumstances.

14. (A) Every application for compensation for injuries to a worker by accident not resulting in death to be filed under clause 4 of the Schedule to the Act shall be made by filing with the Clerk of Petty Sessions an application in the form prescribed, signed by the applicant or his agent, and shall give the particulars therein required.

(B) The applicant shall also furnish to the Commissioner such proof of his injuries and the cause thereof, and the nature, extent, and duration of disablement as the Commissioner may reasonably require.

15. (A) Every application for compensation for the death of a worker by accident to be filed under clause 4 of the Schedule to the Act shall be made by filing with the Clerk of Petty Sessions, an application in the form prescribed, signed by the applicant or his agent, and shall give the particulars therein required.

(B) The applicant shall also furnish to the Commissioner such proof of the death of the worker, the cause thereof, the identity of deceased, and of the rights of persons claiming to be dependants of the deceased worker as the Commissioner may reasonably require.

16. (A) Every certificate of a medical practitioner to be filed under clause 4 of the Schedule to the Act shall be in the form prescribed, and shall give the particulars therein required.

(B) The fee to be charged by the medical practitioner to the applicant for giving such certificate shall not exceed five shillings.

17. When no medical certificate is furnished with the application for compensation, the applicant shall give the particulars required in the form prescribed, and shall verify the same by statutory declaration.

18. When the applicant is illiterate and unable to furnish the required information in writing, the application, with the particulars required to be given, shall, if so desired by the applicant, be filled up on his behalf by a Clerk of Petty Sessions.

19. (A) Any worker required to submit himself to medical examination under clause 6 of the Schedule to the Act shall be notified in writing to that effect by the Commissioner or a Clerk of Petty Sessions.

(B) Every such notice shall give the name and address of the medical practitioner employed to make the examination.

(C) The worker shall submit himself for examination by such medical practitioner as soon as possible after receipt of such notice, and in any case within fourteen days of receipt of such notice.

(D) The examination shall be made at such time and place, reasonably convenient to the worker, as the medical practitioner may appoint.

(E) Unless by his own consent no worker shall be compelled to submit himself to examination under this Regulation more than once in each calendar month.

(F) The medical practitioner shall make a personal examination of the worker, and shall within three days of such examination make a written report to the Commissioner, and shall furnish a copy of such report to the worker on the Commissioner's behalf.

(G) Every such report shall be in writing, and shall state—

(1) The nature and extent of the injuries and their probable cause.

(2) If there is anything in the habits of the worker or his mental or physical condition or general state of health not arising from the accident likely to prolong disablement or to result in disablement of a more serious nature than would ordinarily result from such an injury.

(3) The fitness of the worker for employment, and when the medical practitioner thinks he will be able to return to work.

(4) If not fit for his previous occupation, the kind of employment for which he is or probably will be fitted.

(H) The fees to be payable by the Commissioner to a medical practitioner for each such examination (including all the duties performed in connection therewith) shall be—

(1) For a first examination—Two pounds two shillings.

(2) For a second or subsequent examination of the same worker—One pound one shilling.

(3) Where in order to examine the worker the medical practitioner is required to travel to a place distant more than one mile from his surgery—a travelling allowance at the rate of two shillings and sixpence per mile (one way only) for every mile or portion of a mile up to three miles (after the first mile) and five shillings per mile (one way only) for every mile or portion of a mile beyond the fourth mile.

(I) The medical practitioner shall render a separate account to the Commissioner for fees on the scale set out in paragraph (H) of this Regulation for each examination made by him when sending to him the report required by paragraph (G) of this Regulation.

20. Within thirty days of the receipt by him of any application, the Commissioner shall forward to the applicant or to his agent a notice stating whether he allows or rejects the application or requires further evidence in support thereof, or requires that the matter shall be referred to a medical referee under clause 13 of the Schedule to the Act or requires it to be heard and determined by an industrial referee.

21. Any applicant for compensation who objects to the ruling thereon of the Commissioner may, within thirty days

"THE WORKERS' COMPENSATION ACT OF 1916"—*continued.*

6 Geo. V., No. 35, 5 Jan., 1916.

Regulations, "Government Gazette," 1 *July,* 1916.

after receipt of notice of such ruling, forward to the Commissioner a notice stating the nature of his objection and requiring the matter to be referred to a medical referee under clause 13 of the Schedule to the Act, or to be heard and determined by an industrial referee.

22. (A) If either the Commissioner or the applicant requires the matter to be referred to a medical referee, the party requiring such reference shall notify the other party in writing and shall pay to the Clerk of Petty Sessions the sum of two pounds two shillings.

(B) The Clerk of Petty Sessions shall thereupon forward to the Commissioner and to the applicant or his agent a notice of the name and address of the medical referee in the case, and shall request the medical referee to communicate with the Commissioner and the applicant or his agent with a view of appointing some mutually convenient day and place for the reference.

(C) Such medical referee shall make a personal examination of the worker, and shall give a certificate in duplicate, one copy to each party to the reference, stating—

(1) The nature and extent of the injuries and their probable cause;

(2) If there is anything in the habits of the worker or his mental or physical condition or general state of health not arising from the accident likely to prolong disablement or to result in disablement of a more serious nature than would ordinarily result from such an injury;

(3) The fitness of the worker for employment and when the medical referee thinks he will be able to return to work; and

(4) If not fit for his previous occupation, the kind of employment for which he is or probably will be fitted.

(D) The fees to be payable to a medical referee for each such reference (including all the duties performed in connection therewith) shall be two pounds two shillings with a travelling allowance at the rate of two shillings and sixpence per mile (one way only) for every mile or portion of a mile up to three miles (after the first mile) and five shillings per mile (one way only) for every mile or portion of a mile beyond the fourth mile, which the medical referee is required to travel from his surgery for the purpose of holding the reference.

(E) All fees which may be received by any Clerk of Petty Sessions under or by virtue of paragraph (A) of this Regulation shall be paid into the fund, and the cost of all medical references shall be paid out of the fund.

(F) In cases involving special difficulty, the Commissioner, at the request of the medical referee, may apply to the Minister for special expert assistance, and the Minister, if he sees fit, may grant the same on such terms as to remuneration or otherwise as he may think proper in the circumstances.

All payments authorised by the Minister under this paragraph shall be made out of the fund.

23. (A) If either the Commissioner or the applicant requires any matter (being within the jurisdiction of an industrial referee) arising out of the Act or these Regulations to be referred to an industrial referee, the party requiring such reference shall notify the Clerk of Petty Sessions stating the matter to be referred, and the Clerk of Petty Sessions shall thereupon arrange with an industrial referee to fix a time and place for the hearing of such reference and shall notify the parties accordingly.

(B) The Commissioner shall forward to the Clerk of Petty Sessions copies of all documents and papers in connection with the subject of the reference.

(C) Where the subject of the reference involves any question of the condition of an injured worker or the cause, nature, or extent of his injuries, or of the disablement arising therefrom, if no medical reference under No. 22 of these Regulations has already been held, the industrial referee may require such medical evidence in the matter as he thinks proper, and may act on such evidence.

(D) The industrial referee shall give his decision in open court and shall furnish a copy thereof in writing to each party to the reference.

24. (A) Where it is made to appear to the satisfaction of the industrial referee, at the hearing of any application or question arising under the Act or these Regulations that the hearing of such application or question could more conveniently be carried on at some other place, or before some other industrial referee (on account of the difficulty or expense of bringing witnesses, or for other good and sufficient reason), or at some future date, the industrial referee may make an order accordingly and adjourn the hearing of such application or question.

(B) If the adjournment is to another industrial referee, all documents in connection with such application or question shall be transmitted to the proper Clerk of Petty Sessions, and such other industrial referee shall have jurisdiction and shall hear and determine the matter as if it had been referred to him in the first instance.

(C) The industrial referee may at any time during the hearing of any question arising under the Act or these Regulations supply or amend all wants, defects, or errors in the proceedings, whether the wants, defects, or errors be those of the party applying or not, and all such amendments or additions may be made with or without costs (not exceeding the costs prescribed in these Regulations), and upon such terms as to the said industrial referee may seem fit; and all such amendments and additions as may be necessary for the purpose of determining the real matter or matters at issue between the parties shall be so made.

25. (A) The costs of proceedings before an industrial referee shall, subject to paragraph (B) of this Regulation, be in the discretion of the industrial referee, and may be allowed or disallowed by him as he in his absolute discretion may decide.

(B) Where allowed they shall not exceed the following scale:—

(1) *Applicant's or respondent's solicitor—*	£	s.	d.
(*a*) Attending any hearing where the sum recovered exceeds £50 or is a weekly payment exceeding 20s., or appearing on any application (if counsel not engaged)—per day	1	11	6

26. (A) Where the Commissioner or the medical referee is of opinion that the injury from which the applicant is suffering is amenable to special medical or surgical or hospital treatment, the Commissioner may enter into arrangements with any medical practitioner, or with any hospital or other institution, to provide such special medical or surgical attendance, treatment, or aid.

(B) The cost of such special medical or surgical attendance, treatment, or aid shall be a charge on the amount of compensation due under the Act in respect of the accident from which the injuries arise, and may be deducted by the Commissioner from any amount due to the applicant under the Act.

(C) Where the amount of compensation due under the Act is not sufficient to cover the cost of such special medical or surgical attendance, treatment, or aid, the Commissioner may, if he thinks fit, pay the whole or any part of the difference out of the fund.

27. (A) The Commissioner may issue policies to employers covering liability in relation to compensation or damages under

"THE WORKERS' COMPENSATION ACT OF 1916"—*continued.*

6 Geo. V., No. 35, 5 Jan., 1916.

Regulations, "Government Gazette," 1 *July,* 1916.

the *Commonwealth Workmen's Compensation Act* 1912, "*The Mines Regulation Acts,* 1910 *to* 1912," or at common law, to workers employed by them in respect of accidents arising within the State of Queensland or the territorial waters thereof.

(B) The Commissioner may also issue policies to owners or charterers of Queensland ships covering liability in relation to compensation, under the (Commonwealth) *Seamen's Compensation Act* 1911, to seamen employed by them.

(C) Policies under this part of these Regulations will only be issued to employers who obtain from the Commissioner policies under Part II. of these Regulations.

(D) The premium to be paid to the Commissioner by the employer for such policies shall be calculated in accordance with Schedule II. of these Regulations, and shall be subject to final adjustment at the end of each year of insurance, as hereinbefore provided.

(E) No liability shall attach to the Commissioner in respect of any insurance granted under this Part of these Regulations unless and until the full premium determined by the Commissioner for such insurance has been paid to the Commissioner.

28. (A) If any action or other proceeding is brought against the employer who holds a subsisting policy under this Part of these Regulations by any injured worker to recover damages or compensation, the employer shall forthwith forward to the Commissioner every writ or other process as soon as the same has been served on him, and the Commissioner may defend such proceedings (including arbitrations) in the name and on behalf of the employer, or may settle the same, or may pay to the employer the full amount insured in that respect under the policy, whereupon the Commissioner's liability under such policy in respect of that accident shall be satisfied.

(B) Unless with the consent of the Commissioner previously given in writing the employer shall not admit liability for nor settle any such claim, nor incur any expense, nor interfere in any negotiations for settlement, or in any legal proceedings, and any breach of this condition shall render the policy void. The employer may, however, provide at the time of the accident such immediate surgical relief as is imperative. The employer, when requested by the Commissioner, shall aid in securing information, in procuring the evidence of witnesses, in effecting settlements, and in prosecuting appeals.

(C) The Commissioner shall be entitled to use the name of the employer in any proceedings to enforce for the benefit of the Commissioner any order made for costs or otherwise, in connection with any such claim, and shall have the right of subrogation in respect of all rights which the employer may have against any person or persons who may be responsible to the employer for such accident, and the employer shall, as and when required, execute all necessary documents for the purpose of vesting such rights in the Commissioner.

29. The provisions of this Part of these Regulations shall be implied in every policy issued by the Commissioner under this Part.

32. (A) Whoever aids, abets, counsels, or procures, or by act or omission is in any way directly or indirectly knowingly concerned in the commission of any offence under these Regulations, shall be deemed to have committed that offence, and shall be punishable accordingly.

(B) Payment of penalties under the Act or these Regulations shall not relieve any person from liability to furnish particulars or for payment of any moneys for which he would otherwise be liable.

33. Any person who in any manner obstructs, resists, hinders, or delays, or attempts to obstruct, resist, hinder, or delay, the Commissioner or any officer acting in the discharge or attempted discharge of his duties under the Act or these Regulations, or in any manner whatsoever is guilty of a breach of or fails to comply with any of the provisions of these Regulations which it is his duty to obey or comply with, shall be guilty of an offence and be liable to a penalty not exceeding twenty pounds.

SCHEDULE I.

(1) The rate to be charged for insurance under the Act only shall be the rate set opposite the occupation in the Table hereunder.

(2) Household workers will be insured under a separate policy, and will not be included in any policy covering workers employed by the employer in his trade or business.

(3) Where an employer carries on in buildings or premises communicating internally with each other, two or more occupations subject to different ratings, the rate to be charged, unless otherwise specially provided, will be that set opposite the highest rated of such occupations in the said Table.

(4) Travellers and canvassers will be insured at the rates set out for these occupations in the said Table irrespective of the employer's occupation.

(5) Managerial and clerical staffs, where occupied solely in office work or in the supervision of non-manual work, will be insured at the rate set out for clerical staff in the said Table irrespective of the employer's occupation.

(6) Workers regularly using motor cycles or motor cars (provided by the employer) in the course of their employment, will be rated at the rates set out in the said Table for motor drivers irrespective of the employer's occupation.

(7) The minimum annual premium of any employer shall be—

(*a*) For a policy covering household workers only, the sum of five shillings (5s.).

(*b*) For a policy covering workers other than household workers, the sum of ten shillings (10s.).

(8) Pence may be omitted in determining premiums, which, subject to adjustment at the end of each period of insurance, may be increased on calculation to the next integral shilling.

RABBIT ACT.

4 Geo. V., No. 7. (30 Sep., 1913.) Sec. 3 (2).

In determining the amount of assessment payable by each owner, all cattle and sheep depastured on the same run are taken into account, and for that purpose five sheep are deemed to be the equivalent of one head of cattle.

Sec. 12.

Every owner, part owner, general manager, or resident manager of a holding in a district assessed at not less than 50 head of cattle or 250 sheep, shall be qualified to be elected a member of the Board. Every resident owner or manager of such holding shall be qualified to vote at an election of members according to the following scale, that is to say:—

50 and under 2,000 cattle or 250 and under 10,000 sheep, 1 vote.
2,000 and under 5,000 cattle or 10,000 and under 25,000 sheep, 2 votes.
5,000 cattle or 25,000 sheep and upwards, 3 votes:

provided that no person shall have more than 3 votes in any one district.

Sec. 20.

The Board in each district may in each year make and levy an assessment not exceeding 5s. nor less than 1s. on every 20 head of cattle, and not exceeding 5s. nor less than 1s. on every 100 sheep depastured in the district; such assessment shall be on the number of stock as appears in the latest statutory returns.

(*a*) In respect of a holding held under lease or license from the Crown, the assessment must not be upon a less number of stock than in the proportion of such number of cattle or sheep for every square mile of the holding as the Governor in Council may fix from time to time either generally or with respect to any district or districts, and which number may in his discretion be in the case of cattle 10 or a less number, and in the case of sheep 50 or a less number.

(*b*) Whenever in any year a holding is subdivided subsequent to the making of the statutory return, each new holding shall for the purpose of assessment be deemed to have depastured the stock *pro ratâ* of the area.

(*c*) No assessment is payable by an owner other than an owner of a holding held under lease or license from the Crown, of less than 50 head of cattle or 250 sheep, or a proportionate number of cattle and sheep.

(*d*) No assessment shall be payable in respect of a holding which is exempted by this or any other Act.

(*e*) No assessment shall be payable in respect of stock depastured upon a holding or upon a group of selections not exceeding 8 in number or 200 square miles in total area, which to the satisfaction of the Board are entirely enclosed with a rabbit-proof fence, if the fence is maintained rabbit-proof and the area is free from rabbits or adequate measures of destruction are taken.

(*f*) No assessment shall be payable in respect of any holding situated outside and to the south or west of the rabbit-proof fence known as the border fence of the State.

(*g*) If sufficient funds are available in any district, the Governor in Council may direct that no assessment shall be levied for such period as he thinks fit.

Sec. 21.

A Board may levy by two instalments at an interval of not less than 6 months, provided that the total amount per annum must not exceed the assessment specified in Section 20.

Sec. 22 (2).

In the case of stock depastured on any holding not the property of the owner of the stock, the said owner shall be equally liable for the assessment, and it is the duty of the owner of the holding on receipt of notification of the assessment to notify the Clerk of the Board of the name and address of the owner of the stock.

Sec. 23.

A Board may enforce payment of assessment in the usual manner together with one-tenth more by way of penalty.

Sec. 30 (1).

A Board may order the erection of a fence capable of supporting wire netting.

Sec. 31.

(i.) The owner of a holding within which such fence or any part thereof is erected shall be liable to contribute one-fourth of the cost of the erection and maintenance of such fence or part thereof.

(ii.) The owners of holdings on either side of such fence shall each be liable to contribute quarter of the cost of erection and maintenance of such fence.

(iii.) The remainder of the cost of erection and maintenance of such fence shall be borne by the owners of the holdings within the district which in the opinion of the Board are benefited by such fence, including those owners specified in Subsections (i.) and (ii.), if considered just by the Board. The proportion of cost payable by each owner shall be fixed by the Board. If an owner is dissatisfied with the determination of the Board, he may appeal to the Land Court.

Sec. 35. When an owner uses for the purpose of enclosing his holding any rabbit-proof fence erected by the Board or the Crown, or for which the netting has been supplied by the Crown, he shall be liable to maintain such fence in rabbit-proof condition and shall be liable to pay interest at the rate of 4 per cent. per annum on the cost of netting on such fence.

Secs. 37-41. Sec. 42 (2). The annual instalment shall be payable on the same day in every year, the first payment to be made one year after the execution of the charge.

Sec. 42 (3). If default is made in respect of any such annual payment, the amount thereof, plus interest at the rate of 10 per cent. per annum simple interest, shall be recoverable in the same manner in which assessments are recoverable.

Sec. 42 (4). The owner of the holding may at any time pay in one sum his indebtedness, including interest due, and obtain his discharge for same.

Sec. 43B. If the owner of the holding neglects to keep his fence, for which this charge has been made, in repair, the Minister may cause such repairs to be executed at the owner's expense, and the value of such work, including costs, &c., and interest, if any, may be recovered as provided for in Section 42.

Sec. 44 (1). An owner of a holding, having an existing charge under the repealed Acts, may give notice in writing before 31st December, 1917, that he elects to take advantage of the following provision of the Act, and thereupon the existing charge shall be cancelled, and a new charge, plus 4 per cent. per annum, shall be executed, payable in 20 equal annual instalments ; in all other respects the provisions of Sections 42 and 43 shall apply, provided that the annual payments shall vary according to the number of years that interest has been already paid, and shall be according to the following scale :—

6 Geo. V., No. 6. 25 Oct., 1915.	LABOUR EXCHANGES ACT.

LABOUR EXCHANGES ACT.

4. The functions of each State Labour Exchange shall be—

(*a*) To bring together intending employers and persons seeking employment ; and

(*b*) To make known the opportunities for self-employment in the State ; and

(*c*) To encourage wage-earners to insure themselves against distress from unemployment ; and

(*d*) To carry out any other duties prescribed.

For any of the above purposes a State Labour Exchange may co-operate with and assist any other labour exchange or licensed private employment exchange.

5. (1.) The Minister, or the Director with the authority of the Minister, may authorise a State Labour Exchange to make advances by way of loans towards meeting the expenses of persons seeking employment or requiring to travel to places where employment has been found for them through a State Labour Exchange.

(2.) When any such advance has been made, the Minister, or Director with the authority of the Minister, may order that the amount of such advance shall be a charge on any moneys which are then or which may thereafter be due to the borrower from his then or future employer (including the Crown), for wages or in respect of work done.

On the making of any such order the employer for the time being of the borrower, or an employer who has not discharged his indebtedness to the borrower, shall on being notified of such order pay such moneys to the Minister, as they become due and payable, in satisfaction of the charge imposed by the order.

Such order may be for the repayment of the amount of such advance in one sum or by such instalments as the Minister or Director may direct.

No charge upon or assignment of his wages, or of moneys in respect of work done or to be done, whenever or however made by the borrower, shall have any force whatever to defeat or affect any such order ; and the same may be made and shall have effect as if no such charge or assignment existed.

7. Every such license shall be in the form prescribed, and, subject to this Act, shall remain in force for one year from the date thereof, but may be renewed.

There shall be payable to the Minister in respect of each such license and any renewal thereof the annual fee of one pound (£1).

Such license, together with a copy of this section, shall be posted in a conspicuous place in the private employment exchange to which it relates.

8. (1). Application for the issue or renewal of such license shall be made to the Minister in the form and in the manner prescribed, and shall be accompanied by the said license fee.

(2.) The Minister shall refer the application to a police magistrate for inquiry as to whether the applicant is from his character or previous conduct a fit person to hold a license.

A license shall not be issued or renewed unless the police magistrate determines that the applicant is a fit person to hold the license.

9. Every licensee of a private employment exchange shall keep as prescribed—

(*a*) A register in which shall be entered the name and address, age, sex, and trade or occupaoccupation of every person who applies to such licensee for employment, and the name and nature of the employment required by him ; and

(*b*) A separate register in which shall be entered the name and address of every person who so applies for labour, and the name and nature of the employment which he offers ; and

(*c*) A further separate register of all engagements made by or through such licensee ; and

(*d*) The originals of all letters received by such licensee, or his agents or servants, in connection with the business of his private employment exchange during the last preceding two years.

Such registers and letters shall at all reasonable hours be open to the inspection and examination of the Minister or any officer of the department appointed by the Minister for the purpose.

10. The regulations may from time to time prescribe a scale of the fees chargeable by and payable to licensees in respect of the business of private employment exchanges, and the said scale of fees shall be posted and kept posted in some conspicuous place in every such exchange so as to be seen by all persons.

11. (1.) A licensee shall not directly or indirectly—

(*a*) Demand or receive from any person, for or in respect of the registration or engagement of any person, any greater or other fees than those prescribed ;

Any sum so received in breach of this provision may be recovered, with full costs of suit, by the person who paid it ;

(*b*) Take or accept any goods or chattels in payment or as security for the payment of such fees or receive or accept any reward or other consideration in addition to such fees ;

(*c*) Give or pay to any employer, or to the foreman or agent of any employer, for or in respect of the hiring of any employee, any share or part of such fees ;

(*d*) Keep as lodgers any persons seeking employment, or have any share or interest in the keeping of a lodging-house for such persons.

(2.) For the purpose of the last preceding provision, a licensee shall be deemed to have such interest as aforesaid if any lodger or lodging-house is kept by any member of the licensee's household.

(3.) Every contract or agreement made between any licensee or member of his household and any other person relating to the keeping as lodgers of persons seeking employment, or to the keeping of a lodging-house for such persons, shall be illegal and void for all purposes.

(4.) An employer, foreman, or agent shall not, directly or indirectly, take or receive from a licensee any share or part of the prescribed fees.

LABOUR EXCHANGES ACT—continued.

12. A licensee shall not publish or cause to be published any false information or make any false promise concerning or relating to work or employment to anyone who registers for employment.

A licensee shall not make or cause to be made any false entries in the registers to be kept as herein prescribed.

13. Where any person who applies for employment or for labour has paid to any licensee a registration fee and such person does not obtain employment or labour through the licensee within one month after registration as aforesaid, then the licensee shall upon demand repay and return to such person the full amount of the fee so paid, less any out-of-pocket expenses incurred by the licensee in respect of such person. The amount of such expenses in case of dispute shall be fixed by the Director :

Provided that such demand is made within thirty days after the expiration of the period aforesaid.

14. (1.) Every conviction against a licensee shall be endorsed on his license by the court before whom such conviction is had, and, upon a third conviction within three years from the first conviction, the license shall be cancelled, and the clerk of the court shall deliver it up to the Minister for that purpose.

(2.) A person whose license has been cancelled shall not be entitled to hold a license until the expiration of one year from the date of such cancellation.

15. A licensee shall not be entitled to maintain an action for the recovery of fees unless at the trial he produces his license.

16. On satisfactory proof of loss or destruction of a license, and on the payment of one shilling, the Minister may, at the request of the licensee, issue a duplicate bearing all endorsements, and such duplicate shall avail for all purposes as if it were the original license.

9. Issuing agents, meaning those agents who are authorised by the Director of Labour to issue passes, may issue railway passes to persons proceeding to, or in search of, employment upon the applicant signing an undertaking to repay, and authority to his employer to deduct, the amount due in respect thereof from his first wages or earnings on the following conditions :—

(*a*) That such applicant is registered and is not indebted to the Government for any previous assistance ; and

(*b*) That employment has been found for the applicant by the Department ; or

(*c*) That the applicant produces a definite engagement from an employer at the place to which he wishes to proceed, the good faith of which has been verified by the agent ; or

(*d*) That the applicant produces a personal guarantee from some responsible person, approved of by the agent, to pay the amount due in respect thereof ; and

(*e*) That all applicants who have been found employment by the Department shall enter into an undertaking for the repayment of half only of the usual railway fares ; all other applicants shall be charged full fares.

(*d*) Where the term of engagement is not definitely stipulated, the maximum fee charged to Females shall be 3/-, and the maximum fee to Males 4/-.

(*e*) Provided that when the engagement entered into by an employee for a definite period is terminated by the employer before such period has expired (through no fault of the employee), such employee will be entitled to a refund of a proportionate amount of the fee paid.

To all employers securing labour a fee not exceeding five shillings (5/-) for each employee so obtained may be charged to such employers.

NOTE.—The amount actually realised bears but a small proportion to the amount sought to be recovered; but it must be borne in mind that in many cases the defendant, on a levy being made, becomes insolvent, and any property seized passes to the Official Trustee for the benefit of the Creditors, and consequently no sale by the Sheriff takes place. Many also of these writs of *fieri facias* were for large amounts, the suitors holding mortgages over and being in possession of the property seized, and were merely lodged for the purpose of obtaining the Sheriff's title for the conveyance of the interest, the purchase money being nominal.

* From 1883 number and tonnage of vessels calling at more than one port in Queensland during same voyage only counted once.

† Prior to 1907 the exports of wool have been taken as the production of wool, scoured being expressed as greasy on the basis that one pound of the former equals two pounds of the latter, except for the years previous to 1866, when greasy and scoured wools were not separated in the Customs returns.

‡ Six months ending 30th June only. § Financial year, 1914-5.
